Glasses Often Relieve When Medicines Fail The average person who does not wear glasses thinks they are intended principally for old people or for those who are near-sighted. Years ago, such was the case, but today glasses are giving relief to hundreds of thousands of people who suffered with headache, pains in the eyes, stinging, nerve troubles, etc., caused by eye strain or defective vision. Physicians have learned that the proper remedy for such troubles is glasses—and that drugs do more harm than good.

Here is what you have longed for--- a Baby Grand which will take up no more space than an Upright Piano

WE ARE INTRODUCING what we consider to be the most remarkable piano made, everything considered—its size, its tone, its price. It is the BRAMBACH BABY GRAND PIANO which accommodates itself to the size of modern homes and apartments. It takes up no more space than an ordinary sized upright piano.

Conditions upon which these Grands are sold 1 That, if for any reason whatsoever, the piano is not satisfactory after a 30 days' trial and inspection in your home, you may have your money back. 2 That you may exchange it for any reason whatsoever, for any other new instrument that we carry of equal grade, at any time within six months, without incurring any loss or being put to any extra expense. 3 That the piano is guaranteed without restriction or reservation for the period of 5 years. 4 That you may take 3 years' time in which to make settlement, dividing the payments over a 36-month period as best suits your convenience. Yet in beauty of design and quality of tone it is a good rival for a full-sized parlor grand. The daintiness of its size and richness of tone, however, are not its only merits. While any of the first lot of twenty-five instruments remain, the price will be only \$495 each; the regular price for similar Grands being \$600 each. This Is the Story: These instruments are from the workrooms of The Brambach Piano Company of New York City. They are the latest real achievement in the piano industry—and it is to introduce them to the music-loving people of Harrisburg that we are co-operating with The Brambach Piano Company by placing twenty-five of these little works of art upon this market at this exceptionally low price—a price which is no higher than you would have to give for an upright piano of equal grade and which represents a clean saving to you of \$105—if you will take advantage of this introductory sale NOW. \$495 The value of these Baby Grands is \$600. The introductory price is \$495, which price can be divided up into payments to suit the purchaser, covering a period of 3 years. We will gladly send you, upon request, a tissue paper pattern, the exact size of this remarkable little Grand, which, when spread out upon your floor, will show the convenience of its size. Send for one—at once.

J. H. TROUP Music House TROUP BUILDING 15 SOUTH MARKET SQUARE During this introductory sale the store will remain open evenings by appointment.
