

LOOTING HAS BEEN CONDONED BY GERMANS

Government Has Fallen to the Moral Level of Crown Prince

When William I left Versailles after the restoration of peace in 1871, he took with him, says the New York Sun, a little silver canister that had stood beside his campbed in the palace, and he kept it with him until he died. It was the only official loot of the Franco-Prussian War, and the first Kaiser made a sort of apology for taking it when he showed it to the French keeper at the palace gates and told him that he did not wish any one else to be accused of making off with it.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with constipation and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

TAKE HAIR OUT NOT OFF THE SKIN

Hair is bound to grow out coarser and stiffer when merely removed from the surface of the skin. The only common-sense way to remove hair is to attack it at the root. DeMirac, the original sanitary liquid, does this by absorption. Only genuine DeMirac has a money-back guarantee in each package. A toilet counter in the \$1 and \$2 sizes from us in plain wrapper on receipt of price. 75c box mailed in plain sealed envelope on request. DeMirac, 129th St. and Park Ave., New York.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence upon The Future Infant.

Before the arrival of baby knowing women for over half a century have used with regularity the time-honored preparation, Mother's Friend.

Here is a most wonderful application for the abdomen and breasts. It penetrates the muscles, ligaments and tissues, rendering them pliant to readily yield to nature's determining expansion.

By its use the anxious weeks of pregnancy are made comfortable. The usual wrenching strain, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and its use brings rest, repose and happy anticipation.

By the regular use of Mother's Friend during the period the muscles expand easier when baby arrives, and naturally the pain and danger at the crisis is less.

Mother's Friend is prepared after the formula of a noted family doctor by the Bradford Regulator Co., Lyman Bldg., Atlanta, Ga. It is for external use only; is absolutely and entirely safe and wonderfully effective. Write them for their instructive and interesting "Motherhood Book." There is a wealth of instruction and comfort to be derived from this little book. It is plainly written just what every woman wants to know and will be a splendid little text book of guidance, not only for yourself but will make you helpful to others, and in the meantime obtain a bottle of Mother's Friend from the druggist, and thus fortify yourself against pain and discomfort.

Always Lead to Better Health

Serious sicknesses start in disorders of the Stomach and Liver. The best corrective and preventive is Dr. King's New Life Pills. They prevent Constipation, Keep Liver, and Bowels in a healthy condition. Effective, mild.

The government has fallen to the moral level of the light-fingered Crown Prince, and those who wish to sell or buy the booty taken from the captured towns of France and Belgium are officially directed to the war booty office.

Bonaparte let his generals and his men plunder houses, perhaps because he had no other way to pay them. When he sent art treasures to Paris, it was with the excuse that they would be safer there. This pretext has been used by Germany in the present war to explain its looting of libraries. These, no doubt, will be kept for the private edification of the Hohenzollerns until stronger hands take them away and restore them to their old places. The fate of the smaller bits of plunder now officially offered for sale in Berlin will be different, for they will be dispersed beyond recovery, sold by a thievish government to enrich itself and please its people.

Wellington shot his men when he caught them stealing in the Peninsula, but the businesslike William sets up a market for what his soldiers lift.

Few nations have clean hands in the matter of unofficial loot. The Sun was one of the papers that did not shut its eyes to the disgraceful conduct in Peking of the putative Christian soldiers, citizens and missionaries who robbed temples and palaces and who murmured that it was the quickest way of obtaining "reparation." But this was not official. Even with the Germans, the most brutal plunderers and murderers in China at that time, the crimes were unofficial.

Clownish Captain of Coepenic Is Dead

Amsterdam, March 29.—William Voight, a shoemaker, who caused the whole world to laugh at the expense of German militarism by his escapade at Coepenic, in 1906, is dead, according to an announcement made in Berlin.

In October, 1906, a man in the uniform of a captain of grenadiers recruited a detachment of twelve men in the streets of Berlin through a forged military order. At the head of the men, the "captain," who was Voight, went to Coepenic, a small town near Berlin. There he arrested the burgomaster and the treasurer of the town and took possession of funds amounting to about \$1,000.

The trick was soon discovered and Voight, in December, was sentenced to four years' imprisonment. In August, 1908, he was pardoned by Emperor William, and in March, 1910, he went to the United States, where he visited Chicago and New York. His deportation was ordered from Washington, and in April he was sent out of the United States. After he was sentenced to prison, a Frau Wertheim, of Berlin, offered to pay him an annuity. This was accepted by Voight, but last month he was compelled to bring suit for unpaid pension.

Raze Concrete Building by Fire and Dynamite

Chicago.—To make room for a new railway station, a comparatively new concrete building at Chicago was wrecked recently. The demolition of such buildings is not frequent, and the methods employed are therefore interesting.

An 1800-pound pear-shaped cast iron drill was used in smashing through the floors. It was carried by a single fall line on the forty-foot boom of a stiff-leg derrick, which gave it a sheer drop of thirty feet. The floors, designed to carry a load of about 250 pounds to the square foot, failed to sag more than an inch when subjected to a pressure of 310 pounds to the square foot.

Persistent onslaughts had to be made with falling weights, oxy-acetylene torches, sledges, fire, water and dynamite. Wood fires were built around the bases of the interior columns and kept burning for several hours so that when subjected to streams of cold water the concrete would crack. After the rods were cut with taches, the columns were pulled over, the beams, of course, falling at the same time.

Former Cobbler Now a Finance Minister

Stockholm.—Sweden's new Minister of Finance, F. V. Thorsosson, used to be a cobbler. An orphan at the age of nine years, he found himself "bound out" to a farmer. After a period of this employ he apprenticed himself to a shoemaker and at 23 he settled himself in Ystad as a master in this trade. Being an orator and possessed of ability as an organizer, he found appeal among the Socialists and soon was able to cease cobbling and enter a bank, where he became an official.

As a boy he had few opportunities to educate himself. He is known today as a "moderate Socialist" and is a good friend of Hjalmar Branting, whom he succeeded in the Swedish Cabinet.

No "Skirmish Line" in Stock; Red Tape Do?

San Francisco.—"Go get fifteen yards of skirmish-line from Sergeant Doe over there," an officer directed Josh Miles, a recruit.

The rookie dutifully went over to Sergeant Doe and told him what he wanted. Sergeant Doe laughed and Private Miles saw the light. Returning to the wag, he saluted soberly and made his report. "No skirmish line in stock, sir," he said, "but I can get you fifteen yards of red tape."

Stork Pays Sixteenth Visit in Nineteen Years

Garrison, N. Y.—The stork called at the home of Mr. and Mrs. Anthony Monglass, of Iona Island, opposite Garrison, for the sixteenth time in nineteen years and left a baby boy. Monglass, who is a munition worker, has the largest family in Orange county. Mrs. Monglass and the fourteen living children are all robust.
