WAR GARDEN CROP IS TO BE DOUBLED

State College Expert Helps City Authorities to Make Plans; Plot to Cost \$1.50

Harrisburg is out for another record. This time the object is to double last year's garden products and John R. Bechtel, extension specialist of State Colege, is in town Mr. Bechtel was engaged yesterday

now getting the campaign started.
Mr. Bechtel was engaged yesterday
in conferring with the agricultural
committee of the Chamber of Commerce and the Harrisburg school
board. To-day he was very busy
with the students of Central High
and Technical High, the grammar
grades in the western section of the
city and some on Allison Hill. This
afternoon there was a second conference with the Chamber of Commerce supervisors and to-night the
garden expert will speak in Steelton
High School.

It is pretty generally understood
now by all America that winning
the war depends on our food product. Last year this city made a
beginning which was creditable. On
the plots furnished by the Chamber
of Commerce \$7,800 worth of food
was grown. The schoolchildren are
credited with producing \$2,100
worth. To double this, up-to-date
methods will be employed by Shirley B. Watts, who is in charge of
the Commerce plots. He intends
to give each gardener information
as to how to get the best results; to
provide a booklet which will spectify how, when and what to plant.
Supervisors will be detailed to be at
at the different war gardens at certain hours each day to give any information to help make the gardens
a success. This year there will be
a small charge of \$1.50 for a plot,
the cost of tractors and other accessories being considerable. Mr.
Watts said to-day that he expected
to have the land ready for allotment early in April, this depending
somewhat on the weather.
