EXPECT BATTLE ROYAL TONIGHT WHEN TECH MEETS CENTRAL IN TITLE CONTEST

Central High Team To Stage Comeback; Blue and Gray Dope

Central High is going after Tech tessers to-night. No matter what has happened in previous games, the Blue and Gray cagers are not whipped yet. From Central camp comes the following:

The majority of people believe that Tech is going to have easy sailins, but Central supporters think just the opposite, and are backing their team to the limit. Tech is at the head of the Central Pennsylvania League with a record of six games won and two lost. Central is fourth with four games won and four games lost. Tech's record, therefore, is much better than Central's, thereby making them the favorites. However, ing them the favorites. However, ing them the favorites the well and the next game they would play like a bunch of grammar school boys.

Central Takes Brace

After Central suffered a defeat at the hands of the Harrisburg Acade try several weeks ago they braced up and surprised all the dopesters by defeating York High, score 30-24.

The next night they walloped Reading High, score 30-24. That game Central five played a brand of basketball which if they equal to-night may bring victory.

Last Friday and Saturday they layed at Reading and Allentown, from the field, but had too many fouls called on them to with the game. Because the games between these two schools are always more important than any other, the Central crowd believes that their team is going to stage another. They would play surprised on the same grammar school team. Both are the far the surface of the game of the earning and will be paired off some the fatest forwards in the league. The best shots in the league Captain Wolfe has been playing a fine difference was sailins. Fields the sampler of the game for Tech. Fields the playing and the game for Tech. Fields t

Cincinnati, March 7 .-- C. Styles of Detroit, topped the high score in the individual event and by bowling 702 went into the lead in the indivi dual standing at the American Bowl ing Congress tournament yesterday and came within nine pins of equal-ling the world's record made by W. H. Pierce, of Pueblo, Col., at Peoria,

in 1915.

Styles started his wonderful bowling by making 247 in his first game, added 233 in his second and, despite the fact that he got two bad breaks in the two initial frames of his final game, finished out in grand style by bowling 222.

G. Leonard, of Detroit, Styles' partner in the doubles also bowled well in his singles, going into fifth place with 672. Leonard shot 235 i finis first game, 227 in his second, and finished with a 210 score. In their doubles matches, however, Leonard and Styles fell far below the average, finishing their games with 1,077, Leonard getting 580 and Styles 497.

NAPOLEON LAJOIE

When the International League disbands on March 25, the Toronto Club will release Napoleon Lajoie to the Indianapolis team of the American Association. Lajoie will replace Jack Hendricks as manager of the Hoosiers and also play first base. His career in the American Association will be watched with interest. If he can build up a pennant winner, as he did with Torento last year, he may secure a managerial position in the majors next year.

Merle Harris Leading

in Pennsylvania League

Pittston, March 7.—Merle Harris, speedy forward on the Pittston Club, has stepped into leadership of the individual scorers in the Penn State Basketball League.

Since Kane has been dropped by Wilkes-Barre, Harris' closest rival is Dick Leary, now with Hazleton, and the Pittston boy has a margin of 18 points over Leary, and promises to still hold the scoring crown when the season closes, on March 16.

Harris is classed as an "amateur" in the Penn State, since all his clasue experience has been in that circuit. He has spent his entire the retree has been in that circuit.
