Relieve Your Indigestion With A Laxative

Dyspeptics know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin.

The laxative herbs act on the bowels and the pepsin and extracts on the digestive tract, forming an exceptionally effective laxative-tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

NO INCREASE
In spite of enormous increased laboratory costs due to the War the manufacturer of Dr. Caldwell's Syrup Pepsin are sacrificing their profits and absorbing the war taxes, so that this family laxative may remain at the former price of 50c and \$1 a large bottle. So sold by druggists for 26 years
