Major League Stars

New York, Feb. 13.—Baseball history has proved that the players who develop into the major league stars enter the big show unheralded and unsung. Wagner, Mathewson, Speaker, Cobb. Collins, Alexander, Johnson and many others made their entrance under modest and, in many instances, unknown circumstances. Little or nothing was known of Alexander as a minor leaguer. So obscure was he that he was obtained in the draft. He was obliged to prove his worth as a "rocky," and at one time there was some discussion as to whether he would be among those retained during his first year with the Phillies.

HASSETTS LOSE FIRST LIVEBIRD STARS NAME NATIONAL UMPS GAME TO INDEPENDENTS; GIVE FINE EXHIBITION Results of Kansas City Event

Judging from the caliber of basketball displayed in a game with the Harrisburg Independents last night, the Hassett club five is the fastest amateur organization in the city. The game last night was captured by the Independents by a score of 50 to 42.

The Hassett boys did not play very fast during the first period of the contest and the Independents run up the score. Supporters of the Hassett Club were rather pessimistic over the outcome of the game at the close of the first half when the Independents led the score by a good margin.

Hassett Shows Form

At the opening of the second half the Hassett boys made an entirely different appearance and played the Independents off their feet. At the first toss up of the ball in the second half, the Hassett stars got the jump on their opponents and completely outclassed them during the remainder of the contest. The con-

Lemoyne, Feb. 13.—Street car traffic on West Shore lines suffered from two mishaps yesterday. Between 4 and 5 o'clock a loose wheel disabled a New Cumberland car, which held up traffic on the West Shore lines with the exception of Enola and Marysville. Residents going to and from work in Lemoyne, Camp Hill and New Cumberland were compelled to walk. The system was tied up for more than an hour. The second halt in the service came about 10 o'clock, when a blower on one of the boilers at the United Electric plant broke down. This caused the steam pressure to go down and no electric power was generated for the cars. PENN DEFEATS CORNELL Ithaca, N. would have been changed.

With no desire to find fault with Referee Clint White in his work last night, there should have been a neutral referee. Someone always blunders when a championship title series is at stake. White is a good man, but there were many spectators at last night's game who are of the opinion that the result would have been more satisfactory had there been a neutral official. Referee White knows the independent game and is no slouch on national rules, so it is easy for him to overlook some details covered by intercollegiate rules.

If the management of the Harrisburg Independents wants to be fair,

What might be a good thing for a future contest like that of last night would be to have a double referee system. Use the National rule man in the half his game is being played, and reverse the oficials in the second half. The night of Friday, February 22, would be a good time to have the next contest.
