WE may all go back to Pork on Saturdays, according

· to news dispatches. But we are asked to save just a little more wheat for our men in Europe.

America can't ship corn so well because it requires so much space in the holds of the ships-and besides Europe has no equipment with which to grind corn.

Let us eat the corn, the oats, the barley and the rice-AND NOT MUCH WHEAT.

counties for two years has been started and many letters in support of the plan have been received to gether with some petitions. One of the interesting things about the petitions is that a number of counties wish to add to the list of game to be protected. Schuylkill, where wild turkeys are now protect ed, wishes to add quail as well as ruffed grouse to the list. Washing-ton would protect quail, too. It seems that because of the severe winter and the consequent loss of quail many sportsmen believe that there should be a closed season on "Bob White" as well a, the ruffed beauty and an agitation is under way. Some of the barted turded on quail because of the value of the birds to farmers, notably in destruction of potato bugs.
