

NEWS AND NOTES OF THE BOY SCOUTS

TROOP TWELVE ENTERTAINS DADS

Boys Show Fathers How Much They Have Accomplished

Troop 12 had a father and son night last Monday. An attractive program was arranged by the scouts. It consisted of the reading of the First Psalm, followed by the Lord's Prayer. The troop repeated the oath of allegiance to the flag. Scoutmaster Zimmerman gave a talk, followed by short talks by various scouts on the scout oath and law, as follows: "Origin of Scouts," Scout Yeager; "Scout Law," Scouts Ward, Osman, Stoner, Melvin, Yungel, Carl, Hiltelbel, Manges, Swanson Yeager, R. Troup and D. Troup.

The scout oath, history of American flag and form of respect due to it, sign, salute, significance of scout badge were discussed by Scouts Hiltelbel, Meadath, R. Troup, Carl and Melvin. Elicker spoke on good turns and Menter talked on what scouts are doing for America. Smith gave the sixteen principal points of the compass. Scouts or Hanson, Hawthorn and Manges demonstrated signaling, while Scouts Hawthorn, Yeager, D. Troup and Smith showed how first aid is administered. Scouts Stoner and R. Troup demonstrated the firearms lift. Manges showed how to give artificial respiration. Scout Meadath fooled the fathers by imitating fainting. There were about twenty-five scouts out. From now on Fred P. Haehlein, acting assistant scoutmaster of Troop 6, will have charge of the troop owing to D. Zimmerman accepting a commission in the Army. Dr. Zimmerman was a personal friend of every boy and will be missed.

TROOP EIGHT HAS GOOD MYSTERY

"Watch the Unit Grow" Is New Slogan of Boy Workers

A very spirited meeting was held on Monday evening. At this meeting a great secret was given out to the members. The meeting was about three-quarters over, when the secret was ushered into the room by the "spirits." The secret is in the form of a present, and to win the present, it will require hard work. The fellows will have to produce the goods in the shape of obedience, conduct and discipline. We intend to work hard to win this present and expect to succeed.

On Tuesday evening the patrol leaders held a meeting for the purpose of an evening of good time to be held in the near future. They arranged a program of games and contests for the members. The meeting was a checker tournament will start between the four patrols; each will be represented by a team to be picked in the near future. At this time there are eighteen fellows on the squad.

The baseball squad had a workout on Tuesday evening under their new coach. At this time there are Seventeenth and Chestnut streets. The bicycle club has planned for a ride on Saturday. They will leave about 8 o'clock for parts unknown. A large turnout is expected and hoped for.

Cow Looked on World From Telegraph Line

Here's a cow that fell through telephone wires, and didn't climb up the pole, either! Incidentally, the connections on that particular line for several hours.

Linemen of the American Telephone and Telegraph Company were called the other day to find a break in one of the most important trunk lines. After several hours of search in the midst of a driving rain, the trouble was finally discovered.

A cow, grazing on the top of an embankment at the top of a railroad cut, had neglected to remember that wet ground is treacherous. The embankment caved in, the cow rolled down the embankment, breaking through the telephone wires on the way down, and telephone subscribers cursed their luck in being unable to get central for several hours.

Another break was caused yesterday when a farmer cut a tree, which fell through the wires. Linemen were at work for several hours remedying the trouble. "If we'd have known that he was going to cut down that tree, we'd have sent a bunch of men to help him get it away from the lines," said a telephone official, commenting on the incident.

Still Playing Hard on Basketball Floor

Troop 21 is still alive and doing nicely. It's about time to close the basketball season but Troop 21 is still hard at practice. The troop plays Boas Street Grammar School All-Stars this evening. It promises to be a fine game as the All-Stars are reported to be fast men. The lineup for Troop 21 will probably be:

Thompson, f.

Boyer, f. M. Sadler, who has just returned from a trip to Tampico.

TEUTON MUTINEERS ARE SHOT

Amsterdam, April 19.—A dispatch from Eindhoven says that another mutiny broke out at Beverlo camp, in the province of Limbourg, Belgium, among the German troops when ordered to the British front in France. A number of the mutineers were shot, the dispatch adds, but the resistance continued.

TROOP SIX DEFEATS THIRTIETH ON FLOOR

Last Tuesday night the basketball team of Troop 13 met defeat at the hands of Troop 6. This game was fast and waxed somewhat at times. Right after the start of the second half one of the players of Troop 13 started a fight with one of the boys of Troop 6. Both players were taken out of the game. The game was close during the first half with a score of 8 to 5 in favor of Troop 6, but during the second half Troop 6 steadily increased their lead and were never threatened. The final whistle blew with the score at 25-19 in favor of Troop 6. The lineup and summary:

STUDY FIRST AID

At last week's meeting of Troop 21, Scoutmaster Swope gave a talk on first aid and read a letter from Chief Scout Executive concerning the Third Liberty Loan. Charles Parsons took his tenderfoot examination and evening examinations will be given in first aid.

Women! It's Cheap! Use Lemon Juice and Make Lotion

To keep your skin and complexion naturally soft, white and clear at all times you simply must use a lotion or cream every day. But choose the one that is best and costs the least. The Juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable beauty lotion at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier. Just try this lotion! Make up a quart pint of this sweetly fragrant cream and massage it into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the hidden roses and beauty of your skin.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.

No Humbug! Lift Off Corns

Doesn't hurt a bit to lift a corn or callus off with fingers

For a few cents you can get a small bottle of the magic drug freezeone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezeone. Apply a few drops upon a tender, aching corn or callus. Instantly, yes, immediately, all soreness disappears and shortly you will find the corn or callus so loose that you lift it out, root and all, with the fingers.

Just think! Not one bit of pain before applying freezeone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns, or corn between the toes, also all kinds of calluses on bottom of feet, just seem to shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on your dresser and never let a corn or callus ache twice.

NINE AMERICANS SLAIN IN TAMPICO

New Orleans, La., April 19.—"Nine Americans were killed in Tampico on April 5 and 6, and four of them were killed on the same floor of the hotel in which I was on the night of April 5," this was the news brought here by Captain F. M. Sadler, who has just returned from a trip to Tampico.

Methodist Sunday School Drive Making Progress

The Methodist Sunday school drive is going better than any one could have hoped, the committee report. The grand total read a letter from the chief executive thus far. The drive is being organized and working in the central part of this state. All of the city schools and vicinity will have been organized by the end of the month. The scholars grouped according to ages and as soon as local equipment permits these departments will be organized and run by teen-agers themselves under sympathetic and tactful adult supervision.

Methodist Sunday School Drive Making Progress

Speaking of the success in interesting the young, Mr. Keboch said today: "Teen age department work is the outstanding drive of the new day. Methodism is pioneering the way in this drive in America. There are already twenty such departments organized and working in the central part of this state. All of the city schools and vicinity will have been organized by the end of the month. The scholars grouped according to ages and as soon as local equipment permits these departments will be organized and run by teen-agers themselves under sympathetic and tactful adult supervision.

"It will be a long stroke toward better leadership for the period after the war when all Sunday schools are awake to the fact that we learn to do by doing. Boys and girls are taught to pray; they assume the responsibility of leadership and run their department with marvelous skill."

FOSTER'S SONGS LIKED MOST BY SOLDIERS

Grace Humphrey, who tells in Everybody's Magazine how Uncle Sam is building up a singing Army, says our soldiers will have none of the so-called patriotic song that smacks of commercialism. They used only "America," "The Star Spangled Banner" and the "Battle Hymn of the Republic."

"What songs do they really like? Songs that give the feeling of brotherhood and comradeship, that express endearing sentiments of their country and of their home life in that country. The Stephen Foster songs are perhaps the best example of such popular. They are: 'Old Black Joe,' 'Swanee River,' 'My Old Kentucky Home.' They like 'Keep the Home Fires Burning' and 'The Long, Long Trail.' 'Annie Laurie' and 'Auld Syne' alternate with 'Over There' and 'Pack Up Your Troubles.'"
