

CHARGES OF COAL HOARDING SHOWN FALSE IN PROBES

Work Done by Commerce Chamber Kept Hundreds From Suffering

When the fuel situation became acute during the month of January and hundreds of Harrisburgers were at their wits' end to get sufficient supply to carry them through the terrible weeks of zero weather, the Harrisburg Chamber of Commerce stepped into the breach and through its central office carried the city through the most trying time the city has faced in recent years.

Emergency coal orders to the number of 1,360 were issued through the office of the Chamber and filled through the patriotic co-operation of the Harrisburg coal dealers.

A report under the date of March 2, telling of the coal famine has been submitted to the board of directors of the Harrisburg Chamber of Commerce, by John P. Guyer, who was placed in charge of the work for the organization. The Fuel Administration used this service to a great advantage.

Four thousand calls were handled by the Chamber of Commerce, 200 being personal calls by the citizens, the remainder being telephone calls, 182 reports of coal hoarders, over-

Hair Often Ruined By Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is just ordinary multistep coconut oil (which is pure and germless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multistep coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.—Adv.

SUIT NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes Spoil Fine Dress and Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe," was a bit of sarcasm a girl flung at a young man friend whose ante outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

"What about the teeth? Dress in all the finery you please. If you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls, and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body. Bad teeth affect the intestines, stomach, heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—a scientifically prepared preventive of Pyorrhea—the number of falling a prey to these ills. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. If they should enter they can't exist under its thorough cleansing properties. As a cleanser and preventive of disease of the teeth, Senreco Tooth Paste is already a fact in the dental office of the doctor. It is the doctor's recommendation with his terrible disease Senreco Tooth Paste will help you to get rid of it, with your dentist's assistance. But we don't want you to contract any ailment of the mouth and teeth, nor does your dentist doctor.

A preventive is far better than to have to go through the trials of a cure. Save your teeth by Senreco Tooth Paste and the probability is that you won't have to deal with tooth and painful diseases. By taking excellent care of your teeth you may save stomach, intestinal, heart, and eye troubles. Take all precaution to keep the teeth clean and do it with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco free if you mail. Senreco Tooth Paste, Cincinnati, Ohio.

charging and failure to deliver were made. In not a single instance was there evidence of the regular office routine. This service included the secretary, assistant and two additional stenographers engaged for the war period.

"The work of the four Technical High school students in handling the investigations is worth commending, for they not only rendered a service to the public, but to the dealers as well, as the system of handling signed cards to the citizens whose condition was found, upon investigation to be as represented, did away with collection troubles which arose during the first two weeks of the panic.

"The special service rendered by the Bell Telephone Company was such that there was absolutely no 'wire trouble' that I can recall. A sort of preferred wire service to points I desired to reach in handling the work was given this bureau in addition to an unusually speedy handling of in-coming and out-going calls.

"Emergency calls are decreasing rapidly, and at present there are more than 20 a day, of an average, of which number less than half require our service. This is a big change from 60 to 75 a day registered during the first three weeks of my service, and indicates that the panic is about to become history.

"During the past three weeks I have been handling investigations of Food Administration regulations, in addition to the Fuel Administration work. This work is resulting in from ten to thirty calls a day being

received by this office, about one-fifth of which result in investigations being made."

BIBLE STUDENT TO LEAD CONFERENCE

Dr. Harris H. Gregg Selected For Week's Work at Y. M. C. A.

That Dr. Harris H. Gregg, noted Bible student, is to hold a Bible Conference at the Central Y. M. C. A. building, April 21-28, is the announcement made by Robert B. Reeves, general secretary of the association, to-day. Tentative plans have been completed and all arrangements made for the conference. Mr. Reeves' announcement follows:

"In accordance with the custom of holding annually at the local Y. M. C. A. a one week Bible Conference, the board of directors voted at a recent board meeting to bring to Harrisburg again, Dr. Harris H. Gregg, of Chicago, who will conduct a series of Bible studies in Fahnstock Hall, for all the church people of Harrisburg who might be interested.

"Mr. George W. Reilly, who has been largely responsible in past years for the successful conduct of this Bible Conference, was appointed by the board of directors to again take charge of the conference, this year, and appointed him chairman

Holy Week Is Observed in Catholic Churches

Holy Week is being observed in the Catholic churches of the city, this week, preparatory to Easter Sunday. Special services are being held in St. Patrick's Cathedral, and in other Catholic churches of the city. Holy Thursday, Bishop Philip H. McDevitt will conduct the services for the Blessing of the Oils. Services will be held at 8:30 o'clock. About thirty-five priests of this diocese are expected to attend the service.

On Good Friday, the "Three Hours' Agony" will be given in St. Patrick's Cathedral from noon until 3 o'clock. The Rev. William M. Stinson, vice-president of St. Joseph College, Philadelphia, will conduct the exercises. This beautiful devotion was never before given in Harrisburg, and a large congregation is expected to be present. The exercises will consist of seven discourses on the seven last words spoken by our Lord on the cross. Between the discourses Father Stinson will lead in prayers and litanies. The hymns and psalms will be rendered by the newly-organized Cathedral Choral Society.

Bishop McDevitt will be the pontiff at the Easter services in the Cathedral on Sunday. Easter will be celebrated in every Catholic Church in the city.
