

American Mechanics in France Are Numerous and Always "Brilliant"

London, April 5.—A tribute to American aviators with the British army in France, who are "numerous and always brilliant," is paid by the correspondent of the Daily News. He says American aviation mechanics also have rendered splendid aid. Describing the air fighting on the western front, the correspondent says never before in any army have airplanes been used in such great concentration. On one sector of the battlefield as many as 800 machines are in the air at one time. The use of machine guns on enemy troops, guns and transports by low-flying machines, he adds, has been carried to a point far beyond anything in previous experience.

COUNTY BONDS REDEEMED
Officials of the Commonwealth Trust Company in charge of the county's sinking funds reported today that \$18,000 of the \$121,000 bond issue of 1903 had been paid since Monday when the securities became due. On the first day bonds totaling almost \$50,000 were presented and redeemed. With \$3,000 still outstanding the total bonded indebtedness of the county is \$202,000 and the net bonded debt about \$110,000.

Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulitified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

SCHOOL OF COMMERCE AND HARRISBURG BUSINESS COLLEGE
Troup Building, 15 S. Market St.
Bookkeeping, shorthand, stenotype, typewriting, civil service.
If you want to secure a good position and hold it, get thorough training in a standard school of established reputation. Day and Night School. Enter any Monday. Fully accredited by the National Association.

Kansas City Suffers Fire Loss of \$2,500,000; Several Fires at Once

Kansas City, Mo., April 5.—Confronted by a loss of approximately \$2,500,000, the wholesale district today began to take stock of the damage wrought by a fire which last night destroyed three city blocks of buildings and damaged many others. Thomas P. Flahive, chief of police, said reports to him indicated the fire had started in several places at the same time. He said he had no positive information that the fire was intentionally set. Other reports were that the fire started in a car of baskets. No war materials are stored or being manufactured in the district, it is said.

Six firemen were injured, none seriously, and a boy was run over and killed by a fireman's motorcar. Buildings occupied by eighteen business concerns were destroyed. The old Astor House, famous years ago when the Union station was located in the West bottoms, was one of the buildings destroyed.

Cost of Ash Cleanup Averages \$200 a Day

Harrisburg's general ash cleanup cost \$4,122 from March 7 to 30, inclusive, according to a bill which has been submitted to Commissioner E. Hasler by the Bureau of Ash and Garbage Inspection. The daily cost ranged from \$160 to \$215 depending upon the number of men and teams employed. Commissioner Hasler said the bill was slightly higher than had been anticipated, but declared the cleanup work was being done systematically and that fair weather should be completed before May 1. The charges on the bill are as follows: Jumbo ash wagons, \$10 a day; dump wagons, \$8 a day; three foremen, \$3 a day; three foremen kept on duty it was explained, and carts varied, depending upon the number of men who report in the morning.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots
There's no longer the slightest need of feeling ashamed of your freckles, as a prescription of othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of othine—double strength—from any druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Governor Urges Churchmen to Vote For Candidates Pledged to Prohibition

"It is the urgent duty of every church member to strike a vital blow at the liquor traffic by voting at the primaries and at general election only for such men as will be pledged to assist in ratifying the Sheppard prohibition amendment," spoke Governor Brumbaugh last night at Stevens Memorial Methodist Church. He was addressing the men's Bible class, one of the most industrious and enterprising associations of its kind in the city. There were 150 of these workers present last evening, nearly the full membership, and their response to the Governor's eloquent appeal was to sign pledge cards to work and vote only for the sort of candidates specified.

The Governor had for his subject "The Duties of Christian Citizenship" and a good part of his talk was devoted to the situation which will present itself when the soldiers return from war. The Federal government, he said, had discovered that you cannot make good soldiers with rum and so it has eliminated the evil. It is now our bounden duty to wipe out the evil at home so that when soldiers return they may have no more temptation than when in camp or in the trench.

CAMP CURTIN SCHOOLS SUPPORT WAR WORK

The teachers and pupils of the Camp Curtin building have responded generously to all the war relief movements inaugurated during the past year. All pupils have been enrolled in the Junior Red Cross, with added contributions sufficient to register 200 pupils more than the entire enrollment. One school, on the basis of twenty-five cents per member, scored 400 per cent, and another 275 per cent. Seventy-three pupils enrolled as Senior Red Cross members. The pupils alone have invested \$1,500 in Liberty Bonds and over \$300 in Baby Bonds. One hundred and twenty-four of them are now buying Thrift Stamps; they also contributed \$30 to the Y. M. C. A. work. A goodly number of sweaters, scarfs, helmets, wristlets, socks and washcloths have been knitted by pupils, and sufficient patches for fourteen comfort robes. One school has sent 286 magazines and booklets to navy yards, and has made eighty-nine hospital scrap books and sent them to France. Great quantities of rags have been shipped by the smaller children. Besides this the teachers have invested \$1,325 in Liberty Bonds and contributed \$75 toward Y. M. C. A., K. of C., and similar work. Several of them have sent two boxes of clothing and other material to France, costing over \$22. Surely a creditable record for the pupils and teachers of Camp Curtin.

DR. REED TO SPEAK IN TEMPLE
The significance of the Third Liberty Loan is the subject of an address to be made this evening by Dr. George Edward Reed, ex-president of Dickinson College, in Oheve Shalom Temple, Second and South streets. The regular sermon of Rabbi Haas will be eliminated this evening for the lecture.

Austrians Believe Negotiations Are on With United States

Zurich, April 5.—Austrian parliamentary circles believe negotiations have been opened between President Wilson and Count Czernin, the Austro-Hungarian Foreign Minister. A telegram from Vienna to the Neueste Nachrichten, of Munich, says: "Count Czernin's speech has created a profound impression in Austrian parliamentary circles, where it is believed communications have been opened between Count Czernin and President Wilson, which already have reached further than Count Czernin's statement shows."

News Items of Interest in Central Pennsylvania

Selinsgrove.—Howard Davis Schrire, president of the First National Bank of Selinsgrove and director of the First National Bank of Sunbury, died at his home here from pneumonia, after being ill only three days.

Selinsgrove.—Discovery of what is believed to be petroleum has been made at Verdilla, near Selinsgrove, Snyder county, and options at a thousand dollars an acre taken on over 800 acres.

Mount Carmel.—With the Spanish-American war veterans as a guard of honor and with many other patriotic bodies in the line of March, Private Joseph Caretskie, who died suddenly at Camp Curtin, Battle Creek, Mich., was given a military burial here yesterday. He was the second Mount Carmel soldier to die in an army camp.

Lancaster.—For the fifteenth consecutive term, E. M. Kauffman has been elected treasurer of the city of Lancaster. He was a former newspaperman.

DR. BECHT TO SPEAK
The Sunday afternoon mass meeting at Fahnstock Hall will be favored with the presence of Dr. J. George Becht, executive secretary of the board of education who will talk on "Soldiers of the Soil." Music will be furnished by the Studio quartet, led by C. Phillips, organist of the Grace Methodist Church.

PALMER MOVES IN ALIEN CLAIMS

Compensation Precedent May Be Established in the State Involving Millions

A. Mitchell Palmer, Federal custodian of alien property, has filed more than thirty petitions for reinstatement of claims of non-resident enemy aliens from Pennsylvania for deaths of workmen in Pennsylvania, many of whom were nationals of the Austro-Hungarian empire. These claim petitions had previously been disallowed by referees throughout the state because of the failure of claimants to attend hearings and prove their cases.

Must Keep Up Bridges.—According to State Highway Department officials the law requires that bridges on turnpikes which are condemned or acquired by the state revert to the counties in which they are located for maintenance. Counties have to maintain bridges when the state takes over a highway for the state system. The question arose in Berks county and the decision will apply to Lancaster, York and other counties where turnpikes are condemned.

Will Meet Here.—Members of the State Banking Code commission, who are sitting today in Pittsburgh, will return here for a meeting late in the month to digest the statements made at hearings and for consultation with Banking Commissioner Lafayette.

Roads Hard Hit.—State highways in eastern Pennsylvania counties have suffered more from truck trains this winter and spring than those in western counties. It is believed. The Lincoln Highway, over which the bulk of the army truck trains have passed, has stood the traffic fairly well.

PRODUCE DIRECT FROM LANCASTER COUNTY The Garden Spot of Penna TO NEW YORK CITY PARCEL POST TRIAL TRIP
UNITED STATES MAIL
Parcel Post Links Farm With City
Some favored New Yorkers, on Wednesday evening, March 20, ate eggs that were laid a few hours before at Lancaster, Pa., 180 miles away.
The above Autocar truck, taken from its regular Parcel Post route for this trip, carried a total load of 2920 pounds of farm produce and completed the distance in 10 hours.
The Post Office Department has established many "Produce to Consumer" motor truck routes. It estimates that on the 156,000 miles of improved roads in the United States, 1500 or more trucks could profitably collect and deliver mail, including farm produce, from points 50 miles away, twice each 24 hours.
As good roads are extended this service can be expanded indefinitely.
Motor trucks to-day are a necessity—investigate the Autocar for your business at the Eureka Wagon Works, 616 North Street, Harrisburg.
