A CONSTITUTIONAL REMEDY That Removes the Cause

You Take Cold when you are run down, over-tired — when your blood gets thin and circulation is impaired. At such times coughs and colds get in their destructive work, and just so long as you remain in this debilitated condition, just so long will the cold hang on.

You Cure a Cold by building up your general health. If your blood is good and you sleep well and eat well you will be strong and vigorous. No cold can live in your system if you are well and strong.

The Cod Liver Extractives, Iron, Beef Pertones and Glycerophosphates contained in Vinol make it the best body builder and strength creator money can buy. That is why it removes the cause of coughs and colds.
