

U. S. Government Failure, Opinion of Hexamer, Head of German Body

Washington, March 1.—Further testimony against the National German-American Alliance, charged with being an unpatriotic and disloyal organization, was given the Senate judiciary investigating subcommittee yesterday by Henry C. Campbell, assistant editor of the Milwaukee Journal who said he had made an investigation of the workings of the alliance and into the activities and private opinions of some of its officers.

Eight-Hour Day For Packing Industry Men, Is Plea of Gompers

Chicago, March 1.—Samuel Gompers, president of the American Federation of Labor, made a stirring appeal yesterday in behalf of an eight-hour day for employes in the meat-packing industry at the stockyards wage arbitration. He appeared as a witness for the employes and his testimony was eagerly listened to by "Mother" Mary Jones, an organizer for the United Mine Workers, and several hundred other representatives of organized labor from all sections of the country.

ALLIES PRESS FOR U. S. REPLY ON SIBERIA

Japan's proposed action without qualification and the plea is made in some quarters that she ought implicitly to be trusted and given a free hand. Washington, March 1.—An early decision may be reached on the momentous question whether America and the Entente Allies shall join Japan in a campaign in Eastern Siberia to counteract possible German activities in that quarter and save the great supply of military stores accumulated at Vladivostok and in other points on the Siberian railway.

Two Loaves of Bread a Week Is Suggested Ration

Philadelphia, March 1.—Two loaves a week is all the bread that any person should eat now. So asserted yesterday Jay Cooke, 3d, Federal Food Administrator for Philadelphia.

PLAN RECRUITING DRIVE The drive to enlist men in the Canadian and British armies will be conducted during the coming week, among British and Canadian subjects between the ages of 15 and 56. It is explained that the older men will serve behind the lines. At a meeting of the executive committee of the recruiting mission last night, it was said that the Canadian and British subjects are doing a greater service by enlisting in the British rather than the American Army. This was explained by the fact that the man power is drained so low in England that a man lost in battle can hardly be replaced.

TELLS OF WAR GARDENS School children were stirred to a resolve to cultivate war gardens this year by the lively discourse yesterday of John H. Bechtel, State College extension specialist. Mr. Bechtel reached a good number of city schools and at each one impressed on the scholars the necessity of raising crops, no matter how small the plot. He explained the proper way to plant war gardens and gave the state for planting certain vegetables. This war, he said, was bringing the farmers and city people together, the reason being that each seeks to co-operate with the other in a common defense.

TO GIVE LECTURE SERIES The first of a series of six lectures will be delivered this evening in the men's room of Boyd Memorial building by Mrs. John A. Boyd, her subject being "Introduction and Outline of the Sidelights on Genesis."

TAX RETURNS ARE DUE Prospective income and excessive profit taxpayers are urged to file their income tax returns just as soon as possible. Although the time has been extended from March 1 to April 1, it was pointed out that this should not result in delay. The office of the Internal Revenue Building on the second floor of the Spooner building, 3 North Second street, may be closed any day. At present the office is open to dispense advice to prospective taxpayers.

TO EXAMINE DRAFTERS City Draft Board No. 2, has announced that it will hold examinations three times a week until all the men in Class A-I have been examined. Only three men of ten referred to the Medical Advisory Board were disqualified, the rest being registered for general military service. The board expects to have this work finished by March 1.

FOOD WILL WIN THE WAR — DON'T WASTE IT

WM. STROUSE

THE MAN'S STORE OF HARRISBURG

The End

Of Our Final Reduction Sale Is Saturday

That's about all we need to tell men who are on the job. There's going to be a rush here on Saturday—and we can feel it in our bones. And by all the rules of the game there OUGHT to be. Here are suits and overcoats selling at prices that would make an ordinary store's hair stand on end. But it's the BIG way we do things; it's the policy of our store that we STICK to; it's what we have started out to do and what we are doing—that has made this store the one BIG PROGRESSIVE MAN'S STORE OF HARRISBURG. And the men who come here tomorrow and get their clothes are going to remember the day.

The Standard Family Remedy for Children and Grown-Ups

Constipation is a condition that has to be guarded against from infancy to old age. Dr. Caldwell's Syrup Pepsin, a combination of simple laxative herbs with pepsin, acts easily and naturally and is as safe and pleasant for children as it is effective on even the strongest constitution.

All Druggists—50 cts. and \$1.00
A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 457 Washington St., Monticello, Ill.

How to Make Your Own Complexion Treatment at Home

A Free Ointment Prescription Does Its Work Overnight
New York: "It is my own discovery, and it takes just one night to get such marvelous results," says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says. "I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it! All this change in a single night! I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents' worth of ordinary oatmeal, and from any drug store a bottle of derwillo. Prepare the oatmeal as directed in every package of derwillo and apply at night and morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend it for a sallow skin, freckles, tan spots, coarse pores, rough skin, redness, wrinkles and in fact, every blemish on the face, hands and arms are healed. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and ungainly the hands and arms, or what abuses they have had through hard work and exposure to sun and wind, this oatmeal-derwillo combination will work a wonderful transformation in 12 hours at the most.

Doctor said, "Bio-feren had done wonders for her."

Case 1724—School teacher; Residence—Kentucky; severe operation; left her weak, anemic, nervous; low vitality. Physician recommended Bio-feren. Two weeks' treatment showed remarkable improvement. Doctor reported, "Bio-feren had done wonders for her."
Another case—Pennsylvanian, reports: "I have taken about one-half of the Bio-feren pellets and must confess that I feel like new."
A Kentuckian woman says: "I have taken Bio-feren regularly and feel much benefited. I can use my arms much better. However, can not get my hands to my head sufficiently to comb my hair, but I feel that I will soon be able to do that."
You want the vigorous health and ruddy beauty that is dependent on strength, nerves and red blood. Everybody does. Read those reports above, again. You, too, if you are dragged down in health and strength because of overwork, worry, nerves, and similar causes can rebuild your health and strength with Bio-feren. It is not a stimulant. It is a builder—a builder of better health.
Bio-feren contains some of the best ingredients known to the medical world, and is indicated for the treatment of run-down conditions due to overwork, worry, anemia, melancholia, nervous debility, debility following infectious diseases, convalescence from acute fevers, etc.
There is no secret nor mystery about Bio-feren. Every package shows the elements it contains. Ask your physician about it, or have him write and we will send him complete formula.
And don't forget that Bio-feren is sold only on condition that you will return the empty package and allow us to refund your purchase price if, for any reason, you are not fully satisfied. Please bear that in mind for it is very important.
Bio-feren sells at \$1.00 for a large package. Your druggist can supply you or we will send it direct upon receipt of \$1.00; six packages for \$5.00, should you have any trouble in securing it. The Sentinal Remedies Company, Masonic Temple, Cincinnati, Ohio.

Issue Approaches Crisis

It is learned that the issue now is approaching the critical point in the opinion of the Japanese government, which has concluded that some such action as it proposes to take in Siberia is imperative as a defensive measure against German aggression and control of the wreck of the late governmental machinery in Siberia.

Such information as the officials have been able to gather regarding the conditions in Siberia, indicate that most of the larger cities and towns in the interior and along the line of the Siberian Railroad are now under the control of the Bolsheviks. In that country this element is composed of exiles and descendants of exiles of European Russia, who are filled with hatred of monarchial institutions and imbued with anarchistic doctrine, and so may be counted as radical supporters of the Bolshevik government. Their numbers are not known, but they are the dominating force in a considerable portion of Siberia.

Conditions in Vladivostok are confusing. There are a number of Bolsheviks in the town, but this, after all, is under control, for the present, of a local Zemstvo, which has paid little attention to orders issued from Petrograd, and the conservative forces are greatly strengthened by the presence in the harbor of two Japanese cruisers.

German Prisoners Dangerous Some 20,000 German prisoners of war were distributed along the line of the Siberian railroad, but a number of these have been shipped to Europe, and it is not known how many remain. They would present a dangerous element, comprising many veteran soldiers able to organize the untrained Russians into a considerable force. The aboriginal inhabitants are regarded as a negligible quantity, and though there are about 600,000 Chinese farmers who have immigrated into the country, they are counted upon to mind their own business and take no part in any military operations.

Speech Takes Second Place Japan's proposal for action in Siberia has crowded German Chancellor von Hertling's speech into second place in the consideration of officials here and there were indications today that decisions were being formed which soon would show themselves in some arrangement of an international character to prevent the vast stores at Vladivostok and control of the trans-Siberian railway from falling into the hands of the advancing Germans.

The expectation that President Wilson was planning to address Congress very soon in reply to von Hertling's speech was dissipated today by evidences that the President is making no such plans at this time and probably does not consider it necessary to reply to the German Chancellor for the present at least. Before the President speaks there doubtless will be an interchange of views with London and Paris so that if Mr. Wilson speaks he will express the view of all the co-belligerents as on previous occasions.

Outward indications to-day were that the President was studying the question of American participation with the Japanese in Siberia to the exclusion of other subjects.
SINGERS PLEASE AT CHURCH Old melodies, lullabies of the Southland, and selections from the classics were included on a delightful program given by Masonic Jubilee Singers at the St. Paul's Baptist Church, Cameron and State streets, last night. Old-fashioned, readable, songs, solos and instrumental selections were given in a very charming manner by these southern singers, who pleased their audiences greatly. A part of the proceeds of the concert will go for materials for the work of the Red Cross auxiliary of the church.

HONOR SIR KNIGHTS

A roll of honor containing the names of twenty members of Phoenix Lodge, No. 59, Knights of Pythias, now in service was unveiled last night when the local members celebrated the 5th anniversary of this order's foundation. Past Chancellor S. Duncan Wyle, made the presentation speech, and E. Z. Gross replied.

James Burris, with trombone, and Jacob Smith, accompanist, contributed to a fine musical program. Just before serving of refreshments, letters were read from members of the lodge who are working for Uncle Sam.
