Fourth Term; Politics Lively north Term;

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25-cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel, You can wear shoes a size smaller if you desire.—Adv.

when they returned to the Mayor's office late in the afternoon, they were unanimous in declaring that a general clean-up must be made soon.

Caught in the Act

Two ash collectors who were unloading small wagons filled with refuse were ordered to report at the Mayor's office this afternoon. The men were found dumping in North Third street, above Seneca. Mayor Keister declared private collectors must observe city ordinances and use public dumps.

The trip yesterday was started at the Mayor's office. Going south in Front street to Iron alley, the officials were shown conditions in River Front Park there. Piles of ashes have been dumped all over the lawn, under trees and even at the top of the wooden steps leading down to the concrete walk. At these steps the path is impassable.

Turning east in Hanna street the party went over the Dock street, or all the vacant lots refuse is scattered everywhere. In many of the places some of the ashes have been dumped on the paved street beside the curb.

Dumped in Roadway

At Thirteenth and Paxton streets, just south of the bridge over the railing has been started. Ashes, ting can be placed and other refuse is dumped all along the roadway, and north of the bridge there are a few ash heaps in the middle of the street.

The next stop was at the Shimmell school building. Here one of the most disgraceful sights exist. Last fall Commissioner Lynch kept

What action Council will take to provide for a cleanup was not decided. Commissioner Lynch after the tour was over declared that he had not shown the officials all the places he had intended ot because of the cold weather, but the commissioners admitted they had seen action must be taken.

Whether the reduction company will comply with the request of the city to make a general cleanup has not been learned, by the officials as the company has made no reply to the letter sent by Commissioner Hassier.

SYSTEM CHANGE

Judge Sadler Tells Cumberland Directors That Many Draftees Are Illiterate

Carlisle, Pa., Feb. 22.—Considering the problems caused by the war, considering the problems caused by School Directors' Association met as the problems of the body. A number of important of the body. A number of officers featured.

In his opening address of welcome discussions and the election of the state, laying particular stress upon the part county men had played. He brought out the little known fact that Thaddeus Stevens, known as the "Father of the School System," had been an attorney at the county bar and had appeared as counsel in the very room where the directors met in the McClintock and Kauffman underground railroad cases.

Advising a change in the system in vogue, Judge Sadler called attention to the astonishing figures shown by a review of one-third of the draft questionnaires. He stated that four per cent. of the men could not even sign their names; seven per cent. could do no more than this and fourteen per cent, were unable to spell the simplest words, a lamentable fact under a compulsory school system, more astonishing, also when the small foreign population is considered.

The following officers were elected; president, W. A. McLaughlis.
