But before giving up hope and de-ciding you are a chronic dyspeptic just try the effect of a little bisu-rated magnesia—not the ordinary commercial carbonate, citrate, ox-ide or milk, but the pure bisurated magnesia, which you can obtain from practically any druggist in either powdered or tablets with and see what a difference this makes. Who is there that is thrifty, but what has eyes open for the many little things that can be picked up at unusual savings in price? It is business and good business to be on the lookout for substantial merchandise at money-saving prices. A big store such as this does the same thing as the individual customer.

But in selling large quantities from day to day, there are always broken sizes, or remnants, or odd lots that cannot be replaced in same patterns, and innumerable articles that must be disposed of guickly to make room for other merchandise.

These are just as serviceable and desirable for those whose requirements call for these odds and ends, and the green tickets indicate these specials throughout the store on Fridays.
