Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practical states.

or. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

In eloquent language, praised the work of the forum along educational lines, and commended the colored race warmly for its service to the matter took 14000 years for the white race to raise from slavery to their present position, but it has only taken the colored race fifty years ent elevation, which is equal with that of the white race." declared sent of the years of years of

To Protect Deer-Some of the To Protect Deer—Some of the seven counties of Pennsylvania whose special closed season on deer will expire this year, will ask for extensions to further propagation plans. There are over a score of counties in which deer hunting has been forbidden for the last three or four years, and through operation of the game petition law inquiries have been made as to procedure for extensions. Dr. Joseph Kalbfus, Secretary of the State Game Commission, says that the movement for closing of counties to ruffed grouse shooting is widely supported.

For the second time this year, a 45-mile gale swept the city yesterday, bringing in its wake a temperature of 20 degrees, which will last, according to the local weather bureau, several days. Considerable damage was done about the town by the high wind yesterday. Parts of the cupola of the Derry Street United Brethren Church was blown off while the church services were in progress. Several flat boats on the river were swamped.

MEN'S LEAGUE ELECTS OFFICERS FOR THE YEAR

ator at Gettysburg College on Friday, May 17. All exercises incident to commencement have been eliminated this year except the baccalaureate sermon and the commencement day program. This has been done to give all the time possible for the completion of the course of study before the early closing of school. Along with the exercises of the day however, it is planned to have Mr. Taft review the Gettysburg College Battalion of the Reserve Officers Training Corps. It is said that this is the first time in history that any Lutheran college in America has been honored on its commencement day by having a President or expresident William Howard Taft.

Strive To Have

Next time you are in a gathering of women note the different condi-tions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth some dry and rough, some smooth and greasy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosty, the ekin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good company of the powder does not show on the firm vigorous skin. Every woman can have a good com-plexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin, Nature's own nerve restorer, and put into your blood the invigorating from which Nature intended it to have for health. In most of the medern foods these and other vitalizing elements have been largely eliminated. Yet to be bealthy and beautiful the system must have them. They are found in Bio-feren, not only in prop-er proportions to restore weakened er proportions to restore weakened vitality but in such form as the system can best assimilate them.

A treatment of lecithin and iron peptonate as combined in Blo-feren increases the appetite, sids nutrition and invigorates the patient.
