

HANGARD IN WAR JUGGLE LOST IN END

Germans Concentrate Efforts During Night Around Village Which French Lose

Paris, April 25.—The Germans have captured the village of Hangard, on the front southeast of Amiens, the war office announced today.

The statement follows: "The battle continued with violence throughout the night in this sector. The French lost Hangard, recaptured it, and finally were again forced out of the town, but are holding the ground immediately around it."

"On both banks of the Avere the artillery fighting continues with violence. The French made several successful raids, especially south of Couchy Le Chateau and in Lorraine. We took a number of prisoners. The artillery fighting was very active in the Weverre, in the region of Flirey and Rogeville."

22 TRAINS FOR STATE'S QUOTA

Arrangements Completed For the Start of the Movement to Camps Tomorrow

Twenty-two special trains will be required to move the men drafted for the National Army from Pennsylvania to the three camps to which the state is tributary in the movement which will start to-morrow.

Sixteen trains will be run to Camp Lee, taking men from all over the state, commencing to-morrow. One train will be run to Camp Sherman from western counties to-morrow, but there will be three trains for white men for Camp Meade and two for colored men for the same camp.

The bulk of these trains will start from Philadelphia or Pittsburgh or starting at Erie, Harrisburg, Scranton, Indiana, Lock Haven and other points.

Grade Crossings—The Public Service Commission has arranged to continue hearings on complaints for the abolition of grade crossings and each one will probably be determined upon its importance.

Governor to Speak—Governor Brumbaugh will speak at Philadelphia to-morrow on the food conservation movement and plant a Liberty tree and on Saturday will review the Liberty parade.

STEELTON DISTRICT GOES "OVER THE TOP"

Officials Hope to Pass the \$500,000 Mark by This Evening

Steelton district at noon to-day went "over the top" in the Third Liberty Loan drive according to unofficial reports. The total subscriptions at the end of yesterday's business amounted to \$383,950, and the sales at noon were coming in so rapidly that officials were confident that the district has furnished its allotment with a large number of additional subscriptions.

Subscriptions to the loan were coming in with such rapidity late this afternoon that bank officials predicted the total amount this evening to be more than \$500,000.

Superintendents of the various departments of the steel plant this morning reported that the campaign was going along exceptionally well and that committeemen would have reports to make by to-morrow evening.

Announcement was made last evening by Scoutmaster McCoy, of Troop 1, Boy Scouts of America, that all arrangements have been completed to start the clean-up drive on Saturday morning.

Plans for a "get-together" meeting of steel plant superintendents foremen and officials to be held here on May 15 are being outlined by the safety department of the local steel plant under the direction of W. E. Chick, head of this department.

Girl Finds Lost Watch; Revealed by a Dream

Charlotte, Mich.—As the result of a dream, Miss Bessie Burns, an employee of the Eaton Rapids Woolen Mills, has found a gold watch she lost several weeks ago.

Miss Burns advertised the loss and had given the time piece up for lost, when she had a dream one night that the watch was secreted among a bunch of papers in a filing cabinet at the mill. She told this to her parents the next morning, but they laughed at her. However, the dream was so vivid that she looked in the filing cabinet and found her timepiece just as it appeared in her dream.

PACIFIC HOUSEHOLDERS

Philadelphia, April 25.—None of the families here will have to vacate their homes, despite the notice from

Francis T. Bowles, assistant manager of the Emergency Fleet Corporation, that they would have to move to make room for Hog Island shipbuilders. Assurances of this came from Charles M. Schwab, new head of the shipbuilding program, to-day.

Let's Show America What "Harrisburg" Can Do

Over there in France our boys are going over the parapet, giving their lives to the cause.

None of them is saying: "I went over last month, that's enough," or "I'll wait and see whether I'll fight to-day."—They are giving life itself and ungrudgingly, so that you and I and all of us can live in freedom.

So What Are You Going to Do to Help the Boys?

All YOU are asked to do is to loan your money to Buy Liberty Bonds, for which you're paid interest; do it now, to-day.

Money itself has no intrinsic value. Its only value consists of what it can give us — of what it can do to make life more liveable — Just now we can make our money count for most if we let the government use it for us — There isn't one of us but can lend part of his savings or his earnings to the government and say:

"Invest this for me--fight the war to the finish — Do my part in making the World Safe for Democracy. That's All I ask."

Our subscription to the Third Liberty Loan is going to show that the citizens of Harrisburg are one-hundred per cent. loyal —Let's oversubscribe our quota.

The Nation on a War Basis

From the beginning of the war the Bell System has supplied promptly and effectively the countless needs of the Government for telephone equipment and service. Yet, despite the unprecedented demand from private sources, a universal service has without interruption been maintained by a program of construction never before equalled and by an expansion of the operating forces to meet each added volume of traffic.

America's giant task of preparation could not be complete without an adequate communication system. Over ten million Bell Telephones are now at her disposal.

"Autocar Gives Best Service"

"The Autocar motor truck gives the best service, covers more ground, and is in every way the most economical truck to run" -- the opinion Mr. J. Davey, president of Mellet the Meat Man, Inc., of Scranton, has of the Autocar.

The Mellet Company has been operating Autocar trucks for five years. "Our first Autocar, delivered to us in 1912, is in good condition, running every day," says Mr. Davey.

Motor trucks today are a necessity. Investigate the Autocar for your business at the Eureka Wagon Works, 616 North St., Harrisburg.
