School Boards Foresee Shortage of Teachers

Fearing a repetition of conditions in the county this September, a number of the district school boards have already secured teachers for the 1918-1919 season. Last fall there was a shortage of teachers, some of the districts not opening their schools on time because of inability to secure competent instructors.

Yankee Soldier Kills Seven Before He Is Overwhelmed

Washington, April 24. - Here is the story of a fighting American soldier, son of "Doctor David, near Cleo, S. C." He was "overwhelmed by the Boches, but he had a pile of human flesh in front of him," according to a cablegram from the soldier son of International Revenue Commissioner Roper. He fought like a tiger, accounted for seven Boches with his pistol and then was fighting with an empty rifle when struck from behind by a machine gun.

Roper's son said, "Your faith is well placed in the American soldiers. They have the endurance of the English, the charge of the French, and the pep that belongs to Americans alone."

Young Roper reported the number of men "killed through their own carelessness and recklessness" is surprising. He mentions a friend who died that way. He then spoke of the son of Doctor David, "who met a different death - a glorious one - it was necessary."

Japan's Foreign Minister, Viscount Motono, Resigns

London, April 24. - Viscount Motono, Japanese Minister For Foreign Affairs, has resigned, says Reuter's dispatch from Tokyo.

The question of Japanese intervention in Siberia probably led to the withdrawal of Viscount Ichiro Motono from the foreign ministry, of which he had been the head since November, 1916, when Count Teruchi formed the present cabinet. There have been reports recently that Viscount Motono might resign in connection with the Siberian situation, but explanations of such a possibility were scanty.

GIVES INFORMATION Col. H. C. Demming conferred to-day with the county commissioners on their plans for assessment of all coal lands in Dauphin county. Col. Demming brought with him information collected while making investigations to determine the various kinds of mineral substances to be found in Dauphin county.
