

*Earn the right to stay at home—plant a garden!*  
**- TEN MILLION -**  
**WAR GARDENS**  
**AMERICA'S VITAL NEED THIS SPRING**

**What About That Vacant Lot?**

*Will You Leave It Idle?*

Your Country Needs It and Calls for YOU to plant it and make it produce FOOD. Will you do it? Every foot of soil fit for that use should be made to produce food. If you have a yard, large or small, back or front, or if there is a vacant lot near you, it should be conscripted in this fight for food. The more food you grow for yourself during the summer and for canning for winter, the more grain and meat foods you are releasing for those doing your fighting for you.

**Have a Garden! Grow Vegetables!**

**To Grow the Best Crop**

You must put food for the plants in the soil.

FERTILIZE YOUR GARDEN with

**Wizard Brand Pulverized Sheep Manure**

Every atom of it is pure plant food, nature's best fertilizer for every crop—Corn, Oats, Potatoes and all other crops—guaranteed one hundred per cent. pure and no weeds. Four carloads just arrived. Get it now.

PRICES — Ton, \$45.00; ½ Ton, \$23.00; ¼ Ton, \$12.00; 100 lbs., \$3.00; 50 Lbs., \$1.75; 25 Lbs., \$1.25; 10 Lbs., 50c; 5 lbs., 35c.

**Remember This!**

**You Cannot Make Any Kind of Food**

**You Must Grow It**

*Remember This Also!*

*You Cannot Grow Food Next Winter*

*You Must Grow It Now*

*And Enough to Last For a Full Year*

FACE THESE FACTS—Our army is to be increased to 5,000,000 men. A large percentage of them are food producers, either on farms or in suburban and small towns everywhere. They will stop producing but will continue to eat to live. Our grain crops must be used for them.

Our allies are calling to arms all men up to fifty years. We must feed them. Millions of bushels of wheat will be necessary to feed our own and our allies' armies. Keep in mind the fact that the other nations at war are on "bread cards." This may come to us next winter; if so, it will mean a certain amount of bread for you per day, no matter how much money you have.

It is also a fact that most of last year's corn crop is unfit for planting—although perfect in appearance the germ did not develop and it will not grow. Many farmers are sure their corn will grow and are not testing it—this may mean a short corn crop.

**WHAT WILL YOU DO IF FOOD CROPS ARE SHORT?**

LOOK AHEAD — PREPARE NOW — HAVE A GARDEN

Shelves Full of Canned Vegetables — Bins Full of Potatoes  
 May Look Better Than Gold Next Winter

**To Have a Successful Garden It Is Important That You Plant**

**Schell's Quality Seeds**

THEY GROW BETTER

THEY YIELD BETTER

THEY ARE ABSOLUTELY THE BEST

Our 64-page seed catalog tells you the best varieties to plant and when and how to plant them. It is a complete garden guide, and it's free. We want you to have a copy.

**Victory Depends On Whether We Hold the "Trench" Crops**

*First "Trench"*

**Is the Oats Crop**—of great importance to our food supply. We may hold it until near harvest time—rain storms may take it—then

*Second "Trench"*

**Is the Corn Crop**—Very essential for home food, we depend largely upon it—But non-germinating seed may mean half a crop. (Test your corn before planting or get good seed corn that has been tested.)

*Third "Trench"*

**Is the Wheat Crop**—We must hold it—but if it gives way at some points?

**What Then**

There Is Only One Thing That Will Save US — and That One Thing Is

**A Big Crop of Potatoes**

FARMERS! GARDENERS! Grow potatoes for your country's sake—for your own sake grow all you can of them. Remember the surplus and present low prices will have faded away by next fall—and the fact that many are not planting because of present low prices indicates very profitable crops to those who will grow them.

**Grow Potatoes GROW MANY OF THEM**

**We Have Everything For Your Garden**

Rakes, Hoes, Shovels, Spades, Wheelbarrows, "Planet Junior" and "Iron Age" Hand Cultivators and Planters

NORCROSS HAND CULTIVATORS—5-prong, \$1.00; 3-prong, 75c; "Midget" 9-inch handle ..... 35c
