MECHANICSBURG'S HOUSE PROBLEM

Great Demand For Dwellings by Men Employed at Harrisburg Industries

Mechanicsburg, Pa., March 13.—
Demand for houses in Mechanicsourg increases each day and there appears no way in which it can be met. Real estate dealers are besieged by people wanting to renthouses here, but owing to scarcity in that lipe, must simply take names of the applicants in case some unexpected move may be made. Many people who work at Harrisburg are seeking homes here on account of the convenience of travel.

Several men who live at Shepherdstown and walk three and one-half miles in the morning to Mechanicsburg to take the car to Harrisburg, and return the same distance in the evening, searched the town for a house, but without avail. One woman, who had a house to rent and placed a card to that effect said that in the three days' time ten persons applied for it. Mechanicsburg would increase rapidly in population if the people could be supplied with homes.

Camp Fire Girls Place Melting Pot For Red Cross

Mechanicsburg, Pa., March 13.—
The Kittatinny Camp Fire Girls placed a melting pot in the window of the Lucas drug store in East Main street yesterday for the purpose of receiving old jewelry, old gold, silver, plafinum, coins, false teeth and old kid gloves. The proceeds are to go to the Red Cross with the exception of old kid gloves, which are to be used to make vests for the soldiers. The girls have also placed lookes in different stores to receive tin foil for funds for the War Chest of the Camp Fire Girls of America. Boy Scouts are co-operating in the cause and giving assistance in every possible way.

down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more dangerous kidney troubles.

Dr. Kilmer's Swamp-Root which, so many people say, soon heals and strengthens the kidneys, is a splended kidney, liver and bladder medicine, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it.

Constantly Ahead in Fashions

We have been selling Spring garments for the past six weeks. Those who purchased then are strictly in accord with the modes of the current season.

It would be impractical for us to set apart a day for a special fashion display—as our stocks are being constantly replenished to keep them up to the standard we have set for the service this establishment provides for its patrons.

When we decide on the modes for the season, it is after studying the trend of fashion—and Schleisner's label whether on women's or men's garments, signifies the authoritative and the ultra-fashionable.

¶ Our lines are complete with the authentic modes. There is nothing we can do to make that fact more impressive.

¶ And especially in times like these when one desires to be correctly attired without unnecessary expenditure, Schleisner's garments are all the more to be desired.

It has been the policy of this store to be unique. To accomplish the purpose it has always been necessary to present the advance modes. And this policy we cannot change without losing the distinguishing features of Schleisner's.

While we are in accord with the merchants of the city in all matters of business betterment the unique position this establishment holds as the ultra-fashion mark necessitates a constant portrayal of the advance modes.

I You are invited to inspect our fashions whenever you choose and as often as you wish. The more you keep in touch with our store the better versed will you be in what is authoritative.
