Camp Meade Soldiers to Go Over First, Is Authoritative Rumor

Camp Meade, Md., Feb. 26.—The greatest honor that can be accorded to a division of the National Army has been virtually won and sealed by Little Penn organization, for it is the first unit in Uncle Sam's new fighting force to reach France.

That the Liberty division, known officially as the Seventy-ninth, will depart for Over There in advance of other units in the National Army has been assured, for the war chiefs at Washington are now making plans to that end.

This information comes from an authoritative source, and coupled with the news, which is highly pleasing to the Little Penn, comes the additional information that the organization will make its departure before the advent of real summer weather.

General Joseph E. Kuhn, commander of the division, who recently returned from France, is now here at the Meade and scheduled to remain here until his boys go over. He will go with them and lead the Sammees of Pennsylvania, Maryland and District of Columbia against the Huns.

Insurance Authority to Speak at Dinner

Dr. Solomon S. Huebner, of the Wharton School of Finance and Commerce University of Pennsylvania, will address the Central Pennsylvania Association of Life Underwriters this evening at a dinner at the Engineers' Club. Dr. Huebner is an authority on life insurance. Guests will include many of the Wharton school students in Harrisburg.

CUTICURA HEALS PAINFUL PIMPLES

On Limbs, Hands and Face, Scaled Over, Itching and Could Not Sleep.

"I saw a small pimple on my arm and I scratched it constantly until I was full of pimples on my limbs, hands, and face. The pimples pained most severely and scaled over. The itching made me tear my clothing, and I could not sleep."

"I saw Cuticura advertised. I sent for a free sample and afterward purchased a cake of Cuticura Soap and a box of Cuticura Ointment. I was healed." (Signed) Charles Reiff, 174 Monroe St., New York City, Sept. 21, 1917.

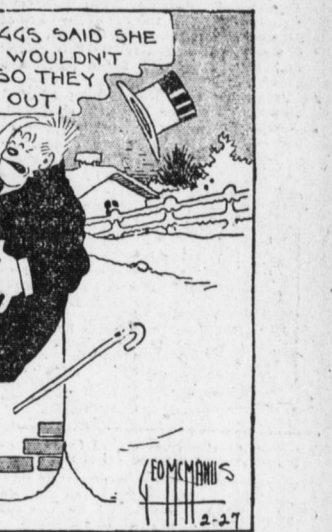

For hair and skin health Cuticura Soap and Ointment are supreme.

Sample Each Free by Mail. Address postcard "Cuticura, Dept. H, Boston." Sold everywhere. Soap 25c. Ointment 25c and 50c.

Your Health Depends Upon Your Kidneys

Many organs take part in assimilation of food, and a number are active in eliminating those portions of the food which are not taken into the blood for the upbuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief. Warner's Safe Kidney and Liver Remedy was compounded over 40 years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by its wide-spread sale and

Bringing Up Father

O'Neil Awards Two Road Contracts

State Highway Commissioner J. Denny O'Neil to-day awarded the contract for the improvement of a section of the Perryville plank road, in Allegheny county, approximately 4.5 miles long, to Austin and Matthews, at their bid price of \$138,213.70. This is a very important road and is a link in the Perry highway, connecting Pittsburgh with Lake Erie.

A contract was also awarded to Vicenzo Di Giorno, for the construction of a road approximately seven miles in length, on state highway route 18, in Lycoming county, for \$226,434.90. The type of construction is to be reinforced concrete. This is an important link in what eventually will become the great north and south route through Pennsylvania.

In making the above awards, the State Highway Department is carrying out a well-defined policy of constructing only the most important roads and those that eventually will become links in a definite system connecting the important centers of the state and which will relieve congestion and can be considered economic necessities.

SIX ENEMY ALIENS GET CARDS FROM POLICE

Six enemy aliens have applied to the police for their registration cards. When the aliens appear for their cards, their finger prints are put on them, before they are given out. The Germans who registered must collect their cards from the police station before March 1. Captain Thompson said this morning.

Any unaturalized German who is found after March 1 without a card will be liable to arrest and internment.

Bethesda Mission Head to Celebrate "Birthday"

To-morrow evening at 7.45 o'clock John Fulton, superintendent of Bethesda Mission, 107 1/2 South Second street, will tell his own story of conversion from the life he led while a saloonkeeper. Thursday is the seventh anniversary of this important event in the Bethesda Mission superintendent's career and he is anxious that as many as possible come to hear his narrative. He gave up a valuable booze-selling establishment when he determined to turn over a new leaf and as a mission worker he has made many warm friends in this city. Mr. Fulton calls the occasion his "spiritual birthday."

Transit Company Refuses Seeds

Complaint that the Philadelphia Rapid Transit Company had refused to haul seeds for planting, fertilizer materials and similar articles used in agriculture and gardening, notwithstanding the fact that the employment on such things had been refused, was filed with the Public Service Commission to-day by the Henry F. Mitchell Co., of Philadelphia. It declares that such shipments were refused, a direct complaint to the president unanswered and that the only satisfaction that could be obtained at the office of the company was that only four of the eleven freight cars of the system were in operation. The complaint will be sent to the company for answer.

The answer of the transit company to the complaints against its service by the city of Philadelphia of the borough of Germantown against commission by a special delivery this morning.

The borough of Forty Fort to-day filed a complaint against the increased fares of the Wilkes-Barre Railways and service of the Wilmore Rural Telephone Company, Cambria county, was attacked in a complaint by patrons.

Commissioner Brecht to-day heard the complaint of Chester E. Albright and others of Germantown against the rates of the Eastern Pennsylvania Light, Heat and Power Company.

No objection was offered to the application of the Pure Oil Companies of Pennsylvania, New Jersey and Ohio for certain changes in holdings of licenses whereby leases were made to the Ohio Company.

ONE SUBSTITUTE NOT NECESSARY FOR BAKERS

It is not necessary that the baker limit himself to one substitute, but let him to-day from Washington points out. Substitutes may be combined in arriving at the 20 per cent. mixture, and combinations may be found which will materially improve the quality of bread produced by any one substitute.

It is suggested, for example, that instead of using eight pounds of potatoes to eighty pounds of flour, that this amount be cut to forty pounds of potatoes, which is equivalent to ten pounds of wheat flour substitute, ten pounds of cornmeal and eighty pounds of wheat flour. There is some objection to potatoes because it is necessary to cook them and also because of the large amount of moisture which retain after cooking. Some mixtures of rice and corn have been found to work better than corn alone. Potatoes and another substitute will work better than potatoes alone.

PAIR CHARGED BY HUSBAND

Franko N. Sukunda, aged 29, and Mary Konesok, 29, were arrested by Detective Shuler, this morning, and taken to Connelville by Constable Butler, of that place, to face serious charges. The pair was located in South Ninth street.

About a week ago the pair left Connelville after Sukunda is said to have stolen several hundred dollars from Hogan Koral, the husband of Mary Konesok.

Hope to Get \$1,000 Flood Sufferers' Fund This Week

The Flood Relief Fund underwritten by the Harrisburg Chamber of Commerce is being slowly subscribed by patriotic citizens of Harrisburg. The fund for \$1,000, but only \$537.50 has been subscribed toward the total. It is hoped to secure the total amount before Saturday night.

The latest contributions received were: Mrs. E. G. Taggart, \$5; Mrs. Elizabeth C. Kunkel, \$10; John R. Henry, \$5; J. Grant Schwarz, \$10; Cash, \$2; Moose Lodge, \$25; Rev. Dr. Ellis N. Kremer, \$3.

CANADA SHIES AT BRYAN

Ottawa, Can., Feb. 27.—W. J. Bryan, ex-Secretary of State of the United States, has been invited to attend the Ottawa prohibition convention which opens at Toronto. The Toronto News, in a big, front-page editorial, demands that the invitation be canceled.

"It was an outrage against the susceptibilities of the community," says the News, "to invite him here at this time. Canadians can never forget that but for him and men like him the allies would have had a less difficult task than they face to-day. Mr. Bryan has no message upon prohibition or upon any other topic that can interest the people of Toronto or Canada at the present time."

THE FOUR OF HEARTS

A SERIAL OF YOUTH AND ROMANCE
By VIRGINIA VAN DE WATER

Copyright, 1918, Star Co.

Cynthia had been reading aloud for an hour and a half. Now she closed her book at the suggestion of Edward Van Saun.

"You must be tired," he said. "Are you getting drowsy? Have taxed your good nature long enough?"

"I have enjoyed reading," she replied, glancing at the volume in her hand. "It is strange what a fascination Peter Ibbotson has for me. I am glad I never read it before, for sharing it with another makes it doubly charming."

The wind howled about the house and the snow drifted against the door.

"It is storming harder than ever," Cynthia remarked. "I shall enjoy my tramp back home. I love walking in the snow."

"I will order a cab for you," Edward Van Saun began, but was checked by the ringing of the telephone.

"Yes, son," he replied as Milton asked a question over the wire. "She is still here. No, I have no intention of allowing her to walk; you might know that."

Cynthia felt her face flushing. "I like to walk," she protested. Her companion held up a warning hand. "Yes, Milton," he continued, "I understand. But it is not necessary for you to bring a taxi, as I can telephone for one."

"I can't do that," she said. "I have no intention of leaving the house until you are here. I will surely keep her until she comes. You say that Gerald is coming with you? Very well."

"It was Milton," Mr. Van Saun explained unnecessarily to the listening girl as he returned the receiver to its hook. "He says the traveling is so bad that he is coming uptown in a taxi, bringing Stewart to dinner with him. He wants you to remain until he arrives, and he will take you home in the cab."

"But I can walk," Cynthia retorted. "Really, I do not mind."

Chairman Hays Begins Series of Conferences

Washington, Feb. 27.—Chairman Hays of the Republican National Committee began a series of conferences here to-day with party leaders at national headquarters after a formal call at the Capitol on Senator Gallinger, of New Hampshire, Republican leader in the Senate and on Representative Woods of Iowa, chairman of the Republican Congressional Campaign Committee. Mr. Hays was a guest of Indiana Republican Representatives at a luncheon.

The national election of 1920, it was said to-day, will for the time be lost sight of and the efforts of Chairman Hays and the Republican organization will be devoted to the coming House and Senatorial contests.

Seed Corn Sought by Western States

Pennsylvania seed corn, especially that raised in Lancaster, Dauphin, Berks, York and other southeastern counties, is being sought by representatives of farmers and seed houses in Michigan, Ohio and other middle western states. Men were here to-day seeking information where to procure corn for seed. The State Bureau of Agriculture has been buying corn for farmers in this state, has taken the position that it must meet Pennsylvania demands first, but will co-operate with men from other states as far as possible.

Rescue Steamers Visit Scene of Florizel Wreck Seeking More Survivors

St. John's N. F., Feb. 27.—Rescue steamers were ordered to-day to investigate a report received here that signals from the Red Cross liner Florizel, wrecked Sunday morning near Cape Race, indicated persons were alive on the vessel.

Although agents of Bowring and Company, owners of the line, expressed doubt that any survivors remained aboard the ship after 48 hours, the Florizel was brought here, the captain of the steamer Terra Nova which was near the scene, was ordered by wireless to make an immediate search of the wreckage. Earlier reports had stated that the Florizel was rapidly breaking up, and that it was difficult for small boats to reach her.

All told there were 126 persons on the Florizel when she sailed from New York and of this number 92 were lost. The Florizel was hoisted and lying in a dangerous position when the survivors were taken off. Government authorities affirmed the report that the signals had come from the ship said that while this might be true it was unlikely that survivors were aboard to-day.

Advice to the Lovelorn

By BEATRICE FAIRFAX "KEEPING COMPANY"

DEAR MISS FAIRFAX: Will you kindly advise me whether it is proper for a young man who is keeping steady company to go out with other girls. They love each other very much, but the young man is under the impression that it is proper to go out with other girls, whereas the girl believes it is not.

Also whether it is right for a young man to present a small piece of jewelry to a girl with whom he is keeping steady company, and has serious intentions, but is not quite engaged, whereas the girl believes it is not right, or is it right to wait until he gives her the engagement ring before making other small jewelry gifts?

The phrase "keeping company" is one of my pet aversions. People are either engaged or they are not; even an "understanding" is a sort of tentative engagement. It means that when the people concerned are in a position to announce their engagement, they will do so. "Keeping company" is like having a refusal of an apartment

marked. "Now—to Mr. Van Saun, your son will not have to take me home in his taxi."

"Oh, was Milton getting a taxi for you?" Dora questioned.

Edward Van Saun hastened to explain the situation. "He and Stewart are coming up in a cab anyway," he added.

Dora's face changed. "So Gerald is coming, too, is he? Then why can't I send my car away and let the boys take both Cynthia and me home?"

Cynthia interposed. "I think it would be better for us both to go home in your car, now, Dora, and spare them the necessity of sending either of us home."

"I will get on my hat and coat at once," Dora stopped her, laughing and flushing. "I have a better plan to suggest," she said impulsively. "Since Milton is so crazy to act as your escort let him do it. And I will have Gerald drive around in my car with me. Then both men can return here in their taxi."

As she saw the look of astonishment on the faces of her listeners, she laughed again with a self-consciousness unusual to her.

BLACK JACK

We Are No Stronger Than Our Fighting Blood

Physical Fitness Our Sole Reliance.

The great world struggle will be won by stamina. Courage without physical fitness is absolutely worthless. That is why our great army is made up only of men who are without the slightest physical defect.

But there is a constant warfare closer home, that you are vitally interested in. It is the warfare of disease against your health, a struggle that is always going on, and one for which you must always keep your system prepared.

And your blood supply is the fortress upon which you must depend. If it is kept pure and free from any weakening influence, the germs of disease cannot find lodgment, but are promptly expelled, and good health is assured.

But you should take no chances with this mainstay of defense. Impure blood tends to creep into your blood and so weaken your system that it is unable to resist even the most ordinary ailments. This means the beginning of the attack, which will result in the undermining of your health.

S. S. S., the world's most renowned blood purifier, keeps the blood absolutely pure and free of every trace of impurity. This great old remedy, which has been in constant use for more than fifty years, keeps the system in perfect condition by purifying the blood and cleansing it thoroughly. White for valuable booklet about the blood supply, sent free by Swift Specific Co., A. 211, Swift Laboratory, Atlanta, Ga.
