A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is tongue coated, breath feverish and stomach sour?

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system.

WOMEN! MOTHERS! DAUGHTERS!

You who are easily annoyed, who are nervous, who are irritable, who are subject to fits of melancholy, who are "blue," get your blood purified, your system cleansed, your nerves strengthened.

port. The promise was made that when the department was motorized fire insurance rates would be lowered. The committee are Messrs. Spicer, Fagan, Roberts, Rudy, Geiger and Demming.

The fire underwriters were severely criticized for the private funds of fire extinguishing in one of the largest stores of the city, which recalled method will prove to be worse than the trouble which occurs in the basement, or on the first floor. The matter was referred to the State Fire Marshal.

Everything Under the Sun to Be Sold at Big Rummage Sale for the Hospital

If Charles Dickens were to see the miscellaneous collection of oddities and useful things as well, which have been given by citizens of Harrisburg to the Hospital Rummage Sale, he would find material for a second "Old Curiosity Shop."

Among the unique gifts to the sale are a hundred fresh herring, given by a member of the firm which runs the Russ Fish Market. Fish, tennis rackets, false teeth, a violin with a label declaring it to be a genuine Stradivarius.

Donations are still needed. Mrs. Fritsch is packed on the Bell telephone at 2132. A truck will be sent, by her orders, for any article from a pin cushion to a kitchen cabinet.

SUIT NEW BIT HOLE IN SHOE

Bad Teeth Like Bad Shoes Spoil Fine Dress and Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful to Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe" was a bit of sarcasm a girl using as a young man friend whose attire outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women.

With Senreco Tooth Paste at your service—scientifically prepared preventive of pyorrhea—there's no need of falling a prey to these ills. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. They should enter they can't exist long under its thorough, cleansing and excellent care.

Use Senreco Tooth Paste as a preventive. Ask your dentist if you should not pay all attention to your teeth. Of course you won't say our Tooth Paste will cure pyorrhea if you already have it, your dentist afflicted with his terrible disease. Senreco Tooth Paste will help you to get rid of it with your own hands.

FARM LABOR HAS DECREASED MUCH

State Authorities Say That Less Than 80,000 Workers Are on the Farm List

Figures compiled by the State Department, in which the Agriculture department reports made by township authorities, show a surprising decrease in farm labor as compared with the year when statistics are available. It is estimated that the number of farm laborers is now not over 80,000. Eight years ago figures showed 162,084 laborers on the farms. The department figures also show that seventy per cent. of the labor is hired on farms with board.

Reports received on the state crop of 1917 show that only sixty per cent. of the crop was marketable, the loss being due to the inclement weather and to the early frosts. Over forty-two per cent. of the 1917 oats produced in Pennsylvania is shipped out of the state where they are stored and to the early frosts. Over forty-two per cent. of the 1917 oats produced in Pennsylvania is shipped out of the state where they are stored and to the early frosts.

A study of the wheat situation is given by the department as showing that forty per cent. of the wheat produced in Pennsylvania is shipped out of the counties where it is grown. The department has issued a warning by J. G. Sanders, the State Zoologist, in which he urges "immediate and continued care of peach trees according to usual schedules for spraying." He is advising extra care where signs of damage by frost appear.

Hearing Ordered.—The Public Service Commission in an order issued to-day refused the petition of the borough of J. C. Burns for the tariff of the Edison Electric Illuminating Co., of that place, be declared void and ordered a hearing on the matter to be held on May 21. The case involved a question of notice of a change in rates, which it is found was not strictly in accord with the reasonableness issue rates. The Commission refuses the petition for the reason that the company published notices in newspapers of intention to change rates. FOCHT WELCOMES VARE ONSLAUGHT

Congressman Says He Is Ready to Meet Candidate in His District

A dispatch from Washington states that when Congressman B. K. Focht was shown the Philadelphia Ledger, of April 8, in which it was stated in a Harrisburg dispatch that one of the employees of the Attorney General's office, lately appointed by Governor Brumbaugh, who receives four thousand dollars per year and expenses, was "being backed by the Brumbaugh-Vare alliance" against him for the Republican nomination for Congress in the Seventeenth district, the Congressman made the following laconic and wholly characteristic comment:

"Very well, I am ready to receive the threatened onslaught, and no more ample and ideal locality than the Seventeenth Congressional district could have been chosen by the 'Brumbaugh-Vare' alliance to test how far vicious factionalism and city street cleaning contractor bosses are going to invade and dominate the politics of the interior of the state. I have unalterable and unbounded faith that the great people who by their votes themselves control the district I represent, will utterly scorn and condemn to defeat this attempt to introduce the undesirable and reprehensible methods which have brought shame and disavowal on the part of a large body of citizens of Philadelphia.

Stork Stays Away Seven Long Years

New Jersey has a childless town. That's due to win widespread renown—When Cupid comes along that way He lures the swains and maids away.

If Col. Theodore Roosevelt, of Oyster Bay, L. I., ever goes to the town of Herman's Corner, Warren county, N. J., the wave of righteous indignation that will vibrate thereabout will be felt all over the country, for the town hasn't had a birth in seven years.

During all of that time the stork hasn't stopped once to say so much as howdy-do to the inhabitants. The fact was stated recently at the Methodist Episcopal Conference at Newark by the Rev. Jacob A. Cole, superintendent of the Paterson district. Bishop Richard J. Cooke, of Helena, Mont., whose children are considered assets, was shocked.

Nothing will help the churches more," he said, "than to keep the cradles rocking." Dr. Cole explained that there were some childless couples at Herman's Corner, but that the chief trouble was that the young folk didn't care to stick around long after the minister had kissed the bride, but went to some other town to live.

Saving Lives

More Hiney Cases.—More complaints against illegal practices of Hineys in Cambria county are being filed at the Capitol. A general hearing for complaints from that section is likely.

Primary Date Off.—Among the curiosities of the period of filing petitions which reached the Capitol to-day was a card from a candidate who invited all his friends to vote for him on May 21. The primary will be ten days earlier, according to law.

Contracts Presented.—Contracts for years of public lighting were presented to the Public Service Commission to-day for approval, together with a number of applications for new water companies. No objection was made to the general electric contract for Elkwood was among those submitted.

Tonnall Health Talks

So Common—Yet So Dangerous—Tonnall the Remedy.

Stopping up the sewers of a city and keeping all the filth in them to breed diseases and pestilence is like constipation. When the bowels are clogged, the waste matter decays and ferments and enters the blood and is carried through the body causing headache, neuralgia, rheumatism and other ailments causing disturbances which lead to inflammation of the bowels, liver and kidneys.

The bowels should be kept free if a healthy condition of the human system is to be maintained. Constipation comes from neglect and will become chronic and when strong purgatives are used the intestines are weakened by the constant use of cathartics.

Tonnall acts on the liver, stimulates the secretion of bile, which digests the food, and assists the bowels to throw off the waste matter. Tonnall is a perfect remedy—the formula of well-known roots, herbs and barks your parents used years ago.

Tonnall neither sickens, weakens, nor grates, but as the bowels rest, restores health, and helps Nature to perform her duty. Tonnall is sold at Gorgas' Drug Store, Harrisburg, Pa., where the Tonnall chemist will explain its merits.—Adv.
