

KWANIS CLUB TO LAUNCH NEW WAR FUND DRIVE

Each Member to Raise \$20 For Salvation Army Work in Camps

Reports of the first half-day's work on the Salvation Army War Fund Drive will be heard at the Kiwanis Club luncheon to-morrow noon. Harrisburg's quota for the drive is \$2,000. The campaign will be launched to-morrow morning, and there is every indication that the hundred and more Kiwanis Club members will easily go "over the top" with the campaign.

The Kiwanis Club at a recent meeting, volunteered to be the campaign committee for the big drive. The civic welfare committee at the last luncheon held last Thursday, suggested plans to be perfected at to-morrow's luncheon.

These are critical times, men. These are times when every effort must be made to support every piece of war work. So says a recent letter sent each Kiwanis Club member. Every club member is asked to raise \$20 for the fund.

ACTRESS GIVES RECIPE FOR GRAY HAIR

A Well Known Actress Tells How to Darken Gray Hair With a Simple Home Made Mixture.

Joice Williams, the well known American actress, who was recently playing at the Imperial Theatre in St. Louis, Mo., made the following statement about gray hair and how to darken it:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, make it glossy, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Blue Compound, and 1/2 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look 20 years younger. It does not color the scalp, is not greasy or greasy and does not rub off.

THRASHING HOUR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a rosy, even color, which is noticeable as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been used. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears but what delights the ladies with Wyeth's Sage and Sulphur Compound is that besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

COUNCIL TO GET BUSY AGAIN ON ASH PROBLEMS

Can't See Way Clear Yet to Arrange For Regular Collections

After weeks of delay Council yesterday afternoon at its adjourned meeting took another step toward clearing up the ash situation by appointing a chief inspector and an assistant for the new Bureau of Garbage and Ash Inspection, authorized late last year and provided for in the 1918 budget passed during the first week of January.

No action was taken on the warding of a contract for ash collections with the exception that the commissioners decided to return the retained ash to the bidder, but to hold the proposals for the present.

Harry F. Sheesley, 901 South Ninth street, will make chief inspector in the Ash and Garbage Inspection Bureau, and George J. Hutton, 1839 North Fourth street, assistant.

Contract of finance is required to certify on the back of a contract the amount of money which has been appropriated to pay for the work, and in case there is not a sufficient amount the city is not liable and the contract is void.

Among the notable scenes of Wm. H. The transformation, entitled "The Celestial City," is the most magnificent tableau ever conceived. In offering his revival to our city, Wm. H. Kibbles' "Uncle Tom's Cabin" effects are superior to any other attempted with an "Uncle Tom's Cabin" Company.

Tuesday, matinee and night, will find parents taking their boys and girls to the Orpheum Theatre, "Hans and Fritz" where funny little boys and girls will have a grand time.

Having established himself as one of the foremost delineators of intricate social position types, H. B. Walthall on screen has borne the title of "The Avenging Trail" to-day and to-morrow in "His Robe of Honor," which marks his departure from the Victoria Theatre.

One of the most unusual railroad trips ever filmed is an interesting feature of the Victoria Theatre, "The Arctic Circle" to-day and to-morrow. This trip takes spectators amid the snow-capped peaks and glacier torrents. Built of timber, the railway bed is frequently washed away by freshets. So the trip, which leads into the Alaskan interior, has its element of danger. The Howe tourists, seated in their comfortable chairs, are of course, quite unaware of the peril that surrounds them. The Yukon railroad trip is part of a picturesque and comprehensive tour of Alaska, which is featured on the headline program.

An array of clever Keith acts are appearing on the vaudeville program appearing on the vaudeville program appearing on the vaudeville program.
