COMMITTEEMEN TO SELL BONDS

Third Loan Campaign Will Be Conducted Like the Y. M. C. A. Drive

Arrangements for the Steelton drive to promote the Third Liberty Bond loan to be made April 21 to 27 will be completed at a meeting of the committee of businessmen to be held in the steel company's office probably Tuesday of next week. At this meeting a committee composed of 200 residents to do canvassing will be announced, it is understood.

The committee of businessmen in session yesterday afternoon decided to take this procedure after discussing ways and means of conducting the campaign. F. A. Robbins, Jr., chairman of the campaign, will appoint the committee of businessmen to the various sections with the assistance of several businessmen.

The campaign will be conducted along the same lines as that of the Y. M. C. A. drive. Each committeeman will be given ten men to ask for their subscriptions. This method worked so well in the Y. M. C. A. drive and committeemen believed they would follow out the same plan in the loan campaign.

Prior to the official opening of the campaign a mass meeting of committee members will be held. According to present indications the meeting will be in Frey's Hall next Monday evening. W. H. Nell, president of the People's Bank, is chairman of the committee in charge of arrangements for the meeting.

MONROVIA PORT U-BOAT TARGET; SHELLS WIRELESS

Subsea Craft, Sighting Steamship, Suddenly Ceases Firing and Gives Chase

Washington, April 13.—A German submarine of the largest sea-going type appeared in the port of Monrovia, the capital of Liberia, on the west coast of Africa, on April 10, and bombarded the wireless and cable stations there, the State Department has been informed in an official dispatch.

The submarine threw scores of shells from her deck guns into the wireless station, causing extensive damage. She had just turned her attention to the cable office when a steamship was sighted passing the harbor mouth. The submarine left in chase and did not return.

The information came from Robert C. Bundy, in charge of the American legation at Monrovia. The first message he sent indicated his belief the submarine would have no difficulty in completing her object of utterly destroying all means of communication with the outside world. A later message told of the sudden departure of the U-boat.

About six weeks ago the captain of an American merchantman reported to the Navy Department having sighted a similar boat in the South Atlantic.

Liberia is a negro republic with a population of between 1,500,000 and 2,000,000. It declared war on Germany April 4, 1917. Relations with the United States were severed by a German declaration of war on the United States and others, who had been accused of unneutral activities.

Liberia is roughly 4,000 miles from the submarine bases on the German or Belgian coast.

CUT OUT MEATS IF KIDNEYS ARE TROUBLING YOU

Uric Acid in meat excites Kidneys and Irritates the Bladder.

Noted Authority says we must flush Kidneys with Salts if Back hurts.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the kidneys, or if you feel a burning in the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervousness, or if you feel a general weakness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take it in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

SUBSCRIPTIONS PILE UP FOR LIBERTY LOAN

Two Towns Go Over

Reports received from Dunncannon and New Bloomfield this morning were to the effect that both towns were bought more bonds than they themselves had subscribed around each town have subscribed nearly all their quota.

The industrial committee and executive committee are to meet at the Harrisburg Club Monday night at 6.30 o'clock, and at that time some big returns are expected.

Members of the Industrial committee at this meeting will report not only the bond subscriptions made by employees of the various firms and corporations and stores in Harrisburg, but the subscriptions of the citizens themselves and their individual members.

It is the confident belief of the heads of the loan drive that not less than \$1,000,000 will be reported at Monday night's meeting.

Farmers Taking Bonds While they are not making a great noise about it, farmers in the majority of sections of the county and district are buying Liberty bonds. In one locality, however, it was reported to-day, the farmers refused absolutely to attend an organization meeting—and this locality was one in which the agriculturists, through the aid of particularly fortunate combination of industrial and agricultural stores, were able to market their products at a rate higher than prevailed in the majority of country districts.

The stores of William Strouse and Ben Strouse and the Douthett store to-day were added to the list of the 100 per cent establishments.

Five Canadian soldiers who saw service on the western front and were invalided home will be in Harrisburg for three days beginning Monday. Their schedule is as follows:

Monday, April 15—Lieutenant McCullum and Senator S. S. Leiby at Blair, Perry county; Canadian soldier and the Rev. Mr. Johnson, of Dunncannon, at Dauphin.

Tuesday, April 16—Canadian soldier and another speaker at Linglestown; Major Dickson, a Canadian soldier and another speaker at Camp Hill.

Wednesday, April 17—Lieutenant McCullum (Canadian) and another speaker at McCallisterville, Juniata county. Afternoon meeting—Lieutenant McCullum and another speaker at Port Royal, Juniata county. Canadian soldier and B. F. Barker at Halifax. Evening meeting—Major Dickson (Canadian) and another speaker at Enola.

JOHN ROSCOE GREYBILL The Lewistown Sentinel publishes the following obituary of John Roscoe Greybill, who died at his home, 1821 Market street, Saturday evening last and whose funeral was held Tuesday afternoon with interment at Carlisle:

Mr. Greybill was a resident of Belleville until April 2, when the family moved to their Harrisburg residence. He was associated with his brother and father in the milling business with the firm name of John D. Greybill and Sons. The Greybills came to Belleville about ten years ago from Carlisle. Ross, as he was commonly known, was a splendid young man and won a host of friends among the citizens of Belleville. He was very intelligent, a graduate of Dickinson College, cheerful in disposition and a good businessman. About three years ago his health failed and he was compelled to quit the mill. He went to New Mexico for his health and to Colorado, but with slight improvement. He gradually grew weaker until death came. He was a member of the Belleville Methodist Church. He leaves to mourn his father and mother, a brother, Harry, of Belleville, and a sister, Miss Florence, at home, and a half sister, Mrs. Haverstick, of Lancaster county. It is sad that such a fine young man with a bright and prosperous future should be called home.

Why Hair Falls Out

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, looser and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderine at any drug store for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff disappears and the hair stops coming out.
