DISMISSED TECH TEACHER UNDER CLOSE SCRUTINY

Instructor of Pro-German Sympathies Is Naturalized Citizen

Prof. H. A. Liebig, instructor of German and French at the Technical High School, who was dismissed for pro-German sentiments yesterday, is a naturalized citizen of the United States...

Mr. Smith said this morning that if the man is a naturalized American, and makes no treasonable utterances, he can not be prosecuted for his pro-German sentiments.

Prof. Liebig's dismissal yesterday came as the result of several alleged pro-German utterances he made recently. Chief among these utterances was his statement that "no American could teach in Germany."

It is charged that Liebig refused to commit himself as favoring either America or Germany in the present conflict. When urged to state which side he would like to see win the war...

During the recent convention of the school board directors in this city, when Superintendent Samuel Hamilton, of Allegheny, delivered a speech on the best methods of teaching the pupils the difference between autocracy and democracy...

Prof. Liebig came to this city from Sheffield, Conn., last December, to fill the vacancy caused by the death of Prof. Hamilton. He is 55 years old, a graduate of Michigan University, and is declared by Dr. Fager, principal of Technical High School, to be an able scholar.
