serious diseases quickly develop from neglected colds and those who are weakened and run-down are easy victims. But if the system is given strength, if the impurities are driven from the blood and the nerve tissues fed with a wholesome and strength-giving food medicine such as Father John's Medicine, there is no danger in the change of season.

The danger in using patent medicines is from the stimulants and dangerous drugs which many of them depend on for their temporary effect. Because it is free from alcohol, narcotics and dangerous drugs, Father John's Medicine has had 60 years of success as a tonic and body builder, and in the treatment of coughs and colds.

"EXPERIENCE" AT ORPHEUM

Play by Hobart Well Received When Presented in City Again

"Experience," George V. Hobart's successful play, which was presented in the city last year, is again listed for an entire week at the Orpheum theater. The cast which is playing in the production this time is even better than the one which appeared last year, making the play more enjoyable than ever.

Many will remember the story of "Experience," while others may have read it. Those who have not seen the play will find that there is much to be learned and plenty of enjoyment in the lines. Hobart's taking care to relieve the monotony of the serious side at times.

The play is given in ten episodes, depicting the adventures of Youth in life. Starting first with Ambition as his friend he meets Experience, then forgets Ambition and lured by the Primrose path seeks as Pleasure, Dance, Song, Passion, Intoxication and many others, fall him when he is without money.

Youth next tries to regain his wealth in the corridors of Chance, then comes to the Street of Disillusion and only is saved after he has gone through the House of Last Resort, Street of Repose, House of Louis and Street of Forgotten Days. There is a very happy ending when Youth finally is reunited with Love and finds that Ambition has only been sleeping and is not dead.

Among the best in the cast were William Ingersoll, as Experience; Raymond VanSickle, Youth; Marie Horns, Pleasure; Arthur Holcombe, Opportunity; John Todd, Work; William Betts, Grouch; Edna Andrus, Frailty; Harry J. Lane, Poverty; Phil M. Sheridan, Delusion; and George T. Meetch, Crime.

"Experience" is one of the best of the late American plays and will be known for a long time as one of the most creditable productions ever given on the stage.

RED CROSS GETS GARMENTS Many garments have already been received at headquarters of the Harrisburg Chapter, American Red Cross, in response to an appeal for castoff clothing for the refugees in Belgium and Northern France.

Oh My But I Was Miserable" She Cries

Was So Weak and Pain Wracked She Could Not Walk Upstairs

"I can't think of enough good things to say in praise of Tanlac," says Mrs. Leah Stoudt, of 315 Cherry street, Reading, Pa., "for it has certainly proved a blessing to me."

"Oh my but I was miserable! I was all run down and in constant agony with rheumatism.

A friend of mine, Sallie Riegel, urged me to try Tanlac and I can say very glad I took her advice for I began to get better right away. I could feel my strength coming back and the pain all stopped after I began rubbing the sore joints with Kilmosan Oil.

"Now I feel so good I can hardly realize that I am the same person that used to have to go upstairs on her hands and knees.

"The wonderful Tanlac medicines have done it all and I am glad to recommend them to all who are afflicted with rheumatism for I know relief will follow their use."

Tanlac is now being introduced here at Gorgas' Drug Store.

WHY MARCH IS THE MOST DANGEROUS MONTH

March is the most dangerous month of the year because the changing seasons and sudden changes in weather conditions are more than good many systems can stand. Too often it is true that the sick "last only until spring."

At this time also grip and pneumonia endanger many lives. Three

Delicate Children. Rapidly-growing children need more vitality and more nutriment than adults, but the appetite often becomes fift; over-study, restless nights, and mal-assimilation of food soon make them weak, delicate and sickly.

LITTLE BOY MADE STRONG "My little boy was in a delicate, weak, emaciated condition and had a cough so we had to keep him out of school for a year. Nothing seemed to help him until Vinol was recommended, and the change it made in him was remarkable. It has built him up and made him strong so his cough is almost entirely gone. We can not recommend Vinol too highly."
