Fearing that he might be caught, Officer Fox reached in his pocket to deposit a card bearing a memorandum of the fact and in withdrawing his hand his sleeve tilted the holster at his side and the revolver fell to the pavement. Your Wrinkles Take Wings—In Ten Minutes!

Want to have those unwelcome marks of age, illness or fatigue disappear in a few minutes, before your very eyes? Just dissolve a teaspoonful of powdered tartrac in a teaspoonful of plain water, smooth this soothing emulsion over your face—then go to your mirror and see what happens! You will certainly have the surprise of your life. You will readily concede you have never seen or heard of anything that could cause so remarkable and quick a rejuvenation of face and features. While this simple home treatment has such a wonderful effect upon a wrinkled or saggy skin, it is altogether harmless. Its influence upon the facial tissues is decidedly beneficial. Tartrac is not to be confused with any cosmetic or make-up, for it is to be washed off in about a half hour, leaving no trace of itself. An original package, with complete directions, can be obtained from any druggist.—Advertisement.

ANIMALS TO GET THEIR OWN WEEK

Governor Issues Proclamation Urging Regard For the Beasts of Burden

The week commencing April 21 was to-day officially proclaimed by Governor Brumbaugh to be known as "Be Kind to Animals Week." The Governor took action in so designating the week and fixing April 21 as "Humane Sunday" at the request of organizations interested in animals. The proclamation is as follows: "Whereas, The American Red Star Animal Relief Association, with cordial commendation of the Secretary of War, worthily devoted itself to the important service of organizing all humanitarian agencies and leading the public mind to care for and treat humanely all animals, and whereas, This service is increasingly important now that horses and other animals are required to perform most valuable service in the war, and in the faithful discharge of duty duty to our people, and whereas, The laws of this Commonwealth commend us at all times to treat all domestic animals humanely and have laid upon the schools the obligation to teach the humane treatment of animals; now therefore, That all our people may with one accord be made to act as guardians of the rights of these friends of man and to observe scrupulously the spirit of our laws affecting the humane treatment of animals, I hereby call upon and urge all people in this Commonwealth to observe Sunday, April 21, 1918, as Humane Sunday. In churches, in Sunday schools and in other appropriate services let this subject be made the burden of the theme, having in mind the wonderful value of animals to the country when at war. Let the week preceding Sunday, April 21, 1918, be observed as 'Be Kind to Animals Week,' in press, in school, in discussion, let it be freely impressed upon all that a great people are always a kind people, that humane considerations, menaced in the war cry, must not be forgotten and that it is patriotic in a lofty degree to conserve the power and purpose that animals give so generously to those that love them and humanely care for them."
