

RAILROAD RUMBLES

NEW SHOP ORDER IN EFFECT HERE

Repair Workers Have Been Making Overtime, Including Sundays

Plans for longer hours in railroad shops, in order to hasten repairs, will result in few changes in this city, and along the line of the Pennsylvania Railroad. Reading officials also report that for some time shop employees have been putting in ten-hour days and working on Sundays.

Some Eleven Hours In certain shops, where congestion is most serious, men may be required to work for over eleven hours with overtime pay on the present basis pending consideration by the railroad wage commission. In certain shops arrangements will be made to quit work at 4 p. m. one day of each week and work on Sunday.

To Graduate Apprentices Apprentices who have served three years may be promoted to mechanics' positions and paid the existing rates of wages for that work, the agreement provides that the ratio of mechanics to apprentices shall not exceed 20 per cent.

Several hundred persons, old and young, last night, were in a delightful trip through the Grand Canyon of Arizona. This is one of the many picturesque scenes in the United States, and is noted for its gorgeous scenery.

P. R. R. Yard Brakeman Is Doing Duty in France

JAMES H. BAILEY They used to call him "Had," now Private James H. Bailey, Three Hundred and Twentieth Field Signal Battalion, at Camp Fremont, Palo Alto, California, is "Had" in France.

Notwithstanding some inspired remarks about the State Capitol today there was little disposition to regard an extra session of the general assembly as a probability and the fact that no inquiries as to whether the Departments of Public Printing or Public Grounds and Buildings would be prepared to handle the big lot of extra business that would fall on them in event of an extra session had been made was taken as pretty conclusive evidence that "sentiment had been found against a call."

The Governor will be in Philadelphia about Monday and some authoritative statement is then expected from him. Considerable interest has been aroused here by a first page article in the Philadelphia Evening Ledger last night in which the extra session is declared to be favored by many advocates of the prohibition amendment. The intimation has been given here that prohibition amendment men were behind the suggestion.

The Evening Ledger says in part: "So far as support from ardent advocates of the prohibition amendment is concerned, Governor Brumbaugh has little or no backing in his reported intention to call an extra session of the Legislature to ratify this national legislation. A cursory review of the political situation in every line of thought has developed their opposition, and it may be almost conclusively added that there is objection by the advocates of national prohibition in Philadelphia. It was developed today that such ardent advocates of national prohibition as the Rev. Dr. Carl E. Church, Federation of Dr. Homer Tope, head of the Philadelphia District Anti-Saloon League; Bishop Robert of the Methodist Episcopal Church; the Rev. Dr. Deik, of the Lutheran Church, and other clergymen are against the proposed extra session of the Legislature. Add to this the thought of such laymen as Sylvester S. Marvin, president of the National Biscuit Company; Walter F. Ballinger, leading architect and engineer; George Burnham, Jr., financial and social reformer, not to speak of two of the highest officials of the Pennsylvania Railroad and two of the leading locomotive works, and it becomes readily apparent that Governor Brumbaugh has conceived the idea of an extra session of the Legislature without consulting such factors in the prohibition movement."

Boy Ambitious to Be Ice Dynamiter Boston - How'd you like to be the ice dynamiter? It's the latest in occupations. Ambitious boys about to embark on a career should now consider the profession of ice dynamiter as they do that of the lawyer or doctor. One progressive member of the new band has already realized the power of advertising. In a newspaper advertisement he announces that he is prepared to free ice-bound harbors, wharves and vessels quickly, safely and economically. Anyone owning a frozen river or harbor is invited to call.

SCENE FROM "NOTHING BUT THE TRUTH," RETURNING TO THE ORPHEUM TUESDAY

EVEN THE CLOCK CAN'T TELL THE TRUTH FOR TWENTY-FOUR HOURS "Nothing But the Truth" will be told at the Orpheum next Tuesday, matinee and night, when James Montgomery's play will be seen here for the second time. It is said to be a real farce—that is, a play that betrays laughter and fosters mirth. The hero starts out to win a \$10,000 wager by telling the truth for a certain period, but before half the allotted time has elapsed, he has created havoc among his friends and associates—all in a funny way, that's all. Nothing serious in this play—not a line, scene or situation.

HART JUSTIFIES ALL ADMIRATION

Appears in Beautiful Photoplay, "Blue Blazes' Rawden" at Regent "Blue Blazes' Rawden," which was shown for the first time at the Regent Theater yesterday, is a thrilling melodrama and a feature as a glance at the title implies starring William S. Hart, the greatest delineator of western character parts. Judging from the attendance at all exhibitions of Hart photoplays, Harrisburg is going crazy over the noted star. The admiration he everywhere receives is fully justified by his performance in "Blue Blazes' Rawden," his latest vehicle. As in former appearances, he is his usual fine, silent, dominating and smouldering self.

AMUSEMENTS MAJESTIC BILL IS PLEASING

Vaudeville Program Includes Fine Music and Plenty of Comedy

With Lew Welch and Company and the Six Kirksmith Sisters as leading attractions on the bill, the Majestic vaudeville offering on the bill, the Majestic program for the last half of the week is equal to the best that has been presented in this city this season. A novelty is furnished in the opening act, the usual musical comedy, give a boxing match while on wheels. The "serp" is a laughable one, and serves as a line closer for the bill. Alf Grant, monolog artist, has a long string of jokes, some of them given in close order, the audience missing them entirely. His song numbers are clever, and one of them is a new version of the "Five-and-Ten." "The Prodigal Father," Lew Welch's comedy, is fairly successful in continuing the comedy part of the show. Lew was remembered by that few in the audience last night, but should have been given a better reception. Miller and Lyles, coldred comedians start the laughter almost as soon as they came on, and keep up their jokes until the audience almost pleads for a let-up as they get their breath. The boxing match, given as an eccentric dance, is well played.

OPHEIUM Tuesday, matinee and night, February 26—"Nothing But the Truth," Wednesday, matinee and night, February 27—"Uncle Tom's Cabin." MAJESTIC High Grade of Vaudeville. To-day and to-morrow—Alice Brady in "Woman and Wife." Coming soon—Everybody's favorite, Mabel Normand, in "Dodging a Million."

REGENT To-day and to-morrow—William S. Hart in "Blue Blazes' Rawden," Monday, Tuesday and Wednesday—J. Stuart Blackton presents "The World For Sale," and the Mack-Sennett comedy, "The Hidden Purpose." VICTORIA To-day—"The Strong Way," starring June Elvidge. To-morrow—"Treasure Island," presented by William Fox.

Nothing But the Truth" will be seen at the Orpheum for a return engagement. Tuesday, matinee and night, it comes with the highest "comedy" combination of neighboring cities, as the highest type of farcical play, and will be interpreted by a cast that could be desired in a play whose sole mission is to create laughter and divert the thoughts of neighboring cities. The plot of this play is unique, as the story of the story creates nothing but complications and upsets. Each scene is a laugh or a scream, and the whole forms what has been pronounced a great, big telling tribute to good nature.

"The World For Sale" at Regent Next Week A story that breathes the very essence of the out-of-doors and the charm of gypsy love, together with a love story of unusual interest, is Sir Gilbert Parker's "The World For Sale," which was chosen by J. Stuart Blackton for his first release since transferring his activities to Paramount, and which will be exhibited at the Regent on Monday, Tuesday and Wednesday of next week. The heroes are laid in Canada and deal with the fued between two small townships, one a French Canadian, the other strongly English, as well as with the adventures of Max Ingobly, who is one of the three men in love with the heroine, the heroine. How he wins out, although handicapped by the temporary loss of his eyesight and a deep hatred of his two rivals, makes a thrilling photoplay, which will linger in the memory as a fragrant breeze from Romya's itself.
