WOMEN'S PART IN WAR

More than one-tenth of the married women of the United States were engaged in gainful pursuits in 1910, and over twenty-five per cent. of all women sixteen years old or over, were wage-earners, business women, etc. Since the war the percentage has greatly increased. Many of such women are better adapted for work in shop, factory or office than are men if it were not for the sufferings, the burdens, and the weaknesses of the sex or the nervousness so often complained of.

It is a medicine that's made specially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing cordial and bracing nerve; purely vegetable, non-alcoholic, and perfectly harmless. It regulates and promotes the proper functions of womanhood, and is a herbal tonic that improves digestion, enriches the blood, dispels aches and pains, melancholy and nervousness, brings refreshing sleep, and restores health and strength.

Here is a remedy that has proven its merits by nearly 50 years of approval. In the derangements, irregularities, and weaknesses peculiar to women, the "Favorite Prescription" numbers its testimonials of cures by the thousands. In tablet form 60c at drug stores.

LEWISTOWN, PA.—"After seeking in vain for health at the hands of doctors, I began treatment with Dr. Pierce's Favorite Prescription. When I first began I was miserable. I was nervous and low spirited, also had woman's trouble. I could not sleep; in fact, I was just about as weak and low as I could be. I could scarcely drag myself to work. Often despondent and with no inclination to do work of any kind, but with aid of the 'Favorite Prescription' I am now able to enjoy life. I can walk without pain, and that weak and tired feeling. I can certainly give Dr. Pierce's medicine all the recommendation necessary."—MRS. D. E. HARSHEBARGER, 4th St. and Highland Ave., Box 31.
