

SUBMARINE TOLL CUT HEAVILY; BUT 13 SHIPS IN WEEK

Report of British Losses the Smallest in More Than Two Months

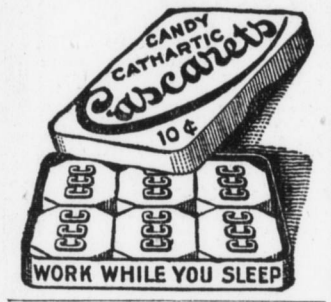

London, April 4.—There was a sudden and marked decrease in the losses to British shipping through mine or submarine during the past week. The Admiralty reports that only six British merchantmen of 1,500 tons or over and seven under that tonnage were sunk in the week ending March 30. Five fishing vessels also were sent to the bottom. The Admiralty statement continues: "Fifteen British merchant vessels were unsuccessfully attacked by submarines. The large vessels reported sunk include one sunk during the week ending March 10 and the smaller vessels reported sunk include one during the week ending March 23. "The arrivals during the week ending March 20 were 2,416 and the sailings 2,379."

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excessive acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five-grain tablets taken in a little warm water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal is eaten peacefully and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or cream and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat." G. A. Gorgas, Advertisement.

May Have Planned Suicide

That he has been suicidally bent for some time is affirmed by his sister recently. "Ellie, I'm so tired of life that some of these times I'll go away and no one will find me until I'm dead. I've been nothing but a burden to my wife for four years."

State police will be enlisted in the search, it was said, and the city police has already been notified. The friends and relatives of the man are combing the hillsides for a clue to his whereabouts.

Red Cross Workers Left Village Just Two Hours Before Germans Arrived

Paris, April 4.—As the excitement incident to the first few days of the German offensive died down, reports come in of the bravery in face of danger of various workers in the American Red Cross. Women workers of the Red Cross were aiding civilians in reconstruction and relief work at Villers-quer, near the river Somme, left their posts just two hours before the Germans arrived in the town. With their automobiles they aided in removing the civilians and picking up many wounded along the roads. The women were the last civilians to leave the town, just preceding the French troops.

The Hero --- HULL --- The Destroyer

High Tributes to the Man Namesake at War Now

"Captain Hull, finding that his friends in Boston are correctly informed of the situation when chased by the British squadron off New York, and that they are good enough to give him more credit for having escaped than he ought to claim, takes this opportunity of requesting them to transfer their good wishes to Lieutenant Morris and the other brave officers and crew under his command, for their very great exertions and prompt attentions to his orders while the enemy were in chase. Captain Hull has great pleasure in saying that, notwithstanding the length of the chase, and the officers and crew being deprived of sleep and allowed but little refreshment during the time, not a murmur was heard to escape them."

Isaac Hull

The little destroyer Hull is equipped with two 3-inch 50 caliber rapid fire guns, six 6-pounder rapid fire guns, and two 18-inch torpedo tubes. The man for whom she was named has left her traditions that throughout the years maintained the American navy at the highest standard.

Says Pile Remedy Worth \$100.00 a Box

Columbus Man Knows What He Is Talking About. I have had itching piles ever since my earliest recollection. I am 53 years old and have suffered terribly. I have tried many remedies and doctors, but no cure. About 3 weeks ago I saw your ad for Pile Remedy. The first application stopped all itching, and in three days all soreness and pain had disappeared. I bought a box and consider I am cured. You have my heartfelt thanks, and may everyone who has a touch of the disease give Peterson's Ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A.
