NEW ASSESSMENT IS A BIG JOB

Triennial Task to Be Undertaken by City Next Week

Revision of assessment figures for the triennial valuation of property will be started in the city next week. City Assessor James C. Thompson announced today, Harry W. Keeny, of Miller Brothers and Company, and DeWitt A. Fry have been elected as assistant assessors during the next few months and will probably begin their duties on Monday.

Complete plan for the assessment work has not been made, but it is likely the city will be divided into small districts. The new ordinance requiring registry of all deeds showing property transfers in the city is expected to be a big help in keeping an accurate record of the owners of various properties. Later in the year copyists will be added to the office force to transcribe the estimates into books which will be provided for the purpose.

CONSTRUCTION WORK BOOMING

First Three Months of Year Show Excess Over Same Period in 1917

Building construction work started in Harrisburg during the first three months of the year far exceeded the total for the same period in 1917, figures compiled at the office of the City Building Inspector show.

The total cost of buildings which have been started during the first quarter of 1918 will be \$712,955, and of this total more than a half-million will be spent for two school buildings, one at Nineteenth and Chestnut streets and the other at the rear of the Camp Curtin school.

Forty-five permits were issued this year, while in 1917 from January 1 to April 1 there were seventy-four permits for work costing \$211,265.

During the past week permits were issued for buildings which will include: One-story brick garage, rear of 225 Pine street, \$300; one-story brick garage, corner of Market and Derry and Summit streets, \$2,000; one-story frame garage and shed, \$2,000; remodeling 410 Market street, \$2,000; marquis awning, 27 South Fourth street, \$250.

WAR MESSAGES FAVOR RISE IN WALL STREET

Leaders Rally From Apathy When News From French Front Gives Cheer and Liberty Loan Subscriptions Are Encouraging

New York, April 6.—The stock market made substantial response today to favorable developments, chief of which were the hopeful message from the French front and the heavy subscriptions to the new Liberty Loan. Leaders rallied from their apathy, and in general were at highest quotations of the week at gross gains of 1 to 2-1/2 points. A specialties advanced 3 to 5 points. Bulls were relatively dull, the movement converging around shipplings, oils and equipments. The closing was strong. Sales approximated 200,000 shares.

Liberty 3-1/2's sold at 98.66 to 98.86, first 4's at 96.20 to 96.30, and second 4's at 96.18 to 96.30.

RUSSIA WILL OPEN FRONTIERS TO REFUGEES

London, April 6.—More than 250,000 refugees from the regions taken from Russia by Germany are seeking safety from the German troops on the eastern frontier of the Ukraine. The Russian government, according to a wireless statement issued Friday, has notified the German government that since the conclusion of peace the situation has become intolerable and the refugees have concentrated on the frontiers of the provinces of Smolensk, Vitebsk and Mohilev. The Russian government says it proposes to open the frontiers for these refugees until their definite fate is settled.

Dr. Muck to Be Prisoner Until War Is at End, Authorities Determine

Washington, April 6.—Interment of Dr. Karl Muck, former leader of the Boston Symphony Orchestra, for espionage, was ordered yesterday by the Department of Justice. Dr. Muck, held to be an enemy alien in spite of his claims to Swiss citizenship, supported by the Swiss legation, will be turned over to the military authorities, who will decide where he shall be imprisoned.

The Department of Justice, after an extensive investigation of Dr. Muck's record of pro-German sympathies and utterances and his close association in the past with certain leaders in Germany, decided it would be dangerous to permit him to remain at large. His claim of Swiss citizenship, in fact, his father was naturalized in Switzerland after moving from Germany, were overruled under the espionage act which permits the internment of a "denizen" of an enemy country.

Dr. Muck was arrested about two weeks ago and held on a presidential warrant while the Department of Justice reviewed reports of secret agents who have followed the former orchestra leader's movements for several years since he obtained special permission from Emperor William to remain in this country. He has resigned his leadership of the orchestra.

Ireland's Future Has Reached Critical Stage

London, April 6.—The question of Ireland's future has reached a crucial stage with the signing of the Irish convention which has finished its work and decided upon a report to be made to the government.

Premier Lloyd George declared when the convention was organized that if agreed upon any plan for a government, it should be embodied in a bill and placed before Parliament. He also strongly intimated that the government might proceed to a settlement of the Irish problem by legislation even if the convention failed to find some ground for settlement "by consent."

Therefore new Irish developments are expected in the near future, although the first business before the government must be dealing with urgent war measures, chiefly that for increasing the Army.

TO HOLD CONFERENCE

The first of three conferences to be held in this division will be held Monday, when the campaign managers and chapter leaders of the Pennsylvania Division of the American Red Cross will meet at 12:30 in the Civic Club. Dr. Stockton Axson, national secretary of the Red Cross, will be on hand for the review of the organization, review the work
