

OHIO CITIZENS COMPEL GERMANS TO KISS THE FLAG

Freemont Tailor Rescued in Time to Avert a Lynching

Columbus, O., April 2.—Growing activity against pro-Germanism was parked in Ohio by work of volunteer vigilance committees in half a dozen cities last night.

At Freemont, Fred Kolbe, tailor, was rescued from a mob by the police. Lynching was threatened when he refused to kiss the American flag, the police arriving in time to save him.

More than a hundred steel mill employees took William Zerbe, one of their number to the public square in Canton and forced him to salute and kiss the colors after alleged unpatriotic remarks.

Three hundred persons in sixty automobiles visited thirty homes of alleged pro-Germans in the "Cochran neighborhood" and compelled heads of families to denounce the Kaiser and to salute and kiss the flag.

At a meeting last night the Columbus Board of Education ordered teaching of German in all city schools to be stopped at once.

Lemons Do Whiten! Try This on Face, Neck, Arms, Hands

The lemon juice massage indulged in once or twice, each day means a little time and trouble, girls, but what of the splendid results? A complexion beautifully white, a complexion with the bloom of a peach, a softening of those lines of care; in fact, a skin glowing with purity and hands white, soft and full of charm.

What girl or woman hasn't heard of lemon juice? It is the complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty!

ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be missing in my duty not to mention it.

U. S. Has Plan of Gun With 105-Mile Range

Washington, April 2.—Plans for a supercannon of long range, possibly similar to the one with which the Germans have been bombarding Paris, have been submitted to Secretary Daniels by naval ordnance experts and the War Department.

MAY USE PRISON LABOR

Trenton, N. J., April 2.—Inmates of all New Jersey penal, correctional and reformatory institutions should be used to help solve the problem of New Jersey's labor shortage.

Northwestern Cities Abolish Teaching of German in Schools

Spokane, Wash., April 2.—Within the last twenty-four hours three cities in the Pacific northwest, through their boards of education have voted to abolish the teaching of the German language in the public schools.

361 Planes Were Lost on All Fronts in Feb.

London, March 20.—(Correspondence of the Associated Press)—How necessary the rapid building of airplanes is can be gathered from the official reports of losses on all battle fronts during February.

War Time Lexicon

Black Marias: Are 300 pound howitzer shells, which liberate a large cloud of stinging black smoke when they explode.

Kukur: When the British brought troops from India to the western battle front, new weapons outside the knowledge of western war-farers were brought into use by the Indian soldiers.

Steel Ring: Another peculiar weapon of the Indian soldiers is a kind of steel ring which they carry on their heads like a fillet.

One Application of Mustierine Keeps Feet Warm Two Days

Don't Forget to Send a Box to the Brave Boys in Camp or Trenches—They Will Need It!

MUSTIERINE, 25 CENTS

Always in the Yellow Box

Letters from camp and abroad prove that in cold weather it is difficult to keep the feet warm.

When you are sending something for the soldiers, put in a box of Mustierine. It will be sure to get your feet warm and comfortable in the coldest weather.

MANUFACTURERS' NOTE: Nuxated Iron and other similar iron products failed to get results, remember that such products are an entirely different thing from Nuxated Iron.

JOHN SCHELHAS WINS HIGHER POST IN REGULAR ARMY

CAMP TO SAIL BEFORE AUG. 1

President Orders Great Army to Be Overseas For the Summer Fighting

Washington, April 2.—Executive orders have been issued which will place in France or en route by August 1 all troops now in the cantonments of this country.

Secretary Baker, in a message indicated he thought it wise to return at once in order to give the War Department and supply bureaus the benefit of the information he has gathered.

The President's plan to get the greatest number of troops to France in the least possible time is declared to be working smoothly.

The soldiers are being massed at certain Atlantic ports of embarkation. No ship will sail without taking every man for whom space can be found.

The National Army divisions which will be sent to France are said to be so far advanced in training they could go into action without additional preliminary work.

The President, it is thought, will take up with the House military affairs committee at an early date such legislation as may be necessary to increase the size of the Army.

No intimation came from the White House concerning the main points of information the President is likely to bring up in his speech.

New York's Investigation Into Death of Gambler Draws More Into Net

New York, April 2.—In an effort to obtain further details of the ramifications of an alleged gamblers' feud in New York, officials from the District Attorney's office to-day questioned Morris Rothenberg, waiter and bartender, who was arrested late last night, charged with killing Harry Cohen, known as "Harry the Vet," a notorious gambler and burglar.

Cohen's murder on the eve of his promised disclosures bears a close resemblance to the sensational Rosenthal murder here in 1912, for which Charles Becker, police lieutenant, and four gamblers were electrocuted.

Rothenberg denies knowledge of the shooting. It was identified as the man who shot Cohen by Joseph Edney, negro elevator attendant at the apartment house, according to the police.

Penny Is Big Loser Under Government Control; Deficiency of Two Months

Philadelphia, April 2.—For the first two months under Government control, the United States owes the Pennsylvania railroad system \$12,371,278 on account of an operating deficit for such period. It is also obligated to make over to the system, as the "just compensation," set by the control act, a further amount equal to one-sixth of the average annual net operating revenue for the three-year period ended June 30 last.

In the statement, issued yesterday, showing the above-given deficit, the company adopts the form to show the net operating income, as it now is deficit, in accordance with the terms of the new law, which created a revolving fund of \$500,000,000 to make good all the undertakings which the Government has assumed.

John Denker, of Lebanon, spent Sunday with his father, Harry Denker.

PLAN TO SWING HARRISBURG VOTE FOR PROHIBITION

Organized Churchmen For First Time to Fight Against Organized Booze

Each precinct in the city and each voting district in the county is to be thoroughly canvassed in the cause of prohibition this spring in time for the primaries under plans made last night at a mass meeting of delegates representing virtually all churches and denominations in the city.

It is the purpose of the organization to see that only men pledged to the support of national prohibition and other anti-booze measures are nominated up the primaries. The work is to be carried out to the finest detail, and according to the plans, the entire force of all Bible classes and churchmen will be organized.

Each church is to organize a committee to work in the ward in which the church is situated. The committees will check up the names of the voters in the same ward will co-operate closely under the direction of the executive committee.

Your merchant's service is no stronger than his delivery car

The storekeeper who thinks knows that he must stand or fall by his service—delivery service. His ability to hold trade largely depends on his delivery car.

He must have a car that will not go back on him—a car that is free from pleasure car parts or makeshift attachments.

A car that is built to haul a load of merchandise over the roughest roads without going to the repair shop every few days.

A car that is built as solidly and substantially as a heavy duty truck—and yet light enough in weight to operate at the lowest possible cost per mile of use, in gasoline, tires, repairs.
