

THREE NOTED MEN SPEAKERS AT BIG MEETING MONDAY

Bishop McDowell, Professor Fisher and Wm. A. Law Here For Rally

Bishop McDowell, of the Methodist Episcopal Church. Professor Irving Fisher, of Yale. William A. Law, president of the First National Bank of Philadelphia, and former president of the American Bankers Association.

These three prominent Americans are to be the speakers Monday night at a big meeting to be held in Chestnut Street Auditorium, where for the second time this year the war situation is to be discussed freely.

The Rev. Robert Bagnell, chairman of the committee having the meeting in charge, and pastor of Grace Methodist Church, this afternoon declared that Harrisburgers Monday night will have an opportunity of listening to three headliner lecturers and orators in one evening.

It is an opportunity rarely presented, said Dr. Bagnell, "Bishop McDowell needs no introduction. Professor Fisher is an authority on economics and is one of the most noted of the Yale staff. Mr. Law is a banker known throughout the country."

Whether or not it will be necessary to have tickets to attend Monday night's meeting depends upon the action of the committee in charge late to-day.

Urgent Call Goes Out For Motor Messengers

Mrs. S. F. Dunkle sent out a most urgent call to-day for motor messengers, women who will drive a car and thus render valuable service to the country.

The local organization will hold an important meeting in the basement of the Public Library Friday, April 19, at 4 p. m. to discuss this need and also recruiting home service and canteen work.

Any one who is able to help in this activity is requested to telephone Mrs. Dunkle, chairman, immediately, as help is needed now.

Dickinson Students Hear "Why We Fight Germany"

"Why We Are Fighting Germany" was the title of an oration delivered at Dickinson College last evening by Homer L. Kreider, which won the \$25 prize in the annual contest.

While in Central High school he won the Lambertson oratorical contest and was one of the debating team which captured the championship of Central Pennsylvania. He graduated from Central High in 1916.

Sergt. "Joe" Snyder Arrives in France

Joseph F. Snyder, serving with the American Engineers, has arrived in France, according to a card received by his father, Michael Snyder, of 318 South Fifteenth street, Snyder, before enlisting, was employed by the State Highway Department and is well known among the younger folks of the city.

CHIEF CLERK GARVIN BETTER

Philadelphia, April 18. — The condition of Thomas H. Garvin, chief clerk of the House of Representatives at Harrisburg, who is seriously ill at his home here, was better to-day. He was taken ill with a stroke of paralysis.

THIRD LOAN \$1,052,538,000

Washington, April 18. — New subscriptions of \$107,000,000 reported to the Treasury to-day sent the total Liberty Loan pledges over the billion mark to \$1,052,538,000.

CITY TO SHOW ITS PATRIOTISM WITH MUSIC

Ninety Per Cent. of Harrisburg's Clergy to Take Part in Ceremonial

WANTED: INVENTOR. Wanted: an inventor! The committee in charge of the "parade of flags" which is to be staged in Harrisburg Sunday afternoon seeks a way out of a serious difficulty.

Because of the tremendous crowd which will throng Market Square and of the fact that the ordinary or extraordinary public speaker would be unable to reach half-way through the crowd with his voice, it is desired that some inventor tell the committee in charge how to "fix things" so an orator may be heard to the last line of people.

Four Quotas Ready

Quotas were announced at noon by four of the six boards in the city and county. The First city and County board said they were not ready. The announced quotas follow: Harrisburg Board No. 2, seven men. They are: John Buehl, 1537 Berrhill; A. E. Fernandez, Oliver Hill Flow Works; Elmer G. Keim, 26 North Tenth; Grover C. Hain, 421 South Thirteenth; Charles K. McFarland, 1417 Zarker; Vincenzo Calio, 1108 Cedar avenue, Lebanon, and Henry A. Kohler, 1200 Walnut.

Harrisburg Board No. 3, seven men. They are: I. W. Lyons, Oberlin; John Heisberger, 1764 Cameron; Luther O. Grimm, 501 Munich; Truman B. Keener, 2541 North Sixth; David E. Fleck, 629 Schuykill; William M. Owens, 510 Curtin; Benjamin F. Gundersman, 244 E. Walnut. County Board No. 1, at Steelton, nine men. They are: John Herbert Houser, 713 South Union street, Middletown; Charles Coyle, Union and Market streets, Middletown; Levi Shickley, 451 Myers street, Steelton; Josiah T. Lenhart, 429 Orchard Place, Pittsburg; William Anthony Morris, 455 Lincoln street, Steelton; Walter B. Updegrave, 463 Swatara street, Middletown; Frederick Evans, 307 Bessemer street, Steelton; George E. Rice, 802 Wood avenue, Harrisburg; David G. McCann, R. F. D. No. 2, Middletown.

DRAFT BOARDS CALL MEN FOR SERVICE

[Continued from First Page.] apportioned to the boards according to the number of skilled men enrolled. The manner of induction virtually opens the way for volunteering for skilled men.

The quotas announced to-day are of white men for Camp Meade only. The order effects thirty-nine of the 235 men called from the city and county for the April 26 movement. The quotas of colored men for Camp Meade and white men for Camp Meade probably will be announced within a few days.

The orders to enroll all registered men who care to enter the Army in a branch of the service for which their civilian training fits them are contained in a communication from Provost Marshal General Crowder to the local boards. By this order, all registered men can make themselves eligible for the service at which they are most proficient.

CITY MUST WORK TO REACH QUOTA

[Continued from First Page.] the industrial committee workers to-day, but the last of these will have been received by to-morrow night. Chairman George S. Reinhold of the committee in charge has issued a letter to every member of that committee in which he urges the importance of immediate and complete returns of the names of the city this week published the names of those plants and their employees which had made purchases in the period ending Sunday at noon. On Saturday or Monday a complete list of such plants will be published, showing the amount of bonds purchased in all the stores, shops, mills, factories and railroad operations.

Al K. Thomas this morning notified headquarters in the Dauphin building that the East End Bank, on the Hill, has in the 100 per cent. class every employe of the concern having bought a bond.

Newville Repeats

The newspapers have told that the South with Newville, Cumberland county, reached 100 per cent. perfection. To-day came the word that the North ward of the borough has not only reached this mark but also honor flags will float over the town.

Canadians Have Left

After three strenuous days in the Harrisburg district in which they worked every minute of the time in their efforts to increase the sales of Liberty Bonds, the members of the Canadian expeditionary force have gone to their fields. They attracted much attention in the district and made a great impression wherever they spoke. Lieutenant McCallum and Sergeant Major Dixon went to Lebanon to-day. Lieutenants Reinville and Hersey to Lewis-ton and Private Vidler to Lock Haven.

These young men performed nobly and accomplished a great work in the Harrisburg district, said Donald McCormick to-day.

Private Vidler said last night that one of the most interesting audiences he had ever met before was that in Souther's store in Market street at 5:30 yesterday afternoon. As a result of the meeting the bond sales in Souther's were very numerous this morning.

Halifax Wants Flag

The bond sellers in Halifax say that town will be entitled to an honor flag for every minute of the time in their efforts. A meeting was held last night at which Lieutenant Reinville and E. B. Barker, of this city, were the speakers.

Steelton Gets Busy

Steelton is to have a big Liberty Loan meeting Friday night. The speakers are to be Major Maurice Connolly of the United States air service, second in command of one of the largest flying schools in the country. He is former United States congressman from Iowa and was released from camp for the period of the loan campaign. The other out-of-town speaker will be Sergeant J. J. Young, an American who enlisted in the Canadian Overseas force in 1914 and spent thirty-eight months with a Canadian battery in Belgium. He has been on this side for only a month. He was wounded several times, and gassed, on the Belgian line.

Dauphin Doing Well

The Dauphin district will very likely get an honor flag if the efforts of George Dennison and his workers meet with a response equal to the efforts they are making. Mr. Dennison is not only selling bonds, but has bought several thousand dollars worth.

Reports from the Pennsylvania railroad Liberty Bond committee to-day show a total of 2,887 subscriptions, for an amount of \$24,700. Dauphin county employees contributed \$24,700; Dauphin county, \$113,800, and Perry county, \$4,350.

At noon to-day the Pennsylvania railroad shops had passed \$151,000, in subscriptions. There is a spirited competition between the workers and trainmen. Committeemen work day and night and report daily at noon, and 6 p. m.

The big parade at Columbia to-night will include at least 200 Harrisburgers. Paul L. Barclay, captain, in charge of the Philadelphia division, to-day assigned Lieutenant E. J. Cranford and a squad of officers to head the Harrisburg division which will be given the right of line in to-night's parade.

Hill Employes Buy Liberty Bond selling on the "Hill" has been under the direction of Flavel Wright, who this morning declared the response there very encouraging. In the State Workmen's Insurance Fund, Albert L. Allen captain, incomplete returns show sixty-five subscriptions among seventy-eight employes, three subscriptions partially completed, four employes financially unable to buy and one employe "holding over." Only one

employe refused to subscribe without an apparent reason and his case will be investigated by the Public Safety Committee.

Liberty Bonds are the real weapons for Victory

We have made a start on the long, hard road to Victory. Our men are fighting at the front in France. Our American industries have accomplished prodigious results in building up a war machine to furnish munitions and supplies. But we have only begun. We must do more and more. This is not a war of armies but of nations in which every citizen must do his part. Every worker in our industries is truly fighting in this war. Every man, woman and child who gives of substance and savings is adding to the national power. The foundation of all our vast war-making machine is the Liberty Loan. Money is needed to build more and more ships; to furnish food and guns and powder and transport and airplanes; to raise and equip new armies. We must oversubscribe this Third Liberty Loan and do it quickly. We must show the courage that is in us. We must show a cheerful willingness to make sacrifices for our boys in the trenches.
