# **Tornadoes Kill Several** and Cause Large Loss of **Property in Missouri**

St. Louis, April 3 .- Six persons

Draw a moist cloth through hair and double its beauty

at once.

Your hair becomes light, wavy, huffy, abundant and appears as soft, iustrous and beautiful as a young siri's after a "Danderine hair cleanse." Just try this-moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small surand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Danderine dissolves every par-ciele of dandruff: cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will will actually see mew hair-fie and the young at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and ots of it, surely invest a few cents in a bottle of Knowiton's Danderine ut any drug store or tollet counter, and just try it.

any drug store or tollet counter, I just try it, save your hair! Beautify it! You I any this was the best money you r spont

**STAGGERING SUM** 

**COST OF WAR IS** 

throughout the country a demand for better qualities in nearly every line of merchandise, ' particularly in women's ready-to-wear garments. There are many well-defined reasons for this.

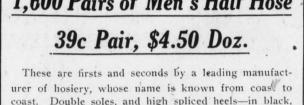

While better qualities may cost a little more than inferior grades, the difference is slight, and is much more than justified by the increase in serviceability. Garments which are sold

for unreasonably low prices are often in fanciful styles, and are seldom of lasting qualities. Garments that are sold for legitimate prices are nore than likely to be correct in style and in quality, too.

BELL 1991-2356 UNITED

THERE is developing

At this store you will find ONLY the better class of mer-chandise. Under no consideration will we handle inferior qualities merely because of the price-appeal they make to a rapid-decreasing class of inexperienced shoppers.

Government emergency construc-	AXMINSTER RUGS
tions. Tentative plans for the project were prepared by A. I. Parsons, As- sistant Chief of the Bureau of Yards and Docks of the Navy Department, who is said to have found that he could erect a reinforced concrete building for approximately \$2.50 a square foot of floor area, âs against \$2.35 for the partly sprinklered wood and stucco buildings hitherto built for emergency construction at Wash- ington. Although it was originally intend- ed to erect wooden buildings, the priceless records of the departments largely influenced the decision which determined the selection of a fire- resistive material. The contract for the construction has been obtained on a cost-plus basis by the Turner	Deep tufted, richly colored all over, floral medallion and Oriental patterns. 4-6x6-6 ft
