

LONDON LEADER DISCUSSES WAR LABOR POLICY

Appeals For Abolition of Secret Diplomacy; Asks League of Nations

HENDERSON QUILTS SEAT May Contest For Place in Southern Division, Near London

London, March 5.—The campaign for the next general election already has begun, Arthur Henderson, former member of the War Council, finding that statesmen and diplomats of the Labor Party compels him to spend most of his time in London, has decided to resign his seat in the House of Commons from the Barnard Castle division of Durham and has been invited to contest the southern division of Eastham.

Mr. Henderson addressed a meeting last night in Eastham, making a strong appeal for the abolition of secret diplomacy, for peace by conciliation and for a league of nations. He said that before the war began the people had entrusted foreign affairs to statesmen and diplomats and were paying dearly for their neglect. It had to be recognized that no greater disaster had occurred in the course of the war than the fatal omission to do the utmost to keep Premier Kerensky and his government in power in Russia. The people must stand on their guard against a repetition of the same fatal policy over a wider field.

Prussian Triumph Unlikely It is highly improbable, Mr. Henderson declared, that the war can be ended by a decisive Prussian military triumph which might end the process of exhaustion, and that meant a continuance of the war, with all its horrors, until the destruction of human life and material of one or the other of the belligerents made continuation impossible. Such a continuation would be a disaster of the first magnitude to mankind.

There remains, he said, a third alternative—a policy of conciliation through the combined forces of labor and socialism to secure a real peoples' peace. That did not mean a surrender to the enemy, or a patched-up peace, or peace at any price, nor did it mean the people are willing to concede German brutality or to leave Germany with all her power for mischief unimpeded.

What the policy of conciliation meant was the destruction of militarism not only in Germany but everywhere.

Rectifies Labor Aims Mr. Henderson then recited the well-known aims of the Labor party, including a league of nations. He said that such a league implied the complete democratization of the machinery of government in all countries, the suppression of the greed of diplomacy and the publication of treaties, which must never contravene the stipulations of the league of nations. It meant the concerted abolition of compulsory military service in all countries to be prepared for by a common limitation of armaments and also that every suggestion of an economic boycott or of the financial or commercial isolation of Germany, and the German people, and Russia made the possibility of peace by conciliation much more remote. The people must convince the German people that victory for such ruthless militarism would fasten permanently upon democratic nations the awful burden of armaments and enforced service, and that the greater the German success on the battlefield the more remote was world peace.

FIRE STATION PLAN BEFORE COUNCIL

(Continued from First Page.)

a machine shop for repair work to any parts of apparatus. The most important improvement in connection with the plan would be to provide fire-proof quarters for the alarm system. At present all the circuits from all districts in the city are connected on main trunks running to police headquarters and the entire mechanism is not protected. Any slight damage to the main lines by fire would put the whole alarm system out of service.

Sites in View Commissioner Gross states in his report that he has several sites in view in the business district of the city. In fact it is decided in the near future to carry out the central station plan, it is likely options may be secured on one or two of these sites.

A paid fire department also was recommended by the underwriters, Commissioner Gross reporting the suggestion again to Council.

Need of another pumping engine on the Hill district at the Royal Fire Company house is pointed out, the official suggesting the purchase of an additional piece of apparatus or the transfer of one of the other engines.

At present there are two pumps between Yerkes street and the city line at the west end of the city, while there is only one pump in the entire Hill district.

Tells of Motorization Much of the report is devoted to an explanation of the motorization of the department, which was completed last year after a delay of almost a year from the time the \$60,000 loan was authorized for the purpose. The motorization included tractorizing four engines, purchasing two triple combination pumps, six chemical wagons and two ladder trucks at a total cost of \$57,499.60. During the year \$6,000 was spent for new hose, \$750 for hose-driers and small sums for other improvements.

An investigation by the underwriters after all these changes had been made resulted in a reduction of five cents on the fifteen-cent penalty added several years ago because of inadequate fire-fighting facilities.

Because of the transfer of the Citizen and Mt. Vernon Fire Companies and the motorization of the other pieces, it has been necessary to make alterations at some of the firehouses. This was done and the expense paid for by funds raised by the sale of horses, harness and other equipment not needed by the various companies.

During 1917 the department responded to 107 box alarms and 180 telephone calls. The fire loss for the city reached a new low record, totaling \$97,805, of which \$63,000 was caused by two fires in frame garages.

Calls from nearby towns which were answered by city companies included Penbrook, Wolf apartment house; Highville, four Hill; Penbrook, Fishburn warehouse; Steelton, Hoffer flour mill; White Hill, two houses and garage; Marysville, department store; Lucknow, two houses.

CARLISLE AVIATION UNIT GOES TO COLUMBUS

Carlisle, Pa., March 5.—Cumberland county's first formal aviation unit left here on Saturday evening. The men went to Harrisburg and from there to Columbus, Ohio. There were eight in all, the squad being formed by William L. Rubenstein, of Harrisburg, in charge of this branch of recruiting. Other enlistments in other commands and the recent forming of a contingent for the motor mechanics regiment kept down the total secured. The men were presented with comfort kits by the Carlisle Red Cross.

Those in the unit are: Chester L. Matthews, George S. Koser, Russell W. Pals, Mechanicsburg; George Sheaffer and Lawrence G. Smith, Carlisle; Boyd V. Enck, Allen; Ralph H. Smith, New Cumberland; Chas. E. Malver, Shippensburg.

Nation Will Send 26 Ships to Sea in March New York, March 5.—Twenty-six complete vessels will be placed in operation by the shipyards and men of the United States during this month, and thirty-four additional vessels will be launched.

Edward N. Hurley, chairman of the United States shipping board, made that announcement Sunday night in an impromptu address at an Army and Navy benefit performance at the Hippodrome.

"It will take millions of tons of shipping to overcome the menace of the submarine," he said, "but with the American workmen and efficient management of the shipyards I am optimistic as to the tonnage we will produce this year."

"We have 130 shipyards with 700 ways and 500,000 men, who should produce 1,000 ships," he concluded, "is now getting into its stride."

William Perchart dies. Newville, Pa., March 5.—Mrs. Emmeline Perchart, wife of William Perchart, died on Sunday morning after an illness of about a year. Mrs. Perchart was a member of St. Paul's Lutheran Church, and was about 72 years old. Besides her husband she is survived by these children: Mrs. John Hurley, Mrs. Ed. Negley, Mrs. Michael Perchart, Mrs. Carl Philbaum, Mrs. John Throne, Mrs. Jacob Mixell, Mrs. James Drexler and Edward Perchart. Funeral services will be held to-morrow morning at 10 o'clock and burial will be made in Prospect Hill Cemetery.

College student dies. Annville, Pa., March 5.—Word has been received here of the death yesterday of Homer Ramsey, a junior in college at Gettysburg, his home in Lemaster, Franklin county. He was about 23 years old and was a member of the College Glee Club and of the choir of the United Brethren Church. Death was due to tuberculosis.

Boas Street M. B. Haviland, railroad engineer, 313 Boas St., says: "I have used Doan's Kidney Pills several times in the past few years and I sincerely advise their use to anyone troubled by their kidneys. Whenever my back has been weak or lame and has ached, or the kidney secretions have been irregular in passage, I have bought a box or so of Doan's Kidney Pills at Clark's Drug Store and they have never failed to rid me of the complaint."

N. Third Street Mrs. L. W. Moore, 935 N. Third St., says: "Ever since an operation a year ago, I have had trouble with my kidneys. My back always felt weak and pained me almost constantly. My kidneys were weak and I had very little control over them. I felt all run down and my nerves were in an awful condition. One of the family has taken Doan's Kidney Pills and was so wonderfully benefited that I decided to use them. I am glad to say they did me a great deal of good." (Statement given Aug. 23, 1914.)

N. Fifth Street E. A. Backenstoss, railroad brakeman, 1606 N. Fifth St., says: "I have used Doan's Kidney Pills on different occasions, when I have had pain across my kidneys and it has only required a few doses to relieve me. I couldn't recommend anything better than Doan's Kidney Pills for backache and I never hesitate in doing so whenever I hear anyone complaining of their kidneys."

N. Sixth Street Mrs. Margaret Cleland, 1410 N. Sixth St., says: "Oh and on, for the past five years my kidneys have been congested from pain in my back and my kidneys have been congested. I have taken Doan's Kidney Pills and have had fine results. At times I have had inflammation of the bladder and my kidneys have been annoying in different ways. This trouble has always come on with a dull headache and my sight has become blurry. Before taking Doan's Kidney Pills, I had tried other remedies, but Doan's has always brought the most help; curing me of these attacks and making me feel like a different woman."

Peffer Street E. E. Dare, 430 Peffer St., says: "Several years ago I was laid up with lumbago for days at a time. When I had these attacks, I was helpless. I couldn't move without a knife-like pain across my kidneys. When I was able to get around, I was completely exhausted and when I did, I couldn't straighten up. I couldn't rest nights on account of the pains in my back. The kidney secretions passed too frequently and contained sediment. I got no relief to speak of until I used Doan's Kidney Pills. After I had taken them a few days, I went back to work. That sharp pain in my back disappeared and I was able to get around as well as ever." (Some time later Mr. Dare said: "It is only when I catch cold now I have to use Doan's Kidney Pills, but when I do, I always get good results.")

Tagblatt Records Reveal Help Given by German Alliance; Solicited Funds

Philadelphia, March 5.—Records from the papers of the Philadelphia Tagblatt now in the hands of United States District Attorney Kane, pending the trial of its editors and other officials for treason will be used by the Senate in its inquiry into the activities of the German-American Alliance and Dr. C. J. Hexamer, of this city.

These records show not only that the alliance, which did nothing in the Red Cross or Liberty Bond campaigns, collected a fund for the defense of the editors of the Tagblatt, even going to soldiers at Camp Meade for contributions, but also prove more sinister connections between the alliance and the newspaper.

REAL ESTATE BOARD MEETING The Harrisburg Real Estate Board will meet at luncheon Wednesday, at 12 o'clock, at the Senate Hotel. Matters important to every member of the board will be discussed.

What Head of the Alliance Stood For "We have before us a bitter struggle. We can only wage it successfully if we are united. Whoever casts aside his Germanism like an old glove is not fit to be spit upon. He is a contemptible hound. We have long suffered under the preaching that we must be assimilated and merge in the American people, but no one will ever find us prepared to descend to an inferior culture."

From speech of President C. J. Hexamer, of the German-American Alliance, 1915.

Big Wireless Plant in Tower of New York Building Is Seized New York, March 5.—Wireless apparatus sufficiently powerful to communicate with Germany, which was in the possession of Richard Frund, at one time manager of the German Telefunken plants at Sayville, N. Y., and Tuckerton, N. J., was seized Sunday by federal officials, it became known yesterday. The outfit was found in a room in the tower of the office building at 111 Broadway. While it was disconnected, it could have been set up in half an hour, experts says.
