CROATIANS ARE LOYAL TO U. S. Abercrombie Funeral to Be Held From Late Home on Wednesday Afternoon

The funeral of W. E. Abercrombie, superintendent of the Steelton Store Company, bank official and one of Steelton's most prominent residents, who died yesterday morning at 7 o'clock at his home, 349 Spruce street, will be held Wednesday afternoon at 2 o'clock from his late residence, Trinity Episcopal Church, will officiate. Private burial will be made at Harrisburg.

Mr. Abercrombie, who was 70 years old and died from an attack of Bright's disease after an illness of about six weeks. His condition last week was greatly improved and hopes were entertained for his recovery. His death came as a great surprise as many believed he would recover shortly.

Mr. Abercrombie has been a resident of Steelton for thirty years, coming here from Quincy, Mass. During that time he was connected with the Steelton Store Company, and twenty years general manager. About a year ago when the Bethlehem Steel Company disposed of its interests in the company, he was elected chairman of the board of directors and superintendent of the stores. He was vice-president of the Steelton National bank and the Steelton Trust Company; member of the Citizen Fire Company and a member of the vestry of the Trinity Episcopal Church. He took an active part in social and welfare work in the borough.

The George Washington Lodge, which is composed of able Croatians, has stood by the government in all war work in the borough. Members of the lodge have been active in encouraging enlistments among their own countrymen and have taken an active part in all war campaigns. The lodge at its meeting yesterday joined the Croatian League of United States of America.

GOVERNOR MAY DROP MOON SOON—H. V. White May Also Leave the State Agricultural Commission—Henry T. Moon, of Morrisville, Bucks county, and H. V. White, of Bloomsburg, Columbia county, will probably be the two members of the State Commission of Agriculture to be displaced, voluntarily or otherwise, to make room for Gifford Pinchot and one other man who is currently reported to have been offered a place on the commission by Governor Brumbaugh.

Pinchot's acceptance of a seat on the commission is looked for this week and coincident with his appointment will likely be that of the retirement of Moon. White has been out of joint with the Governor for some time, not only over the way the commission has been run but over the so-called "bleacher flour bill."

Palmyra Churches Unite and Elect Same Pastor—Palmyra, March 25.—By a unanimous vote the Evangelical Lutheran and St. John's Lutheran Churches decided to merge and elected the Rev. J. H. C. Manifold to serve as pastor beginning April 15. The merger is the first to occur between Lutheran General Council and Synodical Churches in the Lebanon Valley, and is in keeping with the general movement inaugurated some time ago. The decision to merge was reached at a meeting addressed by the Rev. Harry K. Lantz, president of the Lancaster Conference of Evangelical Lutheran Church, Shermans-town, and the Rev. S. B. Daugherty, general superintendent Home Missions, Philadelphia. The joint congregation will have a membership of 300.

HAS BROTHER ARRESTED—Tony Chira, North Seventh street, was released under bail this morning to appear for a hearing to-morrow on the charge of assault and battery. The information was made out by his brother Joseph. It is said the two men were quarrelling at their home in North Seventh street this morning when Joseph had his brother arrested.

An engine that wrings from gas more power than was ever taken out of gas before—through its "Hot-Spot" and "Ram's-Horn" Manifold—Chalmers devices.

Tests of exhaust vapors have shown weaknesses in many engines. By such tests you can always tell how good an engine is. In the great Chalmers engine so very little in the way of unused or unburned gas comes out of the exhaust as to be almost negligible. The gas is used up—all of it—in the Chalmers. The moment it passes from the throat of the carburetor it strikes the now noted "Hot-Spot" where it is heated and "cracked-up" and then rushed on to the combustion chambers via the "Ram's-Horn" Manifold. When the spark touches it off there is translated a power such as a gas engine has never known; all the brute force imaginable, yet tamed down into a softness that is as smooth as deep water. Once you play with it with your right foot you will be amazed at the thrill it'll give you.
