Tells Safe, Certain, Speedy Relier For Acid Indigestion

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of tensimply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as hearthurn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and neutralize the acid, and make ibland and harmless, a teaspoonful of bisurated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and inexpensive remedy to use.

An antiacid, such as bisurated magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisurated *fagnesia, the Windsor Hotel, in Wilson street, from John Dupes, who had been pro-

the Windsor Hotel, in Wilson street, from John Dupes, who had been proprietor for fourteen years. Mr. Stevens will take charge of same as soon as the license is transferred by the court.

The Third Liberty Bond committee is making preparations for the parade on Thursday evening. The Wincroft Stove Works, the hosiery mill, shoe factory and car shops are sending out special letters to all employes requesting them to take part. John Boughter, who had been stationed at Camp Corron Ga. has been the control of the co

mother, Mrs. 1da Romberger, Pine street.

Mrs. C. Y. Moore has returned home from a several days' visit to her mother, at Greensburg.

The Middletown Praying Band will meet at the home of Harvey Boyer, North Spring street, this evening.

The ladies Bible class of the Church of God, taught by J. B. Martin, will meet in the lectureroom of the church this evening at 7.30 o'clock. The Ladies Bible class of the Presbyterian Church will meet at the home of Mrs. J. W. Rewalt, North Union street, this evening.

misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoontul in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious compilications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble.
