ONE LAND, ONE FLAG AND BUT SINGLE TONGUE

Bishop Darlington Offers Resolution to Eliminate German Language in Nation

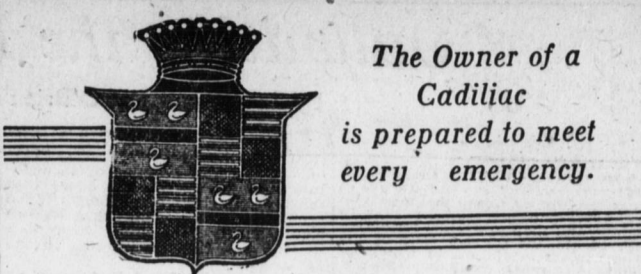

Philadelphia, April 20.—A resolution calling for elimination of the German language from the public schools and other public institutions throughout the United States was adopted unanimously last night at the adjourned triennial meeting of the General Society, Sons of the Revolution, at Congress Hall. Copies of this message against German "Kultur" will be sent by the society to college presidents and superintendents of schools in every section of the United States.

The resolution, offered by Bishop James H. Darlington, of Harrisburg, states that there should be "one land, one flag and one language." The 100 delegates in attendance vigorously applauded the prelate during his tirade against foreign languages, especially German.

"I am in favor of having only one language in this country," said Bishop Darlington, who is vice-president of the Pennsylvania Society, "especially in the public schools and other public institutions of learning. This seems to be a good time to prepare ourselves. There is a strong feeling against the German language and it is particularly strong about this country."

"I feel that there should be one land, one flag and one language. I don't think the French people desire that their language should be taught in our public schools. The German language should be kept out of the parochial and public schools, where a great deal of disloyalty now exists. Applaud Louisiana Patriot "Certain superintendents of public schools have told me that the German language would be a great help to us in the mercantile line at the close of the war. I think that we can do without it. Some German books that I have read teach close to disloyalty and endorse German propaganda. The time has come when we must be out-and-out Americans and everything in our power to help our boys at the front. Fifteen members of my family have volunteered. I now move that there be only one land, one flag and one language."

"DON'T WORRY ABOUT US" Sellersville, Pa., April 20.—Private Ralph H. Whitmer, of Salem, and Private Frank S. Atlinger, of Chambersburg, who are in active service with Susquehanna Usack Unit, No. 74, in France, have written home to their parents saying: "Don't worry about us; we are well fed and cared for. The bread there is made of whole wheat and is a yard long by three inches thick. The section has twenty ambulances, a touring car and truck. The Owner of a Cadillac is prepared to meet every emergency.

In the strenuous days ahead of us the owner of a new Cadillac will be considered very lucky.

Uncle Sam thinks very well of the Cadillacs and is purchasing them in large quantities.

The more Cadillacs the Government takes, the fewer there will be for private ownership.

At the present time we can give definite delivery dates on a limited number, but you are taking a chance if you do not order at once, as this condition will last but a very short time.

Why not get the car now that you can depend on for satisfactory service for the duration of the war.

CRISPEN MOTOR CAR CO. 811-815 S. Cameron Street HARRISBURG, PA.

This Reo Six—\$1550 —Is the First Choice of the Connoisseur

THE MORE EXPERIENCE you have had with motor cars, the more will you appreciate this Reo.

THE MORE YOU KNOW about mechanical principles, the more will you see here of mechanical excellence to admire.

THE LONGER YOU HAVE driven a motor car, the more will you find to approve in the handling of this Reo.

IF YOU AGREE that an excellence in the ensemble can be obtained only by excellence in every smallest detail, this Reo Six will appeal to you.

THE CLOSER YOU STUDY the chassis construction—details of design and of construction—the greater will be your admiration and your confidence.

FOR THIS SIX is built for men who know. THE PERCENTAGE of "brand new" motorists is very small among Reo buyers.

THE TYRO sees only the superficial. THE EXPERIENCED looks below the surface—and especially does he search for a weak link in the chain.

HE DOESN'T WANT a car that is good only in spots—he demands uniform excellence.

AND HE FINDS that quality in this Reo Six.

HE FINDS ANOTHER quality—the logical result of the other; namely low upkeep—lower than can be shown by any other car of seven passenger capacity and of similar size and power—bar none.

OUR PROBLEM this year is to supply the demand. And it is an impossible problem. Only those who order early can hope to obtain Reos.

IF YOU WILL HELP by deciding now and placing your order, we can promise you a reasonably early delivery of the car of your first choice—a Reo Six.
