George Chaney Too Fast For Boxer Johnny Ray

Philadelphia, April 2.—Before George Chaney's ferocious rushes and harder blows Johnny Ray, the Pittsburgh flash, had to bow to the inevitable in the winner at the Olympia last night, and at the end of eighteen minutes of milling the Baltimore Knockout was an easy winner. This was Ray's first appearance in a local ring since late in 1917, he having been stationed at the Wissahickon Barracks, Cape May, N. J., and his layoff from the padded mitt game was evident in his work last night.

BAN ON LATE GAMES

Chicago, April 2.—Charles H. Veaghman, president of the Chicago Nationals, said that games at the National park also would start at 7 p. m.

Charles A. Comiskey, owner of the Chicago Americans, said yesterday that he will start all games at 4 p. m. under the daylight-saving plan. To start the games at 4 p. m., he said, would be a violation of the spirit of the daylight-saving law.

Scranton Refuses to Give Up Good Cash; No League This Year

Scranton, April 2.—Baseball boosters are not biting at the bait offered by J. H. Farrell, head of the new Class AA, baseball league. They know it is time to lay off. The general belief here is that the money that will be lost by the new league could be put to a better advantage by buying Liberty Bonds.

In an additional statement regarding the proposed new Liberty Class AA baseball league, which is supposed to include the city and Wilkes-Barre, Robert W. Allen, president of the Scranton baseball team, said "that in so far as the local owners are concerned they know nothing of the promoters' plans and that there isn't a chance of Scranton being represented."

"If Class B ball wouldn't pay here in war time conditions, I fail to see where Class AA would have a chance to live," said Mr. Allen in discussing the proposition. "Anyway, the New York State league has not been officially disbanded as yet, and even if Scranton, Syracuse, Wilkes-Barre, Binghamton and Elmira were interested in the proposed new league, I don't see where anything could be accomplished until the affairs of the old league were first closed up."

The local magnate is satisfied that

FIX DATES FOR MANY BIG SHOOTS

To Date Twenty-Three States Have Registered For Championship Events

By PETER P. CARNEY
Press Representative of the Interstate Traps shooting Association

Sportsmen's associations in 23 states have selected dates for their traps shooting championships. These and the dates of other important traps shooting competitions have been announced by the Interstate Traps shooting Association in its 1918 list of registered tournaments.

Many in Service
Traps shooting was the last sport to be affected by the war. More than 100,000 traps shooters have entered the service, and with such numbers doing their best for Uncle Sam and democracy, it is only natural that the number of tournaments should decrease.

The tournaments as they are listed by months are: March, 5; April, 24; May, 23; June, 7; July, 5; August, 30; September, 28; October, 8. Sixteen tournaments are listed for Memorial Day and seven for July 4.

NEW YORKERS ON STEEL CIRCUIT

Sparrows Point Has Almost Complete Lineup From Farrell League

Reports from Sparrows Point, Md., indicate an all New York State league team for the Bethlehem Steel League this year. There will be strong rivalry this year and the Sparrows Point management has gone the limit this year to land a winning team. Players signed up are well known to fans in this city and Steelton.

Included in their line-up will be "Lefty" Russell, the one time star Athletic twirler, who when his arm went bad, developed into a first baseman. Russell is a thoroughly seasoned ball player and last year was conceded the best first baseman in the New York State League. "Lefty" is well known to fans around these parts, having covered first base for the Allentown Tri-State team until he was sent to Syracuse and his former berth filled by George "Buck" Boyle, who has cast his lot with the club representing the local plant of the Bethlehem Steel Company.

Discovered by Jack Dunn
"Lefty" was brought out by Jack Dunn, manager of the Baltimore Orioles, who also developed Allen Russell, a brother of "Lefty," who, still a youngster, is regarded as a high class performer and is a member of the Yankees' pitching staff.

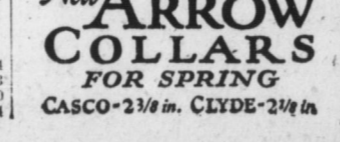

"Pitcher" Bill Donohue, formerly of the Richmond club of the International League, has turned down an offer to play on the Waco club in the Texas League and will play with the Sparrows Point club. Billy Catz, Bill Cranston and shortstop Armstrong are other well known New York stagers who will play on the Sparrows Point team.

Burnham Lewis to Lead Harvard's Track Team

Cambridge, Mass., April 2.—Burnham Lewis, of Philadelphia, was appointed captain of the Harvard varsity track team.

Lewis is a mile and two-mile runner and captained the informal cross-country team last fall.

He prepared for Harvard at Haverford School.

Harvard intends to run a full varsity tennis schedule this spring, with the exception that its customary junket to the South will be abandoned. Three contests have been arranged so far, the most important of which will be held June 1, with Yale on Harvard's courts.

The Crimson will also meet Dartmouth on May 3 and Tufts on March 8 at Cambridge. Amherst, Princeton, Pennsylvania, Williams and M. I. T. are also considering dates with the Crimson.

BOSTON GETS DAVE SHEAN

Boston, April 2.—Word was received here from Little Rock, Ark., that the Boston American League Baseball Club had traded Pitcher George Foster to the Cincinnati Nationals for Dave Shean, a second baseman, and formerly manager of the Providence club of the International League.

WELLY'S CORNER

Harry Fritz, former Tri-State star, who was with Connie Mack a short time, and played in the International and New York State leagues, has organized a unit at League Island Navy Yard. Games have been scheduled with college teams and strong semi-professional nines. Fritz is captain and will be found at his old position at third base.

Harry Fritz was always known as a clean-cut player. He was a good hitter and fast fielder. The only trouble with this high school star, was his "quitting habit." If he became tired of a job, there was no argument. He simply refused to play. His popularity in Philadelphia always enabled Fritz to land a job anytime.

Continuing its policy of the past few years, of giving trophies to newly-formed clubs, the Interstate Traps shooting Association is doing its share to aid clubs to get under way. While hundreds of traps shooting and sun clubs are formed yearly, few apply to the Interstate Association for trophies.

From a strictly Michigan viewpoint, there can be no such thing as too much Johnson in the Penn Relays Carnival. The leading citizen of Ann Arbor of that name will wear the Maize and Blue in the special events on Franklin Field next

month, and united Michigan banks upon his making good all the boasts of his ability.

Major league baseball starts Monday April 15. That is also the date for trout anglers to get busy. It promises to be a memorable day for "catches."

Five 10-second men are entered for the 100-yard dash in the Penn Relays. Ganzmuller of Penn State, Zowlin of Michigan, Clemmshaw of Cornell and Carroll of Illinois, and Butler, the Dubuque whirlwind, will battle for honors. Ganzmuller is well thought of by the critics and is expected to win.
