And it is of the utmost importance that her physical comfort be our first thought.

There is a most splendid remedy for this purpose, known as Mother's Friend. It is applied over the muscles of the stomach, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives and pain and danger at the crisis is naturally less.

Mother's Friend is for external use only, is absolutely safe and wonderfully effective, it enables the expectant mother to preserve her health and strength and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany such an occasion.
