

WILL CHANGE THE CAPITOL CLOCKS

Joe Pyne Preparing to Advance Everything One Hour Tonight

The State Capitol to-day began preparations to meet April business in accordance with the national daylight law, which becomes operative to-night.

There are 250 clocks in the State Capitol which are electrically controlled and a number of smaller timepieces by individual officials or attaches.

Joseph Pyne, who is the State's official clock repairman, has served in that capacity for many years, and will personally inspect each clock so that when Monday morning comes they will be in accord.

Nine o'clock is the general hour for beginning business in most of the departments, although some of them begin at 8. For some years past certain departments have had summer hours which start an hour earlier. It is probable that all departments will start at the same time.

The Big Balance—The balance of \$3,473,225 in the State Treasury is the largest known in years, although with big requisitions for the quarterly maintenance of the charitable and other institutions coming in a week, it will be materially reduced.

Large payments for road construction and maintenance will also be made before long. Over \$2,000,000 realized from automobile licenses is in hand for maintenance of the state highway system.

In addition cash in some of the permanent funds will be invested in April. The state now carries its own fire insurance to a large extent, there being about a million dollars in cash or bonds in the fund which was established a couple of years ago.

Advisors to Start—State farm advisors, who have been provided for by the State Safety and Defense Commission, will start this week to stimulate production of food-stuffs, will begin tours of agricultural counties Monday.

The ten advisors have been working this week on the questions and requests for advice which have been sent to the State Department of Agriculture this spring by farmers who wish guidance. There are literally hundreds of requests for visits by the advisory

corps and the advisors will be busy all spring and summer. The State Agricultural officials believe that planting of corn will be on one of the most extensive scales ever known in Pennsylvania this year.

Man requests for information as to seed corn supplies have been handled and the only drawback will be labor, which condition will be overcome in counties through the dozens of tractors which have been bought and put into use by chambers of commerce, local committees and other organizations.

The Fare Cases—The difficulties of the Shamokin and Mt. Carmel Transit Co. which declared that it could not issue excess certificates for fares pending decision in litigation over increase of fares because its employees' union refused to do it, will be heard by the State Service Commission here on Wednesday.

The commission will hear on Wednesday trolley complaints, including those of the city of Coatesville against the West Chester Street Railway Co. This year, many requests for information as to seed corn supplies have been handled and the only drawback will be labor, which condition will be overcome in counties through the dozens of tractors which have been bought and put into use by chambers of commerce, local committees and other organizations.

POLICE ARREST STREET GAMBLERS

Surprise Negroes Engaged in "Crap" Game at Myers and Franklin Streets

The police department yesterday afternoon was successful in breaking up street "crap" shooting at Franklin and Myers streets, on the West Side with the arrest of several of the gamblers. This practice has been followed out for several months, but patrolmen were unable to arrest the lawbreakers.

Unable to make arrests from the open, Chief of Police Groves ordered his men to go to the scene in the automobile truck of Malchorn Brothers. Curtains on the trucks were drawn and Chief Groves, Night Sergeant Hand and several patrolmen stationed themselves in the truck where they would not be detected.

The driver was ordered to drive up to the corner where the game was in progress. When the machine stopped in the midst of the gamblers the officers alighted and arrested several of them. The lawbreakers were placed in the truck and taken to the borough lockup. They are being held pending a hearing.

The department had knowledge of the gambling for a long time but was unable to make any arrests. It is not because the department was not efficient, but because the gamblers had their plans so well outlined that the games could be carried on while watchmen stationed some distance from the games could see signals and get away. When a patrolman or a stranger would make his appearance in this section the signal was given and the gamblers made their get-away.

Fifteen Citizen Company Firemen Now in Service

Morris, J. Earle Johnson and C. H. Messersmith.

Consumers Must Fill Out Coal Cards to Get Orders

Beginning Monday all coal consumers of the borough and surrounding towns will be compelled to go to the office of their dealers and fill out a card before their order will be filled. Announcement to this effect was made by Charles Detweiler, secretary of the local retail coalmen's committee, this evening Monday when he also marked the beginning of a central distribution office in North Second street. Consumers will be unable to file orders by telephone, every person being compelled to go to the coal office to file their orders.

Wier-Katerman Wedding in Centenary Church

The wedding of the Rev. A. K. Wier, pastor of Centenary United Brethren Church and Alma Alberte Katerman Reinert, Pa., took place in the Centenary United Brethren Church this afternoon at 3 o'clock. The Rev. Dr. L. C. Ench, of Philadelphia, performed the ceremony.

The couple was ushered to the altar by Chief Usher C. L. Maurer. Miss Margaret Wier, daughter of the bridegroom, was bridesmaid, and Harry Katerman, of Lebanon Valley College, a brother of the bride, was best man. The bride was attired in white crepe-de-chine dress trimmed in pointed lace. The bridesmaid was attired in a pale pink crepe-de-chine dress with tail to match and carried spray of pink roses.

The wedding march was played by Mrs. J. Poor. Miss Martha Armstrong sang "Oh Promise Me."

The church was beautifully decorated in palms and cut flowers. The ushers were: C. L. Maurer, J. Poor, J. Kline, Charles Pugh and Harry Holman. The wedding was attended by a large number of members of the church and many of their friends.

Following the wedding a dinner was served to immediate friends. The newly-married couple left late in the afternoon for Philadelphia, to eastern cities and will be home to their many friends in two weeks.

TRIO DE LUTECE MUSICAL EVENT

Wednesday Club Presents Eminent French Musicians at Artists Concert

One of the most delightful artists' concert ever presented by the Wednesday Club will be that of Monday evening in Fahnstet Hall, when the Trio de Lutece will give the following program:

"Plece concert, 'La Fontaine,' 'La Timpid,' 'L'Indiscrete,' 'La Cupis,' Jean Philippe Rameau, (1682-1764); tambourine, Trio de Lutece, 'Lied,' Vincent d'Indy, Paul Kefer, 'Solo,' (a) 'Serenade,' C. Saint Saens; (b) 'Menuet,' Georges Valensin; (c) 'Dorienne,' Jules Mouquet, Trio de Lutece, 'Variations on an Old Style Theme,' Carlos Salzedo; Carlos Salzedo, harp solo, (a) 'Menuet' (Orpheus), Ch. Gluck, (1714-1791); (b) 'Polonaise and Badinerie,' J. S. Bach, (1685-1750); Georges Barrere, flute solo, 'Petite suite,' 'En Bateau,' 'Cortège,' 'Menuet,' 'Ballet,' Claude Debussy; Trio de Lutece.

Personnel of Players

For no three persons were ever more perfectly attuned to their vocations. Paul Kefer, on the violin, is a virtuoso of his flute; Carlos Salzedo, on the harp, and Paul Kefer, on the piano, are famous world-wide. All the principles of thoroughness of the world know this most typical black-bearded Parisian with his black broad-brimmed hat, his black coat, black leather case under his arm.

QUIT MEAT WHEN BACK HURTS OR KIDNEYS BOTHER

Says Uric Acid in meat clogs Kidneys and irritates Bladder

A glass of Salts is harmless way to flush Kidneys, says Authority

If you must have your meat every day, eat it but wash your kidneys with salts occasionally, says a meat authority who tells us that meat furnishes uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges in the joints, cloudy, full of sediment, the chances often set sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of acid Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act normally. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, and to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Acid Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

U. S. Ordnance Officer Plans 147-Mile Gun

Washington, March 30.—Specifications for long-range guns which have accumulated the dust of many years in the government's archives are being brought to the light of day. It is learned that following the surprise of the sensational super-gun with which the Germans have been bombing Paris, ordnance officials have worked day and night reviewing the plans of inventors from all sections of the country.

Officials yesterday refused to deny or affirm the statement attributed to Charles M. Schwab, in New York dispatches, that the government is building a big gun that will shoot a sixteen-inch projectile fifty-nine miles.

One inventor whose name is not divulged, is reported to have offered the War Department details for the construction of a gun, which, it is claimed, will fire a shell, loaded with 2,500 pounds of dynamite, a distance of 105 miles. The specifications for this gun have been in the possession of the department for many months, but the plan was not viewed as practicable, or one for which an appropriation could be obtained, until the surprise of the German gun came.

One enthusiastic young ordnance officer stated yesterday that he had figured out the details of a gun which would throw a projectile 147 miles and has submitted it to his superior.

THE CLOCK WILL DO THE THINKING; TURN IT

[Continued from First Page.]

Not Complicated

Must do is to turn the hands of your watch an hour ahead and forget about it. The watch will get you up an hour earlier to-morrow morning, and each morning throughout the summer. Everybody else will be doing likewise, and the world move on as usual.

Trains will observe their former schedules. The 4 o'clock train to-morrow morning will leave at 4 o'clock by the new time, just as it did by the old time this morning. Church bells will ring at 10 o'clock Easter morning by the new time, just as they did last Sunday morning.

On Monday morning you will go to work at 7 o'clock, just as you did at 7 o'clock this morning. You will stop work at 5 o'clock Monday night, just as you did at 5 o'clock to-night. The only difference is that to-morrow night you will have an extra hour for work, play, recreation or whatever you want to make of it.

The only chance you have to become confused is by failing to turn the hands of your watch or clock ahead. If you fail in this, you will be out of tune with the rest of the world, arriving at the theater an hour late, missing rains and losing thirty minutes of God's good sunshine.

It isn't even necessary to awake at 2 o'clock to-morrow morning to shove the hands of your watch an hour ahead. You can do it to-night before you sleep. In fact, Mayor Keister has suggested that Harrisburgers change their timepieces at 10 o'clock to-night, shoving the hands ahead to 11 o'clock.

TO ADDRESS OWLS

E. Joseph Scholt, of Philadelphia, superintendent of the Owls, will speak at an open smoker to be held by the Steeleton order next Thursday evening in the headquarters, 144 North Second street. A membership drive will be instituted at this smoker. National Organizer R. P. Webster, who has appointed George E. Plate, 311 North Second street, local deputy, will have charge of the drive. Prizes awarded recently for successful contestants in the membership drive went to J. Weidner, F. O'Leary, J. Coleman and J. Reed.

Special Easter Music

Special Easter music will be given by the local steel plant yesterday in the presence of the churches to-morrow. Programs for the Grace United Evangelical and St. John's Lutheran are as follows: Grace United Evangelical, 7:30 p. m., Prelude, "Nocturne," Chopin, R. C. Westbrook; "As It Began to Dawn," choir; "Dawn of Easter Day," choral solo; "The Resurrection," from Sullivan's "Light of the World," R. C. Westbrook; "Hail to the Risen Lord," choir; offertory, "The Palms," Faure; "The Gates," from "Stalder's Crucifixion," choral solo; soprano, Miss Edna Grimes; mixed quartet, "Raise Me, Jesus, to Thy Bosom," Miss Anna Smetzer, Mrs. Fred Bonbons, Theodore Sheetz and Gilbert Cooper; "Crown After Cross," men's chorus; tenor solo, "Hosanna," E. C. Houdeshell; "Gloria," (from Mozart's "The Marriage of Figaro"), R. C. Westbrook; "Priests' March," Mendelssohn, Russell Sheetz.

St. John's Lutheran—Morning anthem, "The Dawn of Wonder," Miss Susan Reigle, and R. M. Allen; anthem, "Rejoice," Pence; evening anthem, "The Empty Tomb," R. C. Westbrook; "The Crucifixion," Ohl, with duet by Mrs. L. B. Roth and Miss Susan Reigle.

Presbyterian Music

The following program will be presented by the First Presbyterian Church choir to-morrow:

Morning Prelude, "Ave Maria," of Stello; Verdi; anthem, "Awake, Thou That Sleepest;" offertory, "Old Easter Carol," Lore; anthem, "Communion Hymn" postlude, "Triumph March," R. C. Westbrook; Evening—Prelude "Intermezzo," Delibes-Shelly; anthem, "Lift Up Your Heads," Holden; offertory, "Prelude in G," Miss Corbett and Mr. Boudman; anthem, "The First Day of the Week," Dicks; soprano solo, Miss Corbett; "The Lizard," "Ischaikowsky," men's chorus; "Show You a Mystery," Robinson; anthem, "Hosanna," Granier; anthem, "I Shall Not Die, But Live," Whitney; postlude, "Easter March," Merkel.
