#### Six Reading Teachers Discharged by Board

Reading, Pa., March 21.—Suspension of six instructors of the Boys' High school after they had struck last week because they claimed that President Wanner, of the school board, accused them of being progerman, was made permanent at a meeting of the board last night other instructors were employed in their stead. President Wanner informed committees of citizens who were present that the charges who were present that the charges had made were all true, and that he wouldn't retract anything. He declared agains that the charges were directed against only one of the six striking teachers.

MARRIED IN FERRUARY

Most folks forget that the kidneys, like the bowels, get stuggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This ramous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irrigates, thus ending bladder disorders. tivity. A CONSTITUTIONAL REMEDY That Removes the Cause

You Take Cold when you are run down, over-tired—when your blood gets thin and circulation is impaired. At such times coughs and colds get in their destructive work, and just so long as you remain in this debilitated condition, just so long will the cold hang on.

You Cure a Cold by building up your general health. If your blood is good and you sleep well and eat well you will be strong and vigorous. No cold can live in your system if you are well and strong.

The Cod Liver Extractives, Iron, Beef Peptones and Glycerophosphates contained in Vinol make it the best body builder and strength creator money can buy. That is why it removes the cause of coughs and colds.

YOUR MONEY WILL BE RETURNED if Vinol fails to benefit you.

quirements. Less than twenty-five of the reports arrived to-day, so that it begins to look as though 5,000 Dauphin county householders will hold themselves open to personal investigation by food adiministration representatives.

Of the 25,000 reports received, 5,000 householders reported themselves violently against the liquor traffic and suggested that the supply of grain to breweries be cut off at once. Hundreds of letters were received, hundreds of the flour reports were underwritten with the suggestion and hundreds of clippings were enclosed, strongly protesting against

"First. Greatly increased prosperity.
"Second. Great decrease in crime.
"Third. Change in sentiment afterseing the law in full operation.
"Georgia has always worked its
public roads with its convicts. At
one time, the state had more convicts than they could handle for this
work. To-day, they have been reduced fifty per cent., and many hired
men have to be used upon the work.
"In 1898, during the SpanishAmerican war, six thousand soldiers
were in camp here, at which time
we had one hundred saloons; and on
payday there was always a drunken
orgy. To-day there are forty thousand Pennsylvania soldiers in camp
here, and little, if any drinking
among them, none whatever that is
noticeable.

Georgia Prosperous

Georgia Prosperous
Georgia Prosperous
"Dire predictions were made about
e results of prohibition, when it
st went into effect, but to-day,
eorgia is one of the most prose
rous states in the Union, and every Georgia is one of the most prosperous states in the Union, and every city flourishing like a green bay tree. Notwithstanding the high price of everything, the women and children have never had as much good clothing and food in their lives as at present; therefore, prohibition is really an untold blessing to the man of small means, whether he be white or black, because formerly the barroom took more than half of his wages, while to-day the same amount of money goes into comforts and necessities for the home.

"Augusta, for instance, at one time, spent a million dollars for liquor, and laying aside the actual evil of it, what good did it accomplish! It was really that much money thrown away! To-day, at least eight hundred thousand of this money goes into food, clothing, shoes and other necessities and comforts.

"The change in sentiment of the

shoes and other necessities and comforts.

"The change in sentiment of the people of Georgia is absolutely marvelous; formerly no man dared to oppose the liquor people, or he would be overwhelmingly defeated whenever he made any attempt to be elected to public office; to-day he dare not run upon any ticket except the "dry." Any effort to bring liquor back into Georgia, would be defeated by a vote of ten to one. Even the best element of the liquor people, who have good wives and growing families, look upon their former occupation with disgust, and are glad to be doing other things that are honorable.

Liquor Back of Lynching

to be doing other things that are honorable.

Liquor Back of Lynching

"As for the negro, the comparative absence of liquor is to him probably the greatest blessing, because when a poor, ignorant negro gets three drinks of poor liquor, his first idea is that he can whip any whit man, or commit crime on some girl in a lonely community. Liquor has been the cause, therefore, of half the lynching, and if we can still further stop the sale of liquor through the bootleggers, lynchings will be almost an unknown crime, for there will be no occasion for them.

"All the better element of people of both races, are on the side of law and order, which means the absence of liquor. Of course, Georgia has not yet reached a state of perfection in this matter, and there is still some liquor being sold, illegally, but it is a marvelous improvement on our former conditions, when little cities like Augusta, with fifty thousand inhabitants, had one hundred saloons, and some of them were as disreputable as those in the wild west, during the pioneer days. Our courts are doing everything in their power to stop the illegal sale of liquor, in many cases, refusing to fine the offender, but putting him on our chain gangs to work. To-day in this county, there are four white men working on our public roads for this offense, and others are going to be put there, if they continue to sell liquor."

These facts were gleaned from T. I. Hickman, born and raised in Georgia, and who has had large experience with the working people, both black and white, and is considered one of their best friends. Mr. Hickman is a man fifty-seven years of age, and is the captain of the Home Guard of Richmond county, He is known all over the state, and his testimony on this question can be easily verified by any reputable witizen of the state.
