With the arrival to-day of the outof-town boxers, local fight fans are assured of an interesting program to-night at Chestnut Street Auditor-There had been some stories that one of the preliminaries would be changed. The Philadelphia contingent reached the city at noon and Joe McCarron arrived at 1 o'clock. This will be the first show by the Motive Power Athletic Association. Indications point to a large crowd in attendance. It is an expensive bill, but Manager William H. Runk gave word that he would get the best that could be had, and the names indicate that he has started well.

Two Big Colleges Will Not Compete in Regatta Frank.

Annapolis, Md., March 26.—The Naval Academy athletic officials have learned unofficially that neither Yale nor Cornell will enter crews in the American regatta to be rowed on the Severn, May 18. It is believed that the entries will be confined to Columbia University, University of Pennsylvania, Syracuse, the Naval Academy and probably Princeton, with the possibility of at least one or more western crews.

The decision of several of the big rowing colleges to stay out of the big event may, however, lead to some dual events on the Severn. It is set, effelds, that the University of Pennsylvania will send varsity second and freshman crews to Annapolis for a race on April 20, and other races are likely.

Poles are to be used by the Harrisburg Railways Company, to relieve stranded automobiles on the subway tracks in Market street. When gasoline becomes a minus quantity in the cars and they are stranded on the tracks, a pole will be used to "pole" them up the subway hill. This move has been taken to prevent traffic delay.

NEW GAME LAWS

Revision and Codification

An important matter in these days of complicated game legislation, when laws are amended at nearly every legislative session and scattered through several volumes of the statutes, is to simplify them as far as possible by revision or codification, so as to bring them together, eliminate conflicting provisions and simplify the wording.

Important progress in this direction has been made in at least six states: Maine, Pennsylvania and Wisconsin have codified their entire game laws; New Hampshire and

New Haven, March 26.— Johnny Fort Wayne, Ind., March 26.— Dundee and Willie Jackson fought George Biemer, fight promoter, rehere last night. That is, Dave Fitzgerald said it was a draw. Dave was in a distinct and unpopular minority.

In the opinion of nearly everybody else in the building, Dundee won by as great a margin as it is possible for a man to win without knocking his opponent out. The Italian had the better of ten rounds, Jackson scored in three, while two were about even. Jackson was badly cut up and bled almost continuously from the second round on.

Dundee suffered a cut eye in the twelfth round and that was all. Dundee outboxed the Bronx lad almost from start to finish, outhit him and had him worried at frequent times. Still Fitzgerald said it was a draw, and Fitzgerald is an honorable man. Yea, verily, an honorable man.
