

INCOME TAX OFFICE
OPEN DAY AND NIGHT
 Good Friday did not close the Internal Revenue office in the second floor of the post office building, for Mr. Vollmer felt that the public should not be prevented from making income tax returns, in view of the fact that next Monday is the

dead-line for this duty.
 All income tax returns must be made out and filed with the collector on Monday of next week. All single persons who earned or received \$1,000 in 1917 and all married persons who earned or received \$2,000 last year must file their returns to-day, to-morrow or Monday.

EXPECT AMERICAN FORCE IN ALLIED COUNTERATTACK

Observers Are Confident Allied Offensive Will Not Be Long Delayed

Washington, March 29.—American military observers appeared confident to-day that allied counter-offensive will not be long delayed and seemed generally satisfied that a substantial American force will enter the battle when the signal for the Anglo-French stroke is given.
 Still without word from General Pershing regarding reports that American troops already had taken part in the fighting, Major General March, chief of staff, last night assured the American people that there was no cause for alarm in the German advance.
 Belief that the turning point is near was strengthened by Field Marshal Haig's announcement that German attacks along the British front yesterday had been beaten off and news that the French south of Novon had driven the enemy back two miles on a six-mile front.
 Officers also found considerable material for speculation in the London dispatch, quoting the Daily Chronicle that "an announcement bearing on the co-ordination of the British and French military exertions in France may be expected almost immediately." The dispatch said an influential role may be assigned to General Foch.
 Comment also was heard on the extent of the German efforts as indicated by General Pershing's report last night that four new German divisions from the Russian front had been identified.

Miners at Work, Abandon Usual Good Friday Holiday

By Associated Press
 Pottsville, Pa., March 27.—Reports from headquarters of the coal companies in the lower anthracite region—comprising Schuylkill, Carbon and Dauphin counties—on Friday were to the effect that the miners had abandoned their usual holiday of Good Friday in response to appeals and were at work. The Reading Company reported five collieries in the west end idle. The Lehigh Coal and Navigation Company, operating in Panther creek and the Lehigh Valley, operating in Mahanoy Valley, reported all their mines working.
 The churches held early masses for their workmen, who went to church and then went to the mines. Easter Monday, which is the anniversary of the granting of the eighth hour day, also will be celebrated as a holiday. It will be the first since Christmas.

Hazleton, Pa., March 29.—All the anthracite mines in the Lehigh field, except two at Lattimer, Pa., were opened to-day in response to appeals of the union leaders, the coal companies and the clergy that the men remain at work to meet the wartime demand for fuel. Some of the collieries were short-handed. This is the first time in many years that the breakers have been run full blast on a Good Friday.

President Has Accepted Gen. O'Neill's Resignation

By Associated Press
 Washington, March 29.—Resignation of Brigadier General Christopher T. O'Neill, commander of the Fifty-fifth Infantry Brigade, Twenty-eighth Division, Pennsylvania troops, at Camp Hancock, Augusta, Ga., has been accepted by President Wilson, effective March 22.

Hard For Men Called Here to Work to Find Rooms

The room situation in Harrisburg is very serious, according to statements made by men who are seeking rooms in the city. In line with their aim to aid the men of the city and strangers in every way, the Central Y. M. C. A. is endeavoring to secure a list of rooms for rent. Men who apply at the Y. M. C. A. for accommodations will be directed to these rooms.
 The reason for the shortage of rooms, it is said, is because of the rush of men to secure positions on the various Government operations. To help these men, the local association requests that people who have rooms they wish to rent communicate with Daniel S. Culp, office secretary of the Central Y. M. C. A., Bell phone 1963, who will place the names of the people on the lists kept by the association.

Wilson Seeks Executive Clemency For T. J. Mooney

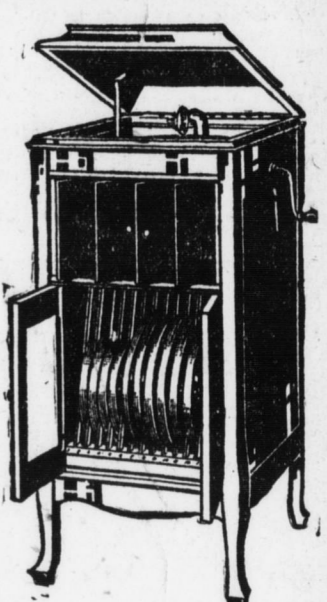

By Associated Press
 Sacramento, Cal., March 29.—President Wilson has telegraphed Governor William D. Stephens, of California, asking executive clemency for Thomas J. Mooney, now under death sentence, it became known here to-day. Mooney was convicted in connection with a bomb explosion in San Francisco in a preparedness day parade July 22, 1916, which caused the death of ten persons and injured forty others.

Women Find Clear Skin In Simple Laxative

A sense of false modesty often prevents women from admitting that many of her ills and disorders are due primarily to constipation.
 But women who know themselves have learned that headache remedies and beautifiers only cover the trouble but do not dislodge it.
 What is needed is a remedy to move the bowels and stir up the torpid liver. An ever-increasing number of sensible women take a small dose of a combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin and sold by druggists under that name.
 It will save a woman from the habitual use of headache remedies, skin lotions and similar makeshifts. Once the bowels are emptied and regulated, the headache and the pimples and blotches disappear. It is the rational, natural method.
 A bottle of Syrup Pepsin lasts a family a long time, and all will find use for it from time to time. Thoughtful people are never without it in the house.
 The druggist will refund your money if it fails to do as promised.

Dr. Caldwell's SYRUP PEPSIN
 The Perfect Laxative
 NO INCREASE
 In spite of enormous increased laboratory costs due to the war the manufacturers of Dr. Caldwell's Syrup Pepsin are sacrificing their profits and absorbing the war taxes, so that this family laxative may remain at the low price of 50c and \$1 a large bottle. So sold by druggists for 25 years.
 FREE SAMPLES—Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in America. If you have never used it, send your address for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If you have babies in the family send for a copy of "The Care of the Baby."

AMERICANS GO OVER THE TOP IN DAYLIGHT

(Continued from First Page.)
 ing from shell hole to shell hole, taking advantage of the slightest rise in the terrain, the patrol proceeded. In the trenches behind them their comrades stood with fingers on their rifles ready to fire the instant any Germans might show themselves.
 From the American lines the patrol members were seen to force their way through the enemy fire and one by one, disappear into the German front trench.
 Prepared for instant battle
 During the next four hours the men in the trenches waited anxiously, hearing nothing from the patrol who, during that time were inspecting six hundred yards of the German trenches.
 Prepared for instant battle, the six Americans made their way from one trench section to another, going into each dugout with the muzzles of their pistol rifles preceding them and traveling in single file. From the point from which they had started on this inspection, they searched the trenches 200 yards in the other direction. While four hours may seem a long time for this work, it must be kept in mind that every bend and every dugout may contain an overwhelming enemy group and there was no assurance that the Germans had not discovered what the Americans were doing and that they had not concealed men in places, prepared to meet the invaders.
 It was noon when first the head of an American was observed above an enemy parapet. The watchers in the American lines breathed easier, but at that moment the Germans discovered the patrol and rifle bullets began to smack against the trench sides and bottom.
 The six Americans returned unscathed to our lines, bringing all the information they had sought.
 At the other end of our lines during the night, American patrols sought to go through the enemy wire. They penetrated the first belt successfully but when they reached the second, a sergeant who is from Texas put his hand on a wire and received an electric shock and was burned.
 This attracted the attention of an enemy sentry who fired a flare, forcing the Americans to drop to the ground, and their crawl hurriedly back to their own lines as the flare died away.
