SUIT TO COMPEL DEED TRANSFER

Harrisburg Corporation Refused Right to Building It Claims to Have Bought Sunbury, Pa., March 1.—Alleging that E. S. Parker, of Lewistown, refuses to deliver a deed for the property of the Sunbury Ice and Storage Company, which it says it bought in February of last year, the Anthracite Fuel Briquette Company, of Harrisburg, yesterday brought suit in the northern district of Lancaster county, in an effort to secure title.

According to the plaintiff, the ice plant, in which many thousands of dollars was lost because its product could not compete with the plentiful supply of natural ice available here, was sold at receivers' sale to J. Harris Lenker, of Sunbury; John E. Whitaker, of Harrisburg, and E. S. Parker and G. B. M. Wischaupt, of Lewistown. The buyers it is alleged, agreed to sell the plant to the Anthracite Fuel Briquette Company for \$27,000 in cash, \$6,000 in the preferred stock of the corporation, and \$14,000 in common stock. Two hundred dollars was paid and receipted for. The new owner immediately started changing the plant to manufacture fuel briquettes and spent \$14,500.25.

On January 23, of this year, they asserted they tendered full payment of the plant. J. Harris Lenker, as managing partner, signed a receipt for the full payment of the money and had completed a deed for transfer. Signed by Lenker and Whitaker, the deed was forwarded to Wischaupt, it is claimed, but according to their statements, it has not been returned or signed by either Wischaupt or Parker.

It is alleged that both refuse to sign, and that Wischaupt holds the deed and will not return it. They ask a restraining order to prevent the encumbrance of the title until the courts can finally determine the issue. The property is located in the second business section of Sunbury and is said to be worth upwards of \$50,000.
