FINAL DRAWINGS FOR BIG RELAY; COLLEGE TEAMS

List of Entries Indicates Successful Carnival on Franklin Field

Philadelphia, April 10.—Final drawings for the Penn relay carnival were made yesterday. Those for championships, military and naval and college classes indicate a record meet.

In all 391 teams were drawn for the different events. All of these are bonafide entries with the exception of about ten, that were put into the draw by the relay management as the colleges had not definitely heard from, but it is considered most likely that they would send on their teams.

This was the case with Cornell, whose manager wrote some time ago that they would probably enter the one, four, the sprint, medley and the freshman race. They were also put into the two and a half mile relay as they may desire to put teams in one or other of these events.

The relay teams from the First Naval district of Boston and the Great Lakes Naval Training station were put into the drawing for the military and naval relay races as both of these important cases desire to compete in the distance medley as they may desire to put teams in one or other of these events.

Jess Willard Favors Ten-Round Battle When He Meets Fulton

New York, April 10.—New that Jess Willard and Fred Fulton, the two most powerful heavyweights, have entangled themselves by a set of articles agreeing to a battle for the world's heavyweight championship, it is to be suspected that Jess is looking around for a soft spot to light.

Fulton Is Capable As a matter of fact, based on a comparison of records, Fulton is fully capable of knocking out the big champ inside ten rounds, but the public will smell a rat if the fight is finally held under that provision.

The fact is the public is tired of Willard's throne keeping. The fans want to see one else on the crest of the white hope brigade. Jess has been too much of a pacifist and circus manipulator to suit the fight follower.

Reading fans will not get class AA baseball unless Newark takes it. If the men at Reading who are willing to put up cash, consider the proposition from a business standpoint, they will stay out. Some one is going to get stung.

Willard wants a ten-round bout with Fulton. Is there anything else he wants? What he ought to get is a good walking. That is what is coming to him.

ROLL YOUR OWN The advertisement for Bull Durham tobacco, featuring a drawing of a bull and the slogan "Roll Your Own".

ANNOUNCEMENT

OUR Government has requested that we put at the disposal of the War Department our entire output of the "makings"—"BULL" DURHAM tobacco.

And we have complied—fully, gladly. For whatever the Government wants, whatever it needs, it must have from us and from you fully and with a generous heart.

We have been sending immense quantities of "Bull" to our men at the front, and at the same time trying to supply consumers at home. But now we are asked to give all our output—36,000,000 sacks, 2,000,000 lbs., 100 carloads of "BULL" DURHAM every month.

This call means more than just huge figures to me and I know it will mean more than figures to the hundreds of thousands of men everywhere in the country who "roll their own" and who look upon that little muslin sack of good old "Bull" as a personal, everyday necessity.

It means that the Government has found that our fighting men need the "makings". But, if "Bull" is a necessity to you, here, in the peaceful pursuit of your daily life, how much greater its necessity to those splendid Americans who have gone to fight for you—to win this war for you.

I know that you will think of them as I do—only of them. I know there will not be a single complaint. I know that you will give up your share of "Bull", however long you have enjoyed it, however close it is to you, as you will give up anything you have if it is made clear to you that our forces over there need it.

That the Government has requested the whole output of "Bull", the night and day output of all of our factories, must make this absolute need clear to you.

And I know that you will not forget the little muslin sack—gone for the present on its mission of hope and inspiration to our boys in the trenches. "Bull" will come back, with ribbons of honor. Have no fear.
