

UNFURLING OF FLAG OPENS LOAN DRIVE

Major Gray in Charge of Ceremony at Ordnance Depot Field

With the unfurling of a large American flag to-day at the Ordnance depot field, near Middletown, was inaugurated a Liberty Loan drive that promises much interest and record results. With cheers and patriotic singing Old Glory was unfurled this afternoon at 12.30. Major William B. Gray, in charge of the construction of the Ordnance depot, presided at the ceremony. The flag was hoisted to the top of the staff, off went every hat, and the cheers that followed covered a period of nearly five minutes. This night will be the first of the series of Liberty Loan drives which will be held at the depot field. The first drive will be held at 12.30. Major William B. Gray, in charge of the construction of the Ordnance depot, presided at the ceremony. The flag was hoisted to the top of the staff, off went every hat, and the cheers that followed covered a period of nearly five minutes. This night will be the first of the series of Liberty Loan drives which will be held at the depot field. The first drive will be held at 12.30.

The big flagstaff was erected last evening in front of Major Gray's headquarters. To-day many participants with Major Gray and staff. First there was singing, then came a short address by Major Gray, during which he told of the history of the Liberty Loan drive and what it would mean to the soldiers "over there" to have the backing of all loyal United States citizens.

When the flag was hoisted to the top of the staff, off went every hat, and the cheers that followed covered a period of nearly five minutes. This night will be the first of the series of Liberty Loan drives which will be held at the depot field. The first drive will be held at 12.30.

The ceremonies were impressive and attended by upwards of 2,000 people, including many from the Ordnance depot. The address of Major Gray caught the crowd from the start, and the men were anxious to hear the speaker. Major Gray pointed out many interesting facts concerning the loan. The speech was a decided hit. He was interrupted frequently with prolonged cheers.

Cash turned in amounted to \$527. This represented a total of \$31,350 in subscriptions. This represented nearly per cent of the employees. The police and fire departments scored a 100 per cent in their subscriptions.

Another interesting speaker was Lieutenant W. P. Martin, commander of the Thirtieth Battalion Scottish Highlanders, who has been at the front and told some stirring tales.

Army Workers Make Good Showing
Yesterday was the first ideal day for a long time in Ordnance field, and the big army or workers made a good showing. One track is down running the entire length of the field and connecting with a large trestle. An engine has been secured and a crew will work daily. Cars will be run in from the main line to the Ordnance depot, unloaded promptly and sent back for more material.

The soft ground is being rapidly covered with a well-packed cinder and, in rainy days will not bring as much mud as in the past. A new roadway has been built from the railroad to the field. Cinders have been placed for the tracks and driveways. Large trucks and heavy machinery cannot move as rapidly as over a road roadway. Plans are now under way to make the necessary repairs at an early date, and to prepare a road having expressed a willingness to pay their respective parts of the expense.

The government will also do its bit, and Major Gray has prepared an answer from Washington regarding this work.

At the entrance to the field opposite the Jednota printers has been erected a large building to be used as an employment bureau. A small

Lemon Juice is Skin Beautifier, Also a Whitener

Many women use just the juice of lemons to bleach or whiten the skin, but pure lemon juice is acid, therefore irritating, and should be mixed with orchard white.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweet, fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to bring back to any skin the whiteness, the sweet freshness and flexibility of which it has been robbed by carelessness or trying atmospheric conditions.

building for the checking clerks has also been placed at this entrance. Major Gray and his forces occupy the old Farmhouse building. Adjacent to the offices of the James A. Black Masonry and Construction Company. Office buildings have also been erected next to the headquarters of Major Gray.

Stables have been erected at the eastern end, and the large barn in being used as a commissary department. At various points on the big field work has started on the warehouses and within a few days foundations will be down for at least six of the new structures.

Wells Brothers, contractors in charge of the construction of the aviation warehouses are breaking all records with their work. Orders were issued yesterday to have removed at once the dwellings on the property adjoining Ann street, in order that work may start on the second big warehouse.

Very little is known about the work across the river at Marsh Run. It is understood that Lieutenant Colonel Sawyer, superintendent of construction of the Quartermaster's Department, at Washington, is arranging for details for this contract, and that work will start soon. Major W. W. Weeks is spoken of to take charge of this work.

Nurses Training Board Powers Are Limited

Replying to a question raised by Dr. Albert E. Blackburn, secretary of the Pennsylvania State Board of Examiners or Registration of Nurses, William H. Keller, Deputy Attorney General, to-day gave it as his opinion that while the board adopted or complied with the board in the exercise of its discretion may refuse to approve it as a training school possessing of its necessary requirements for giving a pupil-nurse a full and adequate course of instruction. The opinion is the result of complaints relative to the training course. The Deputy Attorney General warns the board of the limitations of the law under which it operates and suggests that its recommendations should be carefully drawn and limited strictly to the matter referred to in the act.

Chamberlain Bill Would Hurry Sedition Trials

Washington, April 16.—A bill to bring all persons charged with violation of the espionage act under the jurisdiction of the military court-martial was introduced to-day by Senator Chamberlain, chairman of the Senate Military Committee.

The measure was referred to the Military Committee. A member of the Chamberlain announced that hearings would begin to-morrow. He declared one purpose of the measure was to expedite the trials of persons charged with sedition. Under the existing system, he said, a man could be indicted for making seditious speeches and, after giving bail, continue to make such utterances. "The war cannot be run in the criminal courts or by the Department of Justice," the Senator declared.

driving him back to his own trenches. The known enemy casualties include sixty-four dead, many wounded and eleven prisoners, beside a number of wounded who were dragged back to the German lines by their comrades.

The Germans attempted to deceive the Americans by appearing in front of the trenches and speaking French and English and also yelling "gas." The deception, however, was soon discovered and cost the enemy dearly. The American casualties were comparatively slight.

Numerous stories of individual bravery poured into the headquarters to-day. A young Italian, born in Pennsylvania coal mining town, killed one German and captured three. He saw eight Germans walking in a communication trench ahead of him, and although alone, he shot and killed one and ran after the others, capturing two and wounding some of those who escaped. He then returned to the American line and turned over the prisoners to a non-commissioned officer, and coolly asked for a match.

The officer jokingly said: "I'll give you a match if you bring in another prisoner." The Italian, who is only five feet four inches tall, took him at his word and went back over the parapet. He returned in less than five minutes, walking with drawn bayonet behind a six-foot German who was yelling "kamard, kamard."

A few minutes later it was reported that ten Germans were lying in a machine gun nest in No. 10's Land. The Italian started for the spot alone, but he was ordered back by the commander of the unit, who later sent a detachment of men to rout out the enemy, which they did.

EARLY WAR BULLETINS DEPRESS AT OPENING

Leaders Yield and Specialties Fall Back—Prices Harden During First Half Hour of Trading

By Associated Press
New York, April 16.—Wall Street.—War bulletins received in the financial district shortly before the opening of to-day's stock market, tended to depress prices moderately in the initial dealings. The leaders of the preceding session, including U. S. Steel, Crucible Steel, Baldwin Locomotive, Shipping, Reading, Oil and Alcohol, yielded the better part of a point, while specialties fell back under the reaction in General Motors, that stock losing 2 1/2 points. Prices hardened before the end of the first half hour. Liberty Bonds were steady.

The rally of the first hour extended from 1 to 2 points in Baldwin Locomotive, General Motors and a few miscellaneous issues. Pools resumed their operations in distillers, Linseed, Central Foundry, International Paper, American Ice and the Tobacco, U. S. Steel and Reading made up lost ground but another setback occurred later, a few minutes repeating or falling back early below low levels. The motor group was under exceptional pressure. Liberty 3 1/2's sold at 98.74 to 98.80; first 4's at 96.38 to 96.42 and second 4's at 96.24 to 96.40.

Vice Crusade Results in Transfer of Police

Philadelphia, April 15.—In connection with the vice crusade in this city, Mayor Smith to-day stated he has had the assistance of detectives from other cities in the cleanup work. He added they had given him valuable aid. It is said they obtained proof of police corruption and protection of vice. Police Lieutenant David Bennett was transferred from a Tenderloin district to one in the outskirts. Bennett is a defendant in the case growing out of the murder of a policeman during the primary election last fall.
