

ROOT'S ADVICE IS "SHUT UP, MAKE GOOD" FOR WAR

Sacrifice to Uttermost Necessary to Bring Defeat For Germany

Philadelphia, April 9.—Speaking with intense feeling, Elihu Root yesterday told the people of the nation, through a group prominent in Philadelphia at a luncheon in the Bellevue-Stratford given by Thomas DeWitt Cuyler and William T. Ellis in the interests of the National Security League, of which Mr. Root is honorary president, that he was so tired of talking and hearing other people talk that the time had come for the American people to shut up and make good and that the victory against the Germans must be won on the field of battle, with the physical force of the nation's manhood, backed and inspired by the moral force of an undivided country.

have been talking this way for years—the people of the country didn't really understand it or feel it. The effect of what Germany has done to Russia shows that a great part of the people didn't feel in their hearts what the real Germany was or that her domination meant death to liberty for the world.

Moral Qualities Will Win "There are two things which we must understand. One is that the war is to be won or lost by the exercise of the moral qualities of the people. This is a great struggle between the principles of a Christian civilization and the principles of a pagan and brutal force, and that party will win which has to the last the higher courage, the stronger determination, the inflexible will and the greater capacity for sacrifice and devotion.

STORK PAYS SIXTEEN VISITS IN 19 YEARS Garrison, N. Y.—The stork called at the home of Mr. and Mrs. Anthony Monglass, Iona Island, opposite Garrison, for the sixteenth time in nineteen years, and left a baby boy. Monglass, who is a union worker, has the largest family in Orange county. Mrs. Monglass and the fourteen living children are all robust.

Wallace Eddinger and Ruth Shepley in "The Boomerang," at Orpheum Saturday

The Orpheum will have a Belasco attraction for an engagement of one day next Saturday, when David Belasco will present "The Boomerang." The latest work of two such well-known writers as Winchell Smith and Victor Mapes, this popular comedy enjoyed a fifteen months' engagement at the Belasco Theatre, New York, and eight months at the Powers Theatre, Chicago. In bringing this delightful play to Harrisburg, Mr. Belasco assures local theatergoers of a feast of fine acting, for the same cast that has been identified with "The Boomerang" since the date of its first presentation, and one which was termed by the New York Herald Tribune as "the best of the strongest acting ensembles that has appeared in a single play in many years."

with John Mason in the leading role. After its run in this country, it was borrowed by Sir George Alexander for the same role in his production of the play at the St. James Theatre, London. "The Attack" was even more successful over there than in this country, and Lawrence is a clever duo, offering a comedy skit that is replete with good comedy and good acting. The play is a study, making herself familiar not only with our language but learning American ways, and she says she has come to love America very much, although holding allegiance to her native Sweden.

MAJESTIC BILL IS EXCELLENT Lieutenant Pat O'Brien Gives Short Talk; Vaudeville Acts Are Fine

Every offering on the program at the Majestic for the first three days of the week is a feature, making one of the best bills listed this season. Manager C. Floyd Hopkins last evening arranged another attraction as a treat for the patrons, bringing Lieutenant Pat O'Brien to the theater to speak for a few minutes. The lieutenant's message was brief and to the point. He repeatedly urged everyone to invest in the Third Liberty Loan, which was not only against the Kaiser, but against every man, woman and child in Germany.

Increase For Harrisburg Railway Co. Employees An increase of two cents an hour for employees of the Harrisburg Railway Company was announced last evening by President Frank B. Musser to the employees' committee. The raise will increase the company's payroll by about \$20,000 a year.

Simple Way To End Dandruff There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to size of a soap and rub it in gently with the finger tips.

COMEDY SUCCESS STILL POPULAR

"Fair and Warmer" Is Enjoyed by Orpheum Audience

"Fair and Warmer," a play of temperature and temperament by Avery Hopwood, in a return engagement to the Orpheum, is still a big comedy success. John Arthur, as "Billy Bartlett," was a real star, and kept the audience in a continuous uproar from start to finish. The story followed out during the play is interesting and entertaining, and will be remembered by those who have seen the play before.

English Civil Service Cost \$500,000,000

London.—The sum of \$500,000,000 was expended in maintaining the Civil Service in Great Britain for the past year, says an official announcement. This includes the sums spent on the King's palaces, immense excesses of expenditure over the amounts originally estimated are accounted for by war bonuses, increased cost of labor and material, and the higher cost of food.

Another side of war is reflected in a \$5 item of \$3 for a warrant revoking Sir Roger Casement's Knighthood. In some items there are considerable savings. Members of Parliament turned back their salaries to the amount of \$75,000. There is a saving in the estimates for prisons, due to the decrease in the number of prisoners. Reformatories and similar institutions, however, cost more, owing to a large number of juvenile delinquents. There were considerable savings in the diplomatic and consular service due to the withdrawal of missions from enemy countries.

WE WILL RETURN YOUR MONEY if Vinol fails to benefit you.

Plenty of variety is to be found on the Majestic's vaudeville program this early half of this week. At the headliner is Lew Madden and Company in the comedy "Monday Morning."

Admirers of Constance Talmadge, the bewitching little Selznick star, will doubtless be glad to know that she is appearing in her latest picture entitled "The Shuttle," which is being shown for the last time to-day at the Colonial Theater. Miss Talmadge wears some stunning costumes, which greatly enhance her type of beauty, while her portrayal of the stellar role is played in such convincing manner that there is little if any room left for criticism.

When David Belasco brings "The Boomerang" to the Orpheum, Harrisburg theatergoers will get a glimpse of the charming young actress, who has registered such a notable personal success in this comedy. Miss Hedman's success in this comedy, which has been confined almost entirely to New York. Five years ago she did not know a word of English; today her knowledge of the language is well-nigh perfect, with just a suspicion of foreign accent which now and then makes itself apparent, but which is in itself an additional charm.
