ROBERT TEMPEST TO GIVE RECITAL

Well-Known Musician to Play For Benefit of Junior Red Cross

Steelton has been fortunate in securing Robert Tempest, of Carlisle, well-known musician to give a recital in the High school auditorium on March 22, according to an announcement this morning by Prof. W. M. Harclerode, instructor of music in the local schools.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is tongue coated, breath feverish and stomach sour? California Syrup of Figs can't harm tender stomach, liver, bowels

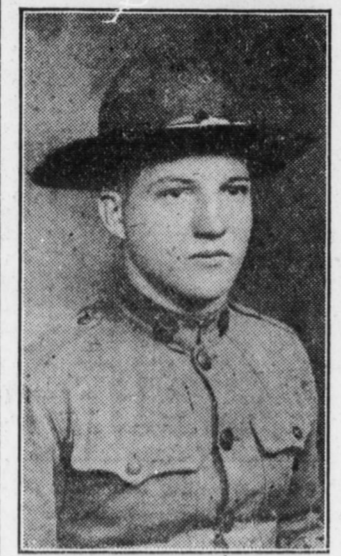

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailments, give a teaspoonful of California Syrup of Figs, then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again.

Why Nuxated Iron Helps Increase Strength and Energy

By Enriching The Blood and Creating Thousands of New Red Blood Cells, It Often Quickly Transforms The Flabby Flesh, Toneless Tissues and Pallid Cheeks of Weak Anaemic Men and Women Into a Glow of Health—

Now Being Used By Over Three Million People Annually. There are thousands of men and women who need a strength and blood builder, but do not know what to take. There is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up their energy in the strenuous strain of the great business competition of the day. People need more iron in their blood than was the case twenty or thirty years ago. This because of the demoralizing effects of which now is served daily in thousands of homes, and also because of the demands for greater resistance necessary to offset the greater number of health hazards, to be met at every turn. Therefore you should supply the iron deficiency in your food by using the form of organic iron, just as you would use salt when your food has not enough salt. Organic iron is one of the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run down, instead of doing as they do with habit-forming drugs, stimulants, and alcoholic beverages, there are probably thousands who might readily build up their red blood corpuscles, increase their physical energy and get themselves into a condition to ward off the millions of diseases that are almost continually around us. It is surprising how many people suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can walk without becoming tired. Next, take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength and again see how much you have gained. Nervous, run-down people may increase their strength and endurance in from ten to fourteen days' time while taking Nuxated Iron in the proper form. And this after they have in some cases been going on for months without getting benefit from anything. Many an athlete and prizefighter has won the day simply because he knew the secret of great strength and endurance which comes from having plenty of iron in the blood, while many another has gone down in ignominious defeat simply for lack of iron. If you want a true tonic and blood builder, you should get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble then purchase only Nuxated Iron in its original package and see that this particular name (Nuxated Iron) appears on the package. If you have taken other iron preparations and failed to get results, remember that such products are an entirely different thing from Nuxated Iron. NOTE: Nuxated Iron is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the stomach, make them black, nor upset the stomach. Nuxated Iron is not recommended for use in cases of acute illness, but only as a tonic, strength and blood builder. If in doubt as to whether or not you need a tonic, ask your doctor, as we do not wish to sell you Nuxated Iron if you do not require it. If you should use it and it does not help you, notify us (name and address on every bottle) and we will return your money. It is sold by all druggists. Groll Kellar, G. A. Gorgas, J. Nelson Clark.

Steelton Boy Is First Class Private in Army

WILLIAM M. ENNEY First Class Private William M. Enney, son of Mr. and Mrs. William F. Enney, 973 South Front street, Steelton, is stationed at Camp Hancock with Company I, 112th Infantry, who enlisted in April and left for Camp in September.

STEELTON COUPLE MARRIED Miss Clara Sease and George Bowlers, of Steelton, were married yesterday by the Rev. C. B. Segelken in the Presbyterian Manse, Walnut street. The newly-married couple are on a wedding trip and on their return home they will take up their residence at 275 Myers street.

MIDDLETOWN

Burgess S. B. Gingrich, who had been confined to his bed for the past week, is out of bed and is able to walk. Miss Kathryn Essig entertained a number of friends at her home, South Union street, at a social evening. The moulting department of the Wincroft Stove Works will resume work on Monday morning after being shutdown on account of being out of coke. The funeral of A. L. Erb, will be held at his home, Lower Swatara township, Sunday morning, at 10 o'clock. The Rev. M. L. Deitzler will officiate. The body will be taken to Reich's church, East Donegal township, where services will be held Sunday afternoon, at 1:30 p. m. The Rev. T. C. Moore, pastor of the local Presbyterian Church, of town, will officiate. Burial will be made in the cemetery adjoining the church. The regular monthly meeting of the Mothers' Congress Circle was held at the home of Mrs. F. Destrlich, North Union street, this afternoon. The star of Bethlehem, Lodge, No. 45, Order of Shepherds of Bethlehem, will meet this evening. All members are requested to be present, as several new candidates will be initiated. W. L. Bailey, of Ann street, filed a petition with the court yesterday to appoint a trustee for the property of Second Ward, Middletown, to succeed E. H. Pickle, who resigned.

PERSONALS—William Galbraith, 311 Walnut street, who has been ill for some time, is improved today. Roy Thomas, of the One Hundred and Twelfth Infantry Medical Corps, stationed at Camp Hancock, is spending some time at his home, 305 Pine street, Dr. J. L. Gallagher has returned from New York City, where he visited his son, Edmond Gallagher, at the embarkation camp. The younger Gallagher is a member of the Seventh Engineers. To Lift Quarantine.—The quarantine for smallpox on the apartment house at Front and Adams streets will be lifted to-morrow, Health Inspector Butler announced to-day. Fifty persons have been quarantined in the building for eighteen days.

State Moves on Grade Crossings

The State Highway Department to-day brought complaints before the Public Service Commission against three grade crossings in Northampton county, alleging them to be dangerous and asking for abatement. The proceedings, which are similar to those instituted in Dauphin, Mercer and other counties, are on the ground that the crossings are on state main highways. The Delaware, Lackawanna and Western and Lehigh and New England railroads are complained against, the crossings being in Lower Mt. Bethel and Washington townships. The city of Conneleysville to-day petitioned the Commission to fix a price at which it can acquire the Conneleysville Water Co. and operate it as a municipal enterprise. The service is alleged to be inadequate and rates unsatisfactory, while an attack is made upon the increases of capital made by the company. The Philadelphia Rapid Transit Co. and the Henry F. Mitchell Co., Philadelphia, have reached an agreement regarding shipments of seeds and agricultural supplies, which it had been alleged were refused, and the complaint was withdrawn. The hearings in the complaint of the City of Lebanon against the Ephrata and Lebanon Traction Co. have been canceled, an agreement being reached, but the Leininger complaint will be heard later.

Arrested in France's Notorious Bolo Scandal

Recent announcements made by the French Ministry of the Interior are that Senator Charles Humbert, accused in the recent Bolo Pasha Caliaux scandal has been arrested. He is the proprietor of the Paris Journal, through which, it is charged, Bolo directed his pro-German and pacifist activities. He sold a big part of his interest in the Paris Journal to Bolo for \$5,000,000 and, according to his statement, later returned this money with the announcement that he had been deceived by the "peace" plotter, Bolo.

Fair Food Prices

Table listing various food items and their prices, including Beans, Creamery, Cornmeal, Flour, Potatoes, and Sugar.

The following statement, revised to March 8, regarding fair prices for food necessities, was issued to-day by the local Federal Food Administration. Consumer prices are figured on a quotation "cash-and-carry" basis. Credit and delivery prices may be higher. The Federal Food Administration has no authority to fix prices. It may, however, determine what are fair prices, based on reasonable profits to the wholesaler and retailer. If your retailer charges more on a "cash-and-carry" basis than the prices named below, report him by letter to the Federal Food Administration, Chamber of Commerce.

Negro Fighter Has Digit Chopped From Hand So He Can Stay in War

Paris—After having been taken out of the trenches because of his stiff index finger, and fearing that he would be invalided out of the war entirely, "Bob" Scanlon, the American negro prize fighter who has been in the French Foreign Legion for nearly three years, recently went to London and ordered the surgeon of a military hospital there to "chop" his finger off. The surgeon demurred. "Chop it off," demanded Scanlon. Then, seeing the doubtful look in the surgeon's eyes, Scanlon added quickly: "Oh, I'm no slacker. I don't want that finger off so I can't pull a trigger again. My middle finger's still good and they won't have me around with my fore-finger stiff. I can convince them I've used my middle finger from childhood and then they'll let me go back to the boys in the Legion."

OVER STUDY RUINED STUDENT'S HEALTH

But Now She Is Well and Strong and Ready to Tackle Her Studies. Tanlac is a favorite in the Umland family, for Miss Mildred is the third member to be benefited by this Master Medicine. During the past winter she applied herself too closely to her studies with the result that the strain told on her vitality. She felt tired, run-down, nervous and had little or no appetite. When the summer vacation did not seem to rest her as it should, her father, who lives at 719 Nineteenth street, Harrisburg, and who had himself been greatly benefited by Tanlac, decided that he would see if it would build up his daughter's health. Miss Mildred started taking Tanlac under his direction and the result was far beyond his expectations for the improvement in her condition was immediately noticeable. Miss Umland says: "That tired feeling left me and I am now ready for hard work at my studies." Tanlac is now being introduced here at Gorgas' Drug Store.

CHINA MAY AID JAPAN IN EVENT OF RUSS CRISIS

Nipponese Government Will Welcome Co-operation, London Hears

London, March 8.—Japan, according to a dispatch from Tien-Tsin to the Daily Mail, is reported to have intimated that she would welcome Chinese co-operation in the event that extreme measures were necessary in Siberia, thus desiring to demonstrate her unselfishness. The Chinese government, it is added, is said to have obtained documentary proof that the Germans have made definite offers of assistance to Russian revolutionary leaders if they would cause trouble. The documents are reported to mention Germany's intention to use released German war prisoners in Siberia against China's northern frontiers. China hopes to secure Japanese and American financial assistance to meet the expense of the northern expeditionary forces.

show that he has properly complied with the draft requirements, and takes the place of the registrant card he secured June 5. Instances have been detected where drafted men send their certificates of final classification to other registrants who evade the draft by exhibiting the card to draft officials when they inquired into the status of the registrant regarding the draft.

Inducted Men Must Give Up Cards Before Leaving City For Cantonments

Local boards were authorized this morning that when they accept a registrant for induction for service in some special branch of the service, they must secure his certificate of final classification before accepting him. Where his certificate of final classification is not to be secured, the registrant must give a detailed and accurate report of how he deposited it. This report is sent to the Adjutant General who in turn sends it to the Provost Marshal General. This measure is necessary to prevent the illegitimate use of the certificate by another registrant. The certificate of final classification is the card which a registrant carries to

"I Bring Florida's Sunshine to You"

Physicians and food experts agree that more oranges and grapefruit should be eaten. The United States Food Administration favors their more extensive use, that meats, grains and other solid foods may be saved for our soldiers and our allies.

Sealdsweet Oranges and Grapefruit Tree-Ripened and Sanitarily Handled

The oranges and grapefruit you get under the Sealdsweet trademark are as pure, juicy, sweet and full-flavored as if picked from your own grove. Sealdsweet oranges and grapefruit are grown by members of the Florida Citrus Exchange and marketed by this cooperative organization of grove owners. Buy these fruits from dealers but write us for free book. Ask your dealer for Sealdsweet oranges and grapefruit. He can get them for you—urge him to do so. If he just won't, find a near-by store that sells them. Write us for free book, "The Health Fruits of Florida." It contains tried and proven recipes for the use of oranges and grapefruit in cookery, confections, etc.
