WAS STIFF AND SORE Liver Was Bad -- Was Nervous

Says H. C. Gongee, 311 Chestnut street, Harrisburg. I have been miserable for months, a bad stomach and liver had poisoned my system and gave me bad headaches and nervous spells. I had pains in back and side, and would get hot and feverish. Would get stiff and sore and felt half alive all the time. Sanpan had been so highly recommended to me that I gave it a trial, and my stomach and liver are working fine, my aches and pains are gone and I have completely recovered. Sanpan is being introduced at Keller's Drug Store, 405 Market street, Harrisburg.

Following the report, Miss Alice Lescaure was elected as the vice-

president of the society and plans were made for definite work in the great cause which opens so many avenues of service these days to one and all. President Calls Congress Leaders Into Conference

Washington, Feb. 13.—Talk of compromise between President Wilson and leaders in Congress who want drastic reorganization of war activities has been in the air at the Capitol. Evidence of the chance of an agreement on prospective legislation were seen by leaders in the trend of events within the last few days. The President, according to word at the Capitol to-day, has become convinced of the urgency of a closer co-operation between the White House and Congress. His conference with Senator Overman, Democrat of North Carolina, and Senator Nelson, Republican, of Minnesota, yesterday, it now develops, was the forerunner of a series of talks the President intends having with leaders of both parties in Congress.

Up to now the President has confined his conferences almost exclusively to Democratic Senators, but he has refrained from taking them into his confidence as much as some of them have wished. The development in Congress the last few weeks, however, since the Senate Military Affairs Committee started its investigation into the conduct of the war, have wrought a change. President Wilson is to confer with Republican and Democratic Senators to-morrow at the White House over the bill offered by Senator Overman

to give the President blanket authority in the reorganization of war activities, and also other war legislation either pending or contemplated.

Pneumonia Takes Heavy Toll of Harrisburgers

Mrs. J. Dickey, 1949 Briggs street, 55, colored, died in the Harrisburg Hospital at 4.15 yesterday, of pneumonia. She was delirious when taken to the hospital Monday night. Lewis Rich, who resided at the Metropolitan Annex, died in the Harrisburg Hospital, of pneumonia and a complication of other illnesses, last night. He had been in the hospital some time.

William T. Wicks, 611 Calder street, colored, is seriously ill with pneumonia at the hospital. As he is old, his recovery is doubtful. Hospital authorities announce that the number of pneumonia cases at the hospital this winter has been unprecedented. This is due in part, it is said, to the severity of the winter and to the immigration of a large number of southern negroes here during the past year, who have been unable to stand the rigors of the northern winter. A large number of the pneumonia patients have been colored.

FALSE ALARM FOR FIRE Firemen answered a false alarm from the box at Thirteenth and Market streets this afternoon.
