CUT OUT MEATS IF KIDNEYS ARE TROUBLING YOU

Uric Acid in meat excites Kidneys and Irritates the Bladder.

Noted Authority says we must flush Kidneys with Salts if Back hurts.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine.

Constructing Third Track to Help Reading Traffic

The Reading Railway Company is now regarded by the government as the shortest route from the west and southwest to the east, and as a result, great quantities of freight are now turned over to that company.

He said that the Reading was more than thirty miles shorter than the Baltimore and Ohio, and twenty-three miles shorter than the Pennsylvania.
